SHANIYA MACIAS

The Gospel of Jesus Duncan Baird Publishers

Gain insight into the historical context and major themes of the Gospel of Philip and a deeper understanding of its overarching message: Deciphering our own meaning behind the symbols of this world increases and enriches our understanding of God.

Routledge

A REBEL AGAINST ROME Simon of Gitta, an escaped slave turned magician, roves the Roman Empire battling dark magic and demons, all the while pursued by Caesar's soldiers. Join Simon as he flees across the ancient world evading cultists and Legionaries, outwitting sorcerers and Centurions, and fighting gladiators and gods, even the deities of the Cthulhu Mythos. Yet all these foes cannot prepare him for his greatest challenge: the pursuit of his lost soul-mate Helen, a love so deep even death can't stand in its way for long. These stories were one of the inspirations for the Cthulhu Invictus campaign for the Call of Cthulhu role playing game by Chaosium. Enjoy sixteen stories combining superbly researched historical fiction with sword & sorcery and Lovecraftian horror, including: The Sword of Spartacus The Fire of Mazda The Seed of the Star-God The Blade of the Slayer The Throne of Achamoth The Emerald Tablet The Soul of Kephri The Ring of Set The Worm of Urakhu The Curse of the Crocodile The Treasure of

Horemkhu The Secret of Nephren-Ka The Scroll of Thoth The Dragons of Mons Fractus The Wedding of Sheila-Na-Gog The Pillars of Melkarth Vengeance Quest (poetry)

The Alchemical Mercurius Lulu.com

DO NOT BUY THIS BOOK IF YOU OWN THE "Trilogy" or ATS: Book 2, its primary source. (This, the fifth book in the Awakening The Soul series, is the story of the discovery of the suppression of almost all the traits of our spiritual nature by those who should have been protecting and enhancing them. By the time you get to the end of this book, you will understand what Western Religions have done to the world. This realization grew to the point where it became obvious this most vital information needed a wider, more immediate audience for greater exposure than just to those actively seeking spiritual awakening. These historically-documented truths, many presented here for the first time, are something every contemporary Christian, Jew and Muslim should know.)

Awakening the Soul Bloomsbury Publishing

Gnosticism developed alongside Judeo-Christianity over two thousand years ago, but with an important difference: It emphasizes, not faith, but direct perception of God--Gnosticism being derived from the Greek word gnosis, meaning "knowledge." Given the controversial premise that one can know God directly, the history of Gnosticism is an unfolding drama of passion, political intrigue, martyrdom, and mystery. Dr. Hoeller traces this fascinating story throughout time and shows how Gnosticism has inspired such great thinkers as Voltaire, Blake, Yeats, Hesse, Melville, and Jung.

Kosmischer Tanz iUniverse

The "Lost Gospels" refer to the Dead Sea Scrolls and the Nag Hammadi Library, both discovered in the 1940s. The Nag Hammadi Library consists of writings found by two peasants who unearthed clay jars in 1945 in upper Egypt. These did not appear in English for 32 years, because the right to publish was contended by scholars, politicians, and antique dealers. The Dead Sea Scrolls, discovered in clay jars in Palestine by a goat herder in 1947, weathered similar storms. The first team of analysts were mostly Christian clergy, who weren't anxious to share material that frightened church leaders. As Dr. Hoeller shows, they rightly feared the documents would reveal information that might detract from unique claims of Christianity. Indeed, the Dead Sea Scrolls and Nag Hammadi Library both contradict and complement accepted tenets of the Old and New Testaments. As to the connection with Jung, Dr. Hoeller states, "Jung knew that the one and only tradition associated with Christianity that regarded the human psyche as the container of the divine-human encounter was that of the Gnostics of the first three centuries of our era. For this reason he called for a renewed appreciation of this ancient tradition, and particularly for a return to the Gnostic sense of God as an inner directing and transforming presence." Dr. Hoeller goes on in his preface, "His sympathetic insight into the myths, symbols, and metaphors of the Gnostics, whom by his own admission he regarded as long-lost friends, continues as the brightest beacon of our day..." Chapters include such topics as Sainly Rebels: The People of the Scrolls, The Dancing Savior: The Myth of the Gnostic Christ and The Secret Sayings of Jesus: The Gospel of Thomas. The book also includes a thorough notes section as well as an index.

Jung's Answer to Job Schwabe Verlag (Basel)

Dreaming the Myth Onwards shows how a revised appreciation of myth can enrich our daily lives, our psychological awareness, and our human relationships. Lucy Huskinson and her contributors explore the interplay between myth, and Jungian thought and practice, demonstrating the philosophical and psychological principles that underlie our experience of psyche and world. Contributors from multi-disciplinary backgrounds throughout the world come together to assess the contemporary relevance of myth, in terms of its utility, its effectual position within Jungian theory and practice, and as a general approach for making sense of life. As well as examining the more conscious facets of myth, this volume discusses the unconscious psychodynamic "processes of myth", including active imagination, transference, and countertransference, to illustrate just how these mythic phenomena give meaning to Jungian theory and therapeutic experience. This rigorous and scholarly analysis showcases fresh readings of central Jungian concepts, updated in accordance with shifts in the cultural and epistemological concerns of contemporary Western consciousness. Dreaming the Myth Onwards will be essential reading for practicing analysts and academics in the field of the arts and social sciences.

Gnosticism Author House

An uplifting study of Jesus, his times and his teaching

The Dove in the Consulting Room Routledge

Greeted with controversy on its publication, Answer to Job has long been neglected by many serious commentators on Jung. This book offers an intellectual and cultural context for C.G.Jung's 1952 publication. In Jung's Answer to Job: A Commentary, the author argues that such neglect is due to a failure to understand Jung's objectives in this text and offers a new way of reading the work. The book places Answer to Job in the context of biblical commentary, and then examines the circumstances surrounding its compositions and immediate reception. A detailed commentary on the work discusses the major methodological presuppositions informing it and explains how key Jungian concepts operate in the text. Jung's Answer to Job: A Commentary unravels Jung's narrative by reading it in the chronological order of the biblical events it analyses and the book to which it refers, offering a comprehensive re-reading of Jung's text. An original argument put across in a scholarly and accessible style provides an essential framework for understanding the work. Whilst taking account of the tenets of analytical psychology, this commentary underlines Answer to Job's more general significance in terms of cultural history. It will be invaluable to students and scholars of analytical psychology, the history of ideas, intercultural studies, comparative literature, religion and religious studies.

The Gnostics Clear Press Ltd

At the threshold of the 21st Century many people are faced with a spiritual dilemma, where neither secularism nor religion seem adequate. The Psychology of Mature Spirituality addresses this dilemma. In each of the book's three sections - integrity, wisdom, and transcendence - distinguished contributors describe and analyse a mature form of spirituality that will be a hallmark of future years. This timely volume will appeal to those involved in psychology, psychoanalysis and religious studies.

The Lost Gospel Quest Books

An examination of the early, mysterious Essene community at Qumran that links it with John the Baptist, Jesus, and the beginnings of Christianity • Offers an eyewitness account of the final burial place of John the Baptist • Makes the case that Christianity grew out of a form of monotheism first formulated by the Egyptian pharaoh Akhenaten • Includes physical and photographic evidence never before published In his earlier book The Mystery of the Copper Scroll of Qumran, Robert Feather analyzed the Dead Sea Scroll engraved on copper that is considered the work of the secretive, devout Jewish sect known as the Essenes, who lived at Qumran around the time of Jesus. To continue his research into the Essene community's way of life and how its beliefs may have influenced the beginnings of Christianity, he met with Father Jozef Milik, one of the scholars who worked on deciphering the Dead Sea Scrolls in the 1950s. Feather learned that during Milik's work somewhere near the Qumran ruins, he had excavated a headless corpse that he believed to be that of John the Baptist. Feather presents persuasive, powerful evidence illustrating the strong link between the Qumran Essenes and New Testament teachings and showing that both John the Baptist and Jesus were intimately involved with this community at Qumran. He further supports the claim that early Christians continued a belief system centered on a form of monotheism first formulated by the Egyptian pharaoh Akhenaten and uniquely espoused by the Essenes at Qumran.

Mysteries of the Bridechamber Routledge

This book tackles a basic problem in the interpretation of the gnostic Gospel according to Philip: the origins of its materials and the nature of their coherence. A persuasive argument is made that a compiler with distinctive interests assembled diverse materials into the present work.

Hidden Wisdom Jung and the Lost Gospels

Essays by an international team of Jungian analysts form a critical introduction to Jung and analytical psychology.

The Alchemical Actor Watkins Media Limited

Job, Jonah, and the Unconscious is the latest work by natural theologian M.A. Corey. It is a ground-breaking synthetic work utilizing the unique perspective of modern depth psychology to interpret the underlying meaning of two of the most fascinating books of the Old Testament, Job and Jonah. In the process it weaves together a unique development perspective on the age-old problem of evil that satisfies both the traditional theologian and the hard-core skeptic. It is able to do this by resorting to a concept of metaphysical necessity that is able to account for the temporary existence of evil in the world, while simultaneously preserving the omnipotence and omnibenevolence of God. The end result of this fascinating study is the elucidation of the cause of moral evil, along with the general defense of traditional monotheistic religion. Contents: JONAH AND THE UNCONSCIOUS; History or Allegory?; A Psychological Analysis of the Book of Jonah; The Identity of the Shadow; Repression and the Concept of Demon Possession; The Storm; Significance of the Fish; The Prayer; The Mission to Nineveh; A Theodicy for Natural Evils; JOB: The Story of Job; The Relationship Between Knowledge and Evil; Job's Goodness and the Nature of Evil; The Nature of Hell; A Developmental View of Salvation; Elipjazz's First Speech; Job's Reply; Contingency, Necessity, and the Ultimate Transformation of Evil into Good; EVIL IN THE OLD TESTAMENT; Evil, Monotheism, and the Divine Goodness; A Developmental Interpretation of Evil; ANSWER TO JUNG; Jung and the God of The Old Testament; Why Bad Things Happen to Good People; A Pluralistic View of Salvation; Jung's View of Job; The Power of Doubt; The Severity of the Developmental Process; Could God Have Done Better?; The Image and the Likeness of God; Jung, Evil and the Trinity; The Incarnation; Conclusion.

Polemical Encounters Routledge

Jung and the Lost Gospels Quest Books

Women of Wisdom Balboa Press

Tanz ist ein urmenschliches Phänomen. Der kosmische Tanz bewegt uns Menschen vom Ursprung zum Urgrund und ist Dreh- und Angelpunkt dieses Eranos-Bandes. Die Dynamik des Universums durchdringt die geheimnisvolle Lebendigkeit der Welt. Namhafte Wissenschaftler und ausgewählte Fachleute umkreisen (außer)gewöhnliche Ausdrucksformen allgegenwärtiger Transzendenz und lassen den Leser an diesem interdisziplinären Dialog teilhaben. Den Reigen eröffnet der indische Gott des Tanzes, der Erscheinungen und der Transformation, Shiva, der alles verwandelt und alles in Bewegung bringt. Shiva in uns vereint die Polaritäten männlich-weiblich, Licht und Schatten. Diesem Zwischenraum von Licht und Schatten, der mehr spürbar als sichtbar ist, widmet sich der Butoh-Tanz, eine moderne japanische Strömung im Tanz, die radikal erlebt und vorgetragen wird. Dem innerlich erlebbaren Chaos folgt mit Blick auf das Spannungsfeld von Sonne, Mond und Sternen die Auseinandersetzung mit dem Fund der Himmelsscheibe von Nebra, die mit ihrer Darstellung des Firmamentes der Wissenschaft Rätsel aufgab und sich als einer der bedeutendsten archäologischen Schätze der Welt erweist. Auch im dargestellten ostnepalesischen Sakela-Tanz, der fester Bestandteil seit Jahrhunderten bewahrter religiös schamanistischer Riten ist, sind Gottesverehrung und alltägliche individuelle Handlung miteinander verflochten. Und so spricht auch er von der Sehnsucht nach leib-seelischer Hingabe des Menschen. Dies wird vergeistigt in einer ganz anderen Kultur, der Sufi-Mystik, die mit dem Drehtanz der Derwische zu besonderer Blüte gebracht wird. Auch im Christentum findet sich tatsächlich, allen Anfeindungen zum Trotz, bei aller Leibfeindlichkeit, das Motiv von "Christus als Tänzer" in den apokryphen Texten. Als Logos und Licht ist er Reigenführer des Lebens, sofern sich die Seele zum Tanz mit ihm bereithält. In enger Verbindung mit dem tanzenden Christus stehen die Totentänze, deren Kulturgeschichte über Zeugnisse aus 3500 Jahren verfügt. Der Kreis schließt sich mit den geistigen Geheimnissen der Bienen, die in ihrer tiefen, natürlichen Verbundenheit mit Himmel und Erde eine rhythmische All-Gegenwärtigkeit lehren können, wenn der Mensch seine Sinne dafür zu öffnen vermag. Eranos blickt auf eine lange Tradition zurück. Seit der Gründung 1933 stehen die Tagungen im Zeichen der Begegnung der Kulturen, aber auch des Dialoges zwischen den Geistes- und Naturwissenschaften, wobei der Psychologie und der Religionswissenschaft eine wichtige Mittlerrolle zukommt. Die Beiträge des vorliegenden Bandes setzen diesen Dialog fort.

The Secret History of the Gnostics Rowman & Littlefield

An inspiring collection of writings from women visionaries and mystics from an array of religious faiths and traditions.

Glimpsing Heaven BRILL

In its historical development from late antiquity to the present, western esotericism has repeatedly been the issue of polemical discourse. This volume engages the polemical structures that underlie both the identities within and the controversy about esoteric currents in European history. From Jewish and Christian kabbalah through heretical discourse and interconfessional polemics in early modernity to the legitimization of esoteric identity in modern culture, the 12 chapters, accompanied by an editors' introduction, provide a cornucopia of relevant cases that are interpreted in a framework of polemical discourse and 'Othering'. This volume sheds new light on the ultimately polemical structure of western esotericism and thus opens new vistas for further research into esoteric discourse.

Stolen Identity Watkins Media Limited

In his newest work, Jones confronts the Gnostic idea of Jesus, and contrasts it with the true, biblical person of Jesus. Through this treatise, author Peter Jones shows readers that Our Savior can be personally known.

The Modern Revival of Gnosticism and Thomas Mann's Doktor Faustus Oldcastle Books

A deep-dive into the history, culture, and legacy of the medieval Christian dualist movement, Catharism—as seen in popular novels by Dan Brown and Kate Mosse Centuries after the brutal slaughter of the Cathars by papally endorsed Northern French forces, and their suppression by the Inquisition, the medieval Cathars continue to exert a powerful influence on both popular culture and spiritual seekers. Yet few people know anything of the beliefs of the Cathars beyond vague notions that they believed in reincarnation, were vegetarians, were somehow Gnostic, and had some relation to Mary Magdalene. The Lost Teachings of the Cathars explores the history of this Christian dualist movement between the twelfth and fourteenth centuries, offering a sympathetic yet critical examination of its beliefs and practices. In addition to investigating the Cathars' origin, their relationship to Gnosticism, and their possible survival of the Inquisition, author Andrew Philip Smith also addresses theories and figures from the Cathars' recent past. Eccentric esotericists initiated a neo-Cathar revival in the Languedoc which inspired the philosopher Simone Weil. The German Otto Rahn—the real-life Indiana Jones—believed that the Cathars were protectors of the Holy Grail and received support from Heinrich Himmler. Meanwhile, English

psychiatrist Arthur Guirdham became convinced that he and a circle of patients had all been Cathars in previous lives. Tourists flock to the Languedoc to visit Cathar country. Bestsellers such as Kate Mosse' timeslip novel Labyrinth continue to fascinate readers. But what did the Cathars really believe and practice?

Gnosticism and the History of Religions Cambridge University Press

This book proves there is nothing new under the sun regarding many of our modern religious beliefs. This includes Christianity, and how many of its beliefs could be far older than what we have suspected. It gives a complete run-down of the stellar, lunar, and solar evolution of our religious systems and contains new, long-awaited, exhaustive research on the gods and our beliefs.
