viewer ...Note: The transmission speed sensor is located in the rear of a longitudinal mount transmission. For transaxles, the speed sensor is located on the long side of the output shaft. This would be the end of the transaxle that faces the front of the engine.

Part 4 of 6: Install the new transmission speed sensor.

Step 1: Install the new sensor. Make sure that new o-ring is on the new transmission speed sensor.

How to Replace a Transmission Speed Sensor | YourMechanic ...The engine speed sensor (RPM) G28 is located in the transmission bell housing, in front of the CV shaft on the driver side of the car. It is very near where the transmission attaches to the engine, and up about 3 inches higher than the CV joint. It is held in with one bolt and can be seen just behind the wheel liner.

Location of Engine Speed Sensor (G28) and Camshaft ...A faulty speed sensor can cause all sorts of strange problems in your car. Most Common Symptoms of a Faulty Engine Speed Sensor. A faulty vehicle speed sensor can cause an array of problems. In fact, symptoms of a faulty speed sensor may also result in other common components such as a defective coil pack or bad throttle

position
sensor. How to
Tell if You
Have a Faulty
Engine Speed
Sensor ... The
engine speed
input speed
sensor is
usually
inserted
through the
transmission
case, near the
front of the
input shaft.
Typically, a
rubber O-ring
is fitted onto
the sensor
housing so
that the
sensor makes
a seal with the
transmission
case. Use
caution when
removing the
sensor from
the housing as
hot
transmission

fluid may be
harmful. P0725
Engine Speed
Input Circuit
Malfunction by
Thomas West.
The vehicle
speed sensor
(VSS) on your
Ford vehicle is
an electronic
device that
measures
your vehicle's
speed. This
information is
sent to the
electronic
computer
module (ECM),
where it is
shared with
other vehicle
systems that
depend on
this data. The
function of
several of
your vehicle's
systems
depend on
data from the

VSS and ECM,
such as
variable speed
power
steering,
cruise control,
anti-lock
brakes and
your
speedometer.
How to Locate
