*Unstrung* Crown Archetype  
 The Man Who Sold the World by Peter Doggett—author of the critically acclaimed Beatles biography, *You Never Give Me Your Money*—is a song-by-song chronicle of the evolution of David Bowie. Focusing on the work and the life of one of the most groundbreaking figures in music and popular culture during the turbulent seventies, Bowie's most productive and innovative period, *The Man Who Sold the World* is the book that serious rock music lovers have been waiting for. By exploring David Bowie's individual achievements and breakthroughs one-by-one, Doggett paints a fascinating portrait of the

performer who paved the way for a host of fearless contemporary artists, from Radiohead to Lady Gaga.

**Tales of the Dark Season** Vintage  
 Discusses how jazz legend Miles Davis's seminal album "Kind of Blue" has changed both music and culture since its release in 1959, and explains how it influenced diverse artists such as Steve Reich and the Velvet Underground.

*Die Behind the Wheel* Penguin  
 Think you can't buy a thrill? This book proves you wrong. Katy lied. Or did she? As with the blues and Elvis and somebody else's favorite song, it's open to interpretation. These twelve tales interpret shady pasts, dubious presents, and doomed futures. There's no hiding inside a hall of rock and sand from stories as deliciously wicked and terrifically twisty as the jazz-rock noir that inspired them.

These masters of crime fiction heard the call and wrote it on the wall for you and me. As they name the beast, they make alive worldly wonders in characters you've known for decades through the hypnotically woven tapestries of Steely Dan, destined to live on as indelibly as the hallucinatory memories in the caves of Altamira. Edited by Brian Thornton with stories by Steve Brewer, W.H. Cameron, Reed Farrel Coleman, Libby Cudmore, Aaron Erickson, Naomi Hirahara, Matthew Quinn Martin, Richie Narvaez, Kat Richardson, Peter Spiegelman, Jim Thomsen, and Jim Winter.

**A Memoir** Crown  
 A collection of essays from the legendary music critic Ian Penman, exploring the work of James Brown, Charlie Parker, Elvis Presley, Frank Sinatra, Steely Dan and Prince.

*Facing the Other Way: The Story of 4AD* Select Books Inc.

The first official account of the iconic record label.

*David Bowie and the 1970s* Random House

Iconoclastic guitar player Marc Ribot offers up essays and stories in this darkly funny and subversive debut collection.

Throughout his genre-defying career as one of the most innovative musicians of our time, iconoclastic guitar player Marc Ribot has consistently defied expectation at every turn. Here, in his first collection of writing, we see that same uncompromising sensibility at work as he playfully interrogates our assumptions about music, life, and death. Through essays, short stories, and the occasional unfilmable film "mistreatment" that showcase the sheer range of his voice, *Unstrung* captures an artist whose versatility on the page rivals his dexterity onstage. In the first section of the book, "Lies and Distortion," Ribot turns his attention to his instrument--"my relation to the guitar is one of struggle; I'm constantly forcing it to be something else"--and reflects on his influences (and friends) like Robert Quine (the Voidoids) and producer Hal Willner (Saturday Night Live), while delivering an impassioned plea on behalf of artists' rights. Elsewhere, we glimpse fragments of Ribot's life as a traveling musician--he captures both the monotony of touring as well as small moments of beauty and despair on the road. In the heart of the collection, "Sorry, We're Experiencing Technical Difficulties," Ribot offers wickedly humorous short stories that synthesize the best elements of the Russian absurdist tradition with the imaginative heft of George Saunders.

Taken together, these stories and essays cement Ribot's position as one of the most dynamic and creative voices of our time.

*Steely Dan* Profile Books

A bewitching memoir about the lures, torments, and rewards of making and performing music in the indie rock world Dean Wareham's seminal bands Galaxie 500 and Luna have long been adored by a devoted cult following and extolled by rock critics. Now he brings us the blunt, heartbreaking, and wickedly charismatic account of his personal journey through the music world--the artistry and the hustle, the effortless success and the high living, as well as the bitter pills and self-inflicted wounds. It captures, unsparingly, what has happened to the entire ecosystem of popular music over a time of radical change, when categories such as "indie" and "alternative" meant nothing to those creating the music, but everything to the major labels willing to pay for it.

Black Postcards is a must-have for Wareham's many fans, anyone who has ever been in a band, or the listeners who have taken an interest in the indie rock scene over the last twenty years.

*The Complete Guide to Their Music*

Bloomsbury Publishing USA

Candid autobiography of the great rock diva of Jefferson Airplane & Jefferson Starship revealing her wildly outlandish life in the Sixties & the Seventies.

*Crime Fiction Inspired by the Music of Steely Dan* Abrams

Crafting smash hits with Van Halen, The Doobie Brothers, Nicolette Larson, and Van Morrison, legendary music producer Ted Templeman changed the course of rock history This autobiography (as told to Greg Renoff) recounts Templeman's remarkable life from child jazz phenom in Santa Cruz, California, in the 1950s to Grammy-winning music executive during the '70s and '80s. Along the way, Ted details his late '60s stint as an unlikely star with the sunshine pop outfit Harpers Bizarre and his grind-it-out days as a Warner Bros. tape listener, including the life-altering moment that launched his career as a producer: his discovery of the Doobie Brothers. *Ted Templeman: A Platinum Producer's Life in Music* takes us into the studio sessions of No. 1 hits like "Black Water" by the Doobie Brothers and "Jump" by Van Halen, as Ted recounts memories and the behind-the-scene dramas that engulfed both massively successful acts. Throughout, Ted also reveals the inner workings of his professional and personal relationships with some of the most talented and successful recording artists in history, including Steven Tyler and Joe Perry of Aerosmith, Eric Clapton, Lowell George, Sammy Hagar, Linda Ronstadt, David Lee Roth, and Carly Simon.

*Book of Ages* W. W. Norton & Company A former public relations consultant for Michael Jackson describes the singer's life and music career.

*A Beast Without a Name* ECW Press

How gratitude can get the life you really want... 'Gratitude is your soul's superfood, but cheaper than goji berries, and twice as good for you. I like to think of it as mindfulness for cynics or the "gateway drug" to spirituality. It's a very tangible thing you can do everyday that will shift your focus to what you have rather than pining and obsessing over what you don't have. Away from a state of lack into limitless abundance...' So what happens when we stop taking things for granted and start putting some grá\* into our gratitude? When we consciously turn our heads and hearts to what we have and focus on the good? In *Joy Rider*, television

presenter and host of the podcast *Thanks A Million*, Angela Scanlon, presents her guide to tapping into your own natural super resource - joy. This book is an invitation to embrace the kind of gratitude that cuts through the bulls\*\*t of life to its truth, connecting us with the present and grounding us in self. When there is so much to feel anxious about, Angela shares with readers how focusing our attention on the small, incremental positives in life can completely change it for the better. \* It means love in Irish

*In Black and White* Penguin

(FAQ). Despite Steely Dan's popularity, its ability to cultivate an ever-growing base of avid and loyal fans, and its chart positions, relatively little has been written about the group. *STEELY DAN FAQ* clears up some of the many misconceptions about the band and sheds new light on the genius behind the songwriting of Donald Fagan and Walter Becker, the perfection of their productions, and the myriad musicians who have played a role in creating the distinctive Steely Dan sound. *STEELY DAN FAQ* takes us through five decades of cryptic lyrics, sophisticated music, elusive interviews, dramatic interludes, and misconstrued sentiments. The band has sold more than 40 million albums worldwide, was inducted into the Rock and Roll Hall of Fame, and has had the majority of its albums certified platinum or double platinum in the U.S., yet the story has not been fully told. Within these pages readers will gain insight into the influences, musicians, situations, and complications that created one of the most distinctive bands in the history of rock and roll.

*Rod* Artisan Books

*Eminent Hipsters* Penguin

*Me and a Guy Named Elvis* Crown N/A

*Crime Fiction Inspired by the Music of Steely Dan* Penguin

The extraordinary life and career of music legend Rod Stewart, in his own words for the first time. With his soulful and singular voice, narrative songwriting, and passionate live performances Rod Stewart has paved one of the most iconic and successful music careers of all time. He was the charismatic lead singer for the trailblazing rock and roll bands The Jeff Beck Group and The Faces, and as a solo artist, the author of such beloved songs as "Maggie May," "Tonight's the Night," "Hot Legs," "Da Ya Think I'm Sexy?," "Young Turks," "Forever Young," and "You Wear It Well." Now after more than five decades in the spotlight, he is finally ready to take a candid and romping look back at his life both on and off the stage. From his

humble British roots to his hell-raising years on tour with his bandmates, not forgetting his great loves (including three marriages and eight children) and decades touring the world, Rod delivers a riveting ride through one of rock's most remarkable lives.

[A Working Theory of Love](#) Simon and Schuster

New York Times Bestseller • On the 40th anniversary of The Band's legendary The Last Waltz concert, Robbie Robertson finally tells his own spellbinding story of the band that changed music history, his extraordinary personal journey, and his creative friendships with some of the greatest artists of the last half-century. Robbie Robertson's singular contributions to popular music have made him one of the most beloved songwriters and guitarists of his time. With songs like "The Weight," "The Night They Drove Old Dixie Down," and "Up on Cripple Creek," he and his partners in The Band fashioned a music that has endured for decades, influencing countless musicians. In this captivating memoir, written over five years of reflection, Robbie Robertson employs his unique storyteller's voice to weave together the journey that led him to some of the most pivotal events in music history. He recounts the adventures of his half-Jewish, half-Mohawk upbringing on the Six Nations Indian Reserve and on the gritty streets of Toronto; his odyssey at sixteen to the Mississippi Delta, the fountainhead of American music; the wild early years on the road with rockabilly legend Ronnie Hawkins and The Hawks; his unexpected ties to the Cosa Nostra underworld; the gripping trial-by-fire "going electric" with Bob Dylan on his 1966 world tour, and their ensuing celebrated collaborations; the formation of the Band and the forging of their unique sound, culminating with history's most famous farewell concert, brought to life for all time in Martin Scorsese's great movie *The Last Waltz*. This is the story of a time and place--the moment when rock 'n' roll became life, when legends like Buddy Holly and Bo Diddley criss-crossed the circuit of clubs and roadhouses from Texas to Toronto, when The Beatles, Hendrix, The Stones, and Warhol moved through the same streets and hotel rooms. It's the story of exciting change as the world tumbled through the '60s and early 70's, and a generation came of age, built on music, love and freedom. Above all, it's

the moving story of the profound friendship between five young men who together created a new kind of popular music. Testimony is Robbie Robertson's story, lyrical and true, as only he could tell it.

[The Sun & The Moon & The Rolling Stones](#) Penguin

On a lazy Sunday in 1954, twelve-year-old Jerry Schilling wandered into a Memphis touch football game, only to discover that his team was quarterbacked by a nineteen-year-old Elvis Presley, the local teenager whose first record, "That's All Right," had just debuted on Memphis radio. The two became fast friends, even as Elvis turned into the world's biggest star. In 1964, Elvis invited Jerry to work for him as part of his "Memphis Mafia," and Jerry soon found himself living with Elvis full-time in a Bel Air mansion and, later, in his own room at Graceland. Over the next thirteen years Jerry would work for Elvis in various capacities — from bodyguard to photo double to co-executive producer on a karate film. But more than anything else he was Elvis's close friend and confidant: Elvis trusted Jerry with protecting his life when he received death threats, he asked Jerry to drive him and Priscilla to the hospital the day Lisa Marie was born and to accompany him during the famous "lost weekend" when he traveled to meet President Nixon at the White House. Me and a Guy Named Elvis looks at Presley from a friend's perspective, offering readers the man rather than the icon — including insights into the creative frustrations that lead to Elvis's abuse of prescription medicine and his tragic death. Jerry offers never-before-told stories about life inside Elvis's inner circle and an emotional recounting of the great times, hard times, and unique times he and Elvis shared. These vivid memories will be priceless to Elvis's millions of fans, and the compelling story will fascinate an even wider audience.

[Not Dead & Not for Sale](#) Harper Collins

In the early 1990s, Stone Temple Pilots—not U2, not Nirvana, not Pearl Jam— was the hottest band in the world. STP toppled such mega-bands as Aerosmith and Guns N' Roses on MTV and the Billboard charts. Lead singer Scott Weiland became an iconic front man in the tradition of Mick Jagger, David Bowie, and Robert Plant. Then, when STP imploded, it was Weiland who emerged as the emblem

of rock star excess, with his well-publicized drug busts and trips to rehab. Weiland has since made a series of stunning comebacks, fronting the supergroup Velvet Revolver, releasing solo work, and, most recently, reuniting with Stone Temple Pilots. He still struggles with the bottle, but he has prevailed as a loving, dedicated father, as well as a business-savvy artist whose well of creativity is far from empty. These earthling papers explore Weiland's early years as an altar boy right along with his first experiences with sex and drugs. Weiland discusses his complex relationships with his parents, stepfather, siblings, and the love of his life, Mary Forsberg Weiland. Readers learn the fascinating stories behind his most well-known songs and what it was like to be there at the beginning of the grunge phenomenon, as Rolling Stone proclaimed on its cover: "the year punk broke." *Not Dead & Not for Sale* is a hard rock memoir to be reckoned with—a passionate, insightful, and at times humorous book that reads with extraordinary narrative force.

[A Steely Dan Companion](#) Omnibus Press

Robert Plant by Paul Rees is the definitive biography of Led Zeppelin's legendary frontman. As lead singer for one of the biggest and most influential rock bands of all time—whose song "Stairway to Heaven" has been played more times on American radio than any other track—Robert Plant defined what it means to be a rock god. Over the course of his twenty-year career, British music journalist and editor Paul Rees has interviewed such greats as Sir Paul McCartney, Bruce Springsteen, Madonna, Bono, and AC/DC. Rees now offers a full portrait of Robert Plant for the first time, exploring the forces that shaped him, the ravaging highs and lows of the Zeppelin years—including his relationship with Jimmy Page and John Bonham—and his life as a solo artist today. Illustrated with more than two dozen photographs, *Robert Plant: A Life* is the never-before-told story of a gifted, complicated music icon who changed the face of rock 'n' roll.

[A Life of Tom Waits](#) Springer

Updated and redesigned editions of the classic guides to the music of the world's best known acts. Written by experts, each book examines every song in a given artist's recorded repertoire, making it an invaluable guide for collectors and fans alike.
