Lords of the Seven Rays tells the stories of seven masters who reached for and accomplished the goal of self-transcendence on each of the seven paths, or "rays," of spiritual growth. The seven rainbow rays of spiritual light correspond to the seven major energy centers, or chakras, in the body. Each ray has a unique color frequency and quality, and each one represents a different path to self-mastery. In this profound and meaningful work, you will enter vignettes of the lives of these seven masters—some taken from forgotten ages on legendary continents and civilizations. By exploring

their unique paths to spiritual mastery, you will find invaluable keys for your own life's journey.

A shift in consciousness has occurred on the planet during the past twenty-five years, marking a new moment in the evolution of humanity's consciousness concerning our relationship to Earth and to the cosmos. We now accept that human beings are interacting with a living planet, and we understand that this living planet has an energetic relationship to the galaxy. We have also come to understand that the entire biological and energy system of this beautiful planet we live on is totally dependent on how humans treat the planet, the environment, and other life forms on Earth. Biorelativity describes the ability of human beings to telepathically communicate with the spirit of the Earth. The goal of such communication is to influence the outcome of natural Earth events such as storms, volcanoes, and earthquakes. This book is a collection of channeled lectures through Arcturian, Native American, and other mystical guides, transmitted in sessions from 2009 through early 2011, that describe the exercises and thought developments related to biorelativity, the planetary cities of light, and the Arcturian Tree of Life that together form new technology for Earth healing. Through these lessons, you can implement new planetary healing techniques right now, actively participating in exciting changes as Earth and humanity come together in unity and healing.

The first part of this volume contains the Fourteen Rules for Group Initiation, an extension of the teachings given in Initiation, Human and Solar on the Fourteen Rules for Applicants. The second part of the book is concerned with the nine initiations by which the disciple progressively achieves liberation from the various forms of our planetary life. The possibility of group initiation is a development of the present era. This volume emphasises the growth of the group idea, group service, group responsibility.

Now more than ever, humankind is in need of developing its higher consciousness to heal itself and Earth and to experience life in a much more meaningful way. By expanding our consciousness, we can see the connections and unity that exist in all reality, and we might see objects with sharper colors, hear sounds with greater clarity, or even experience two sensations simultaneously! In this book, you will explore the fascinating multidimensionality that is yours for the taking. "You might think that the mind is in the cells, but in reality, the mind also exists as an energy field located in the aura, meaning the mind exists in a realm that in part is in the third dimension but also exists in other dimensions as well. The mind is naturally multidimensional." — Vywamus Chapters Include The Laws of Consciousness The Next Step for Humanity Thought Fields Superintelligence: A New Consciousness Quantum Cohesiveness Unified Consciousness and Earth's Noosphere The Intersection of the Dimensions Folding the Space-Time Continuum And much, much more!

Do you feel that you often do not get what you desire? The key to changing what no longer satisfies you is to change what no longer works for you. Every thought is an intention that sets a process of energies

into motion. That's when the creative process starts. Understanding that we create continuously on small and large levels is the first step in realizing that when something no longer works for us, it is the consequence of a disruption in the creative process and the way we think. This book describes the different types of creative processes. The elemental (fire, water, air, and earth) powers are the basis of all creation. Understanding the different aspects of these creative powers will help you to become a conscious creator. Guardians are connected with every aspect of the elemental powers. They are known as dragons; however, different traditions use different names for them, such as angels or nature spirits. These dragons are not the scary type often depicted in stories. They are among the strongest allies we can ask for. They belong to the subtle realms and therefore are invisible to most people. This book offers information to help you reconnect with these creative powers and their guardian dragons. Through this connection, you will become a conscious creator and change your life in ways that lead to success, joy, happiness, and abundance. Thereby, you will contribute optimally to the creation of a new world. Are you ready for this exhilarating journey?

Return of the Serpents of Wisdom and Conversations With the Goddess author Pinkham tells us the Truth Behind the Christ Myth and presents radically new information regarding Jesus Christ and his ancient legend, includes: The legend of Jesus Christ is based on a much earlier Son of God myth from India, the legend of Murrugan, the Peacock Angel; The symbol of the Catholic Church is Murrugan's symbol, the peacock, a bird native to south-east Asia; Murrugan evolved into the Persian Mithras, and Mithras evolved into Jesus Christ Saint Paul came from Tarsus, the centre of Mithras worship in Asia Minor. He amalgamated the legend of the Persian Son of God onto Jesus' life story; The Three Wise Men were Magi priests from Persia who believed that Jesus was an incarnation of Mithras; While in India, Saint Thomas became a peacock before he died and merged with Murrugan, the Peacock Angel; The Emperor Constantine, the first 'Christian' Emperor of the Roman Empire, was a lifelong devotee of Mithras. He was baptised Christian on his deathbed; The myth of the One and Only Son of God originated with Murrugan and Mithras.

Renunciation Through Wisdom is a collection of essays originally written in Bengali and published by Srila Prabhupada in India during the 1940s. They were later translated into English by his disciples. In these essays Srila Prabhupada expands on themes found in the Bhagavad-gita, discussing such topics as why people are averse to God, the ultimate causes of suffering, and how the world's troubles are extraordinarily fleeting when seen from the standpoint of eternity. Students of Srila Prabhupada will recognize the same common-sense writing style in Renunciation Through Wisdom as in his later, well-known works such as Srimad-Bhagavatam and Bhagavad-gita As It Is, as well as his expertise at distilling the essence of India's ancient Vedic wisdom into powerful, convincing, practical, and easily readable directives.

Originally published as two separate volumes, Law of Life Book I & II is now being published together in one book which was the original vision of the author. These books contain compiled information

of vital points of Ascended Master instruction given over a period of several years. This teaching is the law of life and its conscious application. This instruction explains and makes clear fundamental laws of everyone's life and teaches their practical application. First: the knowledge of each one's Individualized Presence of God. Second: the Protective Pillar of light. Third: the use of the Transmuting Flame. Fourth: the Ascension, the goal of each one's life. Law of Life Book I (First published in 1959) gives information on fundamentals, understanding and application to make it practical for both beginners and more advanced students. Law of Life Book II (First published in 1960) gives detailed information about the Ascended Masters, Cosmic and Divine Being and their retreats. It includes information on the Chohans and the Seven Rays and Flames.

The scientific basis for the widely accepted ideal of the brotherhood of man rests on the fact of the interwoven etheric (or energy) structure underlying all forms in all kingdoms within the planet. It is this essential oneness which provides the conditions for intercommunication on all levels of consciousness, and which creates the possibility of simultaneous impression in many by a stream of Plan - inspired energy.
