Wedding bells are ringing in the latest page-turning Library Lover's Mystery from the New York Times bestselling author of Word to the Wise. Love is in the air in Briar Creek as library director Lindsey Norris and boat captain Mike (Sully) Sullivan are finally tying the knot. The entire town is excited for the happy day, and Lindsey and Sully's plan for a small wedding evaporates as more and more people insist upon attending the event of the year. When Lindsey and her crafternoon pals head out to Bell Island to see if it can accommodate the ever-expanding guest list, they are horrified to discover a body washed up on the rocky shore. Even worse, Lindsey recognizes the man as the justice of the peace who was supposed to officiate her wedding ceremony. When it

becomes clear he was murdered, Lindsey can't help but wonder if it had to do with the wedding. Now she has to book it to solve the mystery before it ends her happily ever after before it's even begun....

A Heritage Book of Creative Ideas HarperCollins

Lavandula species are mainly grown for their essential oils, which are used in perfumery, cosmetics, food processing and aromatherapy products, and for their use as ornamental plants and ingredients in numerous cottage industry products. Certain types of lavender oil have also been shown to have antimicrobial and antifungal properties. The dried fl

Garden photographer Janet Loughrey has covered the vast Adirondacks region to document how people have overcome the area's challenging mountain climate to create beautiful gardens for the

past 150 years. Her profiles of contemporary gardeners and landscapers and their creations are supplemented with fascinating historic photos of the lavish landscaping of famed Adirondack-style estates such as Nirvana and the Knapp Estate and grand old hotel resorts such as Scaroon Manor and Sagamore.

[A History Lover's Guide to Lincoln](#) Clarkson Potter

A charming, information-packed guide to 51 herbs and their uses illustrated with rare botanical art from the renowned archives of The New York Botanical Garden. Did you know that woodruff was used as a room freshener in the Middle Ages; that crushed bergamot leaves can soothe bee stings; and that dried fenugreek seeds were found in the tomb of King Tutankhamen? Herbs are magical, and their uses myriad. Inside this informative, colorful handbook are fifty-one herbs portrayed in words and rare botanical art curated by experts at The New York Botanical Garden. Some, like saffron, are treasured and rare; others, like purslane, grow by the roadside. They all have a place—in the garden, in the kitchen, in the bed or the bath. Explore their history, how to grow them, and how they were used in the past and present. Then bring them into your daily life; each herb's profile offers a recipe or project that highlights its unique properties. So cleanse your face with calendula when you wake up, sip a bergamot tea at breakfast, have a lovage tuna sandwich for lunch, and mix a caraway cocktail at the end of the day. Let these herbs delight your senses as they have done to others for thousands of years.

How to Grow and Use the Fragrant Herb Sasquatch Books

The organic gardening movement has been long established among vegetable growers. With the mainstreaming of ideas about environmental and ecological preservation, the organic movement has come to ornamental gardening. And one of the primary spokespeople for that movement is Sasquatch's longtime author Ann Lovejoy. This new book is a complete handbook for ornamental gardening follows the principles and techniques of organic and sustainable gardening. Gardening naturally does mean going without products like Roundup, Weed and Feed, and chemical fertilizers. It also means that gardeners may opt for a selection of native plants that are compatible with local climate and soils. Some of the paradigm shift has to do with getting over the notion that one's garden needs to be as spotless and tidy as something on a magazine cover. Gardening is all about process, and the methods that Ann Lovejoy explains in this book emphasize good soil preparation, composting, drainage, mulching, and right plant selection. This comprehensive book covers the steps from landscaping and designs to soil preparation to planting beds. She covers all of the elements of the garden: ground covers, lawns, shrubs, bulbs, trees – all with an eye to building a sustainable garden that grows without chemical fertilizers and pest control. You can try to make an Arizona backyard look like a Connecticut estate, but it's going to take a lot of work, constant maintenance, more water than all the other gardens on your block, and a fat checkbook. There's a simpler, more gratifying way to garden that is also good for people, pets, and wildlife. This practical book tells gardeners how to achieve that.

Death and bomb threats over an art exhibition! A major battle with the mayor of New York City and the New York Times! Looking back, Arnold Lehman, director of the Brooklyn Museum, and his colleagues were not prepared for what was to happen. No one could have anticipated that SENSATION: Young British Artists from the Saatchi Collection would become the biggest art story in the history of art history. It has taken him two decades to fully absorb and clearly reflect on what happened at the Brooklyn Museum in 1999-2000. The intense controversy swept the exhibition, the museum, and Chris Ofili's The Holy Virgin Mary painting to international attention for six months. While 175,000 people saw the exhibition and millions read and heard about it daily, they never knew of the threats and challenges that kept the museum staff awake at night. Mayor Rudy Giuliani, who never saw the painting, focused his rage at The Holy Virgin Mary; rescinded the museum's municipal funding to force it to close the exhibition; and attempted to evict it from its hundred-year-old landmark. The city's most conservative media and ultra-religious groups inflamed the conflict. SENSATION, selected from controversial collector Charles Saatchi's contemporary British art collection, was first shown at London's Royal Academy in 1997, to an outcry over the portrait of child murderer Myra Hindley. Its opening at the Brooklyn Museum in 1999 drew tabloid headlines such as "B'klyn gallery of horror—Gruesome museum show," and

"Butchered animals, a dung-smeared Mary and giant genitalia." The New York Times accused the museum of wrongdoing in high-profile but often false and inaccurate investigative reports, most dismissed earlier by the court. In a story as gripping as a fictional thriller, the mayor and city eventually settled with the museum, awarding it a permanent injunction, the restoration of city money, and substantial funds for its new entrance.

A 5-Year Planner Simon and Schuster

1792, France Rumors of revolution in Paris swirl in Marseille, a bustling port city in southern France. Gilles Étienne, a clerk at the local soap factory, thrives on the news. Committed to the cause of equality, liberty, and brotherhood, he and his friends plan to march to Paris to dethrone the monarchy. His plans are halted when he meets Marie-Caroline Daubin, the beautiful daughter of the owner of the factory. An aristocrat and royalist, Marie-Caroline has been called home to Marseille to escape the unrest in Paris. She rebuffs Gilles's efforts to charm her and boldly expresses her view that violently imposed freedom is not really freedom for all. As Marie-Caroline takes risks to follow her beliefs, Gilles catches her in a dangerous secret that could cost her and her family their lives. As Gilles and Marie-Caroline spend more time together, she questions her initial assumptions about Gilles and realizes that perhaps they have more in common than she thought. As the spirit of revolution descends on Marseille, people are killed and buildings are ransacked and burned to the ground. Gilles must choose between supporting the political change he believes in and protecting those he loves. And Marie-Caroline must battle between standing up for what she feels is right and risking her family's safety. With their lives and their nation in turmoil, both Gilles and Marie-Caroline wonder if a révolutionnaire and a royaliste can really be together or if they must live in a world that forces people to choose sides.

A neighborhood-by-neighborhood tour of the Cornhusker State's capital city by an author who "is a wealth of Nebraska knowledge" (Oh My! Omaha). Dramatic change accompanied Lincoln's growth from a village of 30 settlers to a city of 300,000. Today, Lincoln retains the residue of its fascinating past for those who know where to look. Tour Lincoln's storied heritage by charting the arrival of the university, penitentiary, asylum and railroads. Learn how the early churches still anchor the community. Discover the five towns that later merged into Lincoln. Visualize the artwork that best reflects Lincoln—both the person and city. Locate where Lindbergh learned to fly. Revisit the downtown Lincoln scene of what was once the largest bank robbery in the United States. Picture the once thriving Capitol Beach Amusement Park. Explore Nebraska's capital city in the expert company of Gretchen M. Garrison.

50 Self-Care Recipes and Projects for Natural Wellness Merrell

Epimediums may have delicate, orchid-like flowers, but they are tough, shade-tolerant perennials that are incredibly low maintenance. Their heart and arrow-shaped foliage changes colors with the seasons, going from green to bronze as summer moves into fall. The *Plant Lover's Guide to Epimediums*, by nursery owner Sally Gregson, features growing information for 126 commonly available varieties. It also includes lists of plants for particular purposes, tips on how to incorporate epimediums into gardens, and a resource guide that lists where to buy the plants and where to view them in public gardens. Hundreds of lush color photographs highlight the beauty of these charming plants.

The nose knows—and with Keville's expertise, now you too can create your own sanctuary of health and happiness

Start Your Own Lavender Business Timber Press

With empathy, grace, humor, and piercing insight, the author of gods in Alabama pens a powerful, emotionally resonant novel of the South that confronts the truth about privilege, family, and the distinctions between perception and reality—the stories we tell ourselves about our origins and who we really are. Superheroes have always been Leia Birch Briggs' weakness. One tequila-soaked night at a comics convention, the usually level-headed graphic novelist is swept off her barstool by a handsome and anonymous Batman. It turns out the caped crusader has left her with more than just a nice, fuzzy memory. She's having a baby boy—an unexpected but not unhappy development in the thirty-eight year-old's life. But before Leia can break the news of her impending single-motherhood (including the fact that her baby is biracial) to her conventional, Southern family, her step-sister Rachel's marriage implodes. Worse, she learns her beloved ninety-year-old grandmother, Birchie, is losing her mind, and she's been hiding her dementia with the help of Wattie, her best friend since girlhood. Leia returns to Alabama to put her grandmother's affairs in order, clean out the big Victorian that has been in the Birch family for generations, and tell her family that she's pregnant. Yet just when Leia thinks she's got it all under control, she learns that illness is not the only thing Birchie's been hiding. Tucked in the attic is a dangerous secret with roots that reach all the way back to the Civil War. Its exposure threatens the family's freedom and future, and it will change everything about how Leia sees herself and her sister, her son and his missing father, and the world she thinks she knows.
