Ada Aubin and June Rifkin's *The Complete Book of Astrology* is an easy-to-use guide to astrology—with resources and worksheets—revised and updated for the 21st century. An easy-to-use guide to astrology that takes the user beyond the rudimentary basics of the sun sign and helps them gain insight into their personality and potential. There is much more to Astrology than simply the sun sign. Both a science and an art form, astrology is as old as recorded human history. It is the "science of possibilities," showing the influence that the position and interaction of the planets at the time of birth have on a person's life, character, and innate potential. *The Complete Book of Astrology* is a concise, easy-to-use guide that introduces and explores the sun signs, as well as ascendants, planets, houses, aspects, transits, and other advanced concepts that educate and enlighten. With worksheets, and useful resources to help a user create their personal chart, *The Complete Book of Astrology* provides the knowledge and tools for readers who want to gain a deeper understanding of themselves and those around them.

Planets in Transit Penguin
The Complete Guide to the Interpretation of Horoscopes Precise, comprehensive, and richly detailed, *The Astrologer's Handbook* moves far beyond the common 11 sun signs" to the important planetary aspects -- trines, squares, oppositions, conjunctions, and

sextiles -- discussing their impact on the human personality and exploring their subtle but firm influence on all our lives. Although undertaken originally to meet the demands of professional astrologers, *The Astrologer's Handbook* is, happily, a book that serves every reader. The authors, two respected innovators in the field, explain carefully all of the central concepts and provide easy-to-follow instructions for doing a complete interpretation -- both general and specific -- of any natal chart. For those who wish to actually cast their own charts, step-by-step directions are provided. Or, for those who prefer, special coupons are provided for purchasing personalized computer-generated horoscopes with complete tabulation of planetary aspects cross-referenced to the proper pages of this book.

Saturn Schiffer Pub Limited

Seeks to demonstrate the existence of a direct connection between the planetary movements and human history, and examines such ancient and modern events as the French Revolution and September 11th.

A modern, inclusive guide to astrology that uses the zodiac to illuminate your love life as well as your relationships with your family, your friends, and yourself. When it comes to friendship, family, and romance, we all want the same things: to love and be loved, to communicate, to fight fair, and to feel okay in our own skin. Illuminating and accessible, *Astrology for Real Relationships* includes a primer on basic zodiac knowledge—including the importance of your Sun, Moon, and the

planets in your birth chart—before exploring how self-love and self-care affects all types of relationships. Once your mental health and spiritual and emotional wellness are balanced, you can be empowered in your relationships, including:

- Friends and chosen family: The Sun governs your identity and your will. Are you comfortable being yourself? Do your friends see you in the same ways that you see yourself?
- Hanging out and dating: The Moon governs your feelings and emotions. Are you honest with yourself about how you feel and what you really need from a partner?
- Long term relationships: Mars is the planet of conflict. Do you always seem to be attracted to the wrong people? Are women really from Venus and men from Mars? Full of real talk about attraction, dating, sex, frenemies, self-love, mental health, and how to deal with family, this book will help you build and maintain strong connections—with your crushes, your spouse, your boss, or your mom—and uncover and empower you to get what you really want in relationships, not what you think you should want.

Planets in Transit American Federation of Astr

For the first time, in *Planets in Youth*, a major astrologer looks at children and childhood. Robert Hand, one of the leading proponents of the psychological approach to astrology, in his definition of childhood, says, "What the child appears to be as a child is not very important. It may be fascinating to have an astrologer correctly describe a child's apparent personality, but it is not useful. It is much more important to view the child as a developing adult, to consider the kind of adult likely to arise out of the child's apparent personality...Many persons whose childhoods were miserable have ultimately been very

happy and self-fulfilled. The reverse is also true, and every other combination of miserable or happy childhood and adulthood as well. The view of the child as an adult in the process of becoming is the orientation that this books takes."

Parents will welcome this book and use it to help their children learn to cope with the complexities of modern life. Readers of all ages will use it to understand their own patterns of early development. The first four chapters define the roles of mother and father, explain the effects of various planetary energy systems and discuss the meaning of elements and crosses in a child's chart. Hand analyzes the charts of three children, including Judy Garland and Shirley Temple, to illustrate the astrological principles and psychological insights set forth in his intriguing study of personality development. The major part of the book consists of delineations of horoscope factors, written with young people in mind. Every planet in every sign, house and major aspect, as well as every rising sign, is interpreted in about three hundred words that stress possibilities rather than certainties. Book jacket.

Predictive Astrology Red Feather

A practical and thorough treatment on the meanings of all aspects of planetary and house rulerships, *Rulers of the Horoscope: Finding Your Way Through the Labyrinth* is the definitive sourcebook on this topic. Alan Oken masterfully guides you through the labyrinth of delineating and synthesizing the complex interchange between rulers of houses and their signs and the nature of the houses they occupy and rule. He defines and describes derivative houses, planetary and house rulerships, dispositorships, mutual reception and the compatibility and nature of importance of their placement in the

horoscope. The astrological charts of well-known people are illustrated with detailed descriptions of planetary relationships, their positive and negative aspects, and the traditional and modern interpretation of the houses. Alan Oken's in-depth exploration of the ruler for each of the twelve houses and the rulers of the rising sign is an invaluable tool for astrology students and teachers alike.

Fair Winds Press

For serious astrologers, this book is full of predictive techniques that really work, including cycles, transits, returns, progressions, eclipses, and the clearest explanation of the Saros cycles ever!

Describes luminary and planetary arcs, and how to use transits to set up time maps. Brady also interprets progressed planets, waxing and waning orbs, planets changing signs, retrograde motion of transits and lunar phases and how they operate in predictive work.

Appendices. Bibliography.

Did you know that every birthday the universe gifts you a new astrological chart that allows you to discover where your life is headed for the next twelve months? All you have to do is decode your Solar Return Chart to take control of events - and in this book, Sara Shipman tells you how. Solar Returns are one of the best tools of predictive astrology - and all the best tools are simple to use. In this book, Sara Shipman introduces you to solar return chart interpretation using a 'keywords' approach to analysing the planets, houses and the rising sign in your solar return chart. To keep things simple, Sara bases her chart analyses in this book on four main questions, what, when, where and how? The answers to those questions are written in your stars. In this

book, Sara explains what a solar return forecast is, how it works and why it's different from your natal chart. She explains how solar returns work in cycles and looks at the question of timing your forecast. When can you expect to notice your new solar return chart taking effect? Is it an immediate and noticeable change or does the new chart overlap with the previous year's chart? These, and many other questions will be answered by Sara's in depth analysis of the planets, retrograde planets and astrological houses in your solar return chart. Sara also looks carefully at the importance of the rising sign in your solar return chart and examines how it affects your approach to life during the year. The main objective of this book is, however, to provide you with the resources to begin making your own interpretations. So to simplify matters, each section of the book has keywords lists to point you towards the range of possibilities open to you when interpreting your solar return chart. Sara Shipman is an astrologer, blogger and writer who owns and edits the astrology website starcrazypie.com

Modern Transits Whitford Press

Your birth chart is a snapshot of the sky taken at the moment and place of your birth, one that reflects your character, personality, strengths, and challenges. But the moment after that picture was taken, the planets moved on--some quickly, some very slowly. Astrologers call the moving planets "transits," and by comparing their movements to your birth chart you can gain a complete view of how best to prepare for challenges, meet opportunities, and stay grounded in a constantly-changing world. In *Astrological Transits*, astrologer April Elliott Kent will guide you through the best ways to make the most of your birth

chart. Learn how to make the most of good transits and harness and transform the energy of "bad" ones. You'll also understand planetary cycles and anticipate your own transits. Finally, you'll know how to read planetary return charts, work with planetary retrogrades, and use eclipses to recognize major patterns and turning points in your life. If you are comfortable reading a birth chart, you are ready to move your chart into the future using transits.

Instructions, tables, and worksheets will make tracking your transit cycles simple and exciting!

Life Cycles for Living Independently Published

Your moon sign represents your emotional nature and lights the way toward profound spiritual growth. With *Astrology of the Moon*, you can identify and better understand your core emotional needs, learn to fulfill them, and make positive choices for a more rewarding, spiritually enriched life. Illuminating the natal and progressed moon relationship, this information-packed astrology book explains the moon's powerful energetic potential in relation to the signs, houses, planets, and aspects. In an easy-to-use "cookbook" format designed to help you quickly look up your moon sign, Amy Herring reveals your ever-evolving emotional needs when it comes to love, family life, spiritual health, career planning, and more. You will also find many practical activities and ideas to maximize your creative potential and fulfill your essential needs so you can create happiness at every stage of life. Praise: "A new book about new astrology for the New Age! Even a seasoned astrologer will find the insights new and sometimes profound. This is a good book to highlight in your astrology section."

The Beginner's Guide to Using Planetary Cycles to Plan and Predict Your Day, Week, Year (or Destiny)

Rowman & Littlefield

In the first chapters of this book, we simultaneously follow two threads. While considering the lives of Richard Wagner, Friedrich Nietzsche, and King Ludwig II of Bavaria in their nineteenth-century incarnations and in earlier incarnations, we examine the planetary configurations accompanying not only their conception, birth, and death, but also various significant events in their lives. In this way we experience how these two perspectives—the biographical and the astrological—weave together and are intimately interconnected. As illuminating as this is, the author also indicates however that astrological calculation alone can never suffice for the truly deep biographical research into karma and reincarnation demonstrated in this work. The author shows that although it is clear that an individual's destiny is connected with the positions of the celestial bodies—that certain regular occurrences are evident—nonetheless no strict regularities exist. He maintains moreover that a certain level of clairvoyance is requisite for any serious astrological study of destiny; even more—that real astrology requires initiation. Such astrological research, when successfully carried out as it is

here, relating salient celestial configurations to the life-drama of well-known historical personalities, reads like fine literature. On a practical level this work illustrates several important new tools for the astrologer: how to calculate hermetic charts, how to cast horoscopes not only of birth and death but also of conception (including the astrological significance of the embryonic period between conception and birth), and then also how to apply these various horoscopes in describing the spiral of life that unfolds in seven-year periods during the course of a person's earthly existence. All this reveals profound and fascinating regularities—among them the discovery that stellar configurations during the embryonic period are reflected again and again in the subsequent periods of life. Quite new for most readers will be the author's treatment of Uranus, Neptune, and Pluto, indicating that the names given these planets are deeply meaningful in the light of spiritual science. To make his case he extends Rudolf Steiner's description of cosmic evolution by drawing upon Greek mythology, particularly Orphic cosmology. This book by Robert Powell is of the greatest possible interest. Professor Konrad Rudni_ki Astronomical Observatory Jagiellonian University Cracow, Poland
Understanding Retrogrades Whitford Press

Provides an investigation of planetary energies and their meaning and effect in one's personal life and on human consciousness. This book offers mental, emotional, physical and spiritual remedial techniques and suggestions, designed to assist readers in living with the implications and complexes inherent in specific planetary combinations.

Horoscope Symbols Schiffer Pub Limited

What Robert Pelletier does in *Planets in Houses* has never been done before in the history of astrology. He discusses the meaning of each planet in each house as derived by counting from each of the other eleven houses, and he discusses the meaning of each house position in relation to the other houses with which it forms trines, sextiles, squares and oppositions, inconjuncts and semi-sextiles. In each chapter, wheel symbols graphically show the seventeen different house relationships delineated for each

planet. Finally, Pelletier delineates the Sun-Moon polarities in terms of the wheel of houses: for each house position of the Sun, he interprets each of the twelve possible related house positions of the Moon. Each chapter presents the traditional meaning of the house and explains how the derivative house system applies to it.

Gods of Change Whitford Press

This book covers complete delineations of all the major transits - conjunction, sextile, square, trine and opposition - that occur between transiting Sun, Moon and all planets to each planet in the natal chart and the Ascendant and Midheaven, as well as complete delineations of each planet transiting each house of the natal chart. These 720 lucid delineations are full of insight for both the professional astrologer and the beginner.

Exploring Your Emotional and Sexual Needs Red Feather

Using a new language of energy based on the ancient "four elements" and in harmony with that used by the more advanced healing arts, renowned author Stephen Arroyo here explores how astrology as a language of energy can be astoundingly accurate and useful in illuminating individuals' energy exchange in all close relationships. The preface, author's note, introduction, and early chapters of Person-to-Person Astrology lay the groundwork for serious consideration of astrology as a significant discipline. The following chapters detail the influence of the four elements—Fire, Earth, Water, Air—on the 12 signs, with a particular emphasis on the rising sign (Ascendant). The author shows readers how to experiment by comparing birth charts, and explains, through detailed descriptions, people's psychological motivations and needs

based on the positions of their Moon, Venus, and Mars. Appendices include astrological definitions, keywords, and sign tables that allow readers quick access to the basics. Written in the author's trademark clear, accessible style, Person-to-Person Astrology presents a new approach to finding fulfillment in any kind of relationship.

Towards a New Wisdom of the Stars

American Federation of Astr

Every major aspect (conjunction, sextile, square, trine, opposition, inconjunct) is covered, 314 aspects in all, 300 words per aspect, thumb indexed for easy reference. Planets in Aspect, the first volume published in Para Research's Planets series, is undoubtedly the most thorough in-depth study of planetary aspects (including the inconjuncts) ever written. It's intelligent, yet easy to read. It's personal, yet objective. It's astrology that really works... and keeps on working for you.
