Rats  
Observations  
On The  
HistoryRobert  
Sullivan's  
"Rats" is a  
perfectly  
serviceable,  
moderately  
entertaining  
book that

does the job it  
promises,  
introducing  
the reader in  
an informal  
and personal  
style to his  
observations  
of rats  
through  
history,

anecdotes, and his own rat-watching endeavors. Rats: Observations on the History & Habitat of the City's ... In Rats, the critically acclaimed bestseller, Robert Sullivan spends a year investigating a rat-infested alley just a few blocks away from Wall Street. Sullivan gets to know not just the beast but its friends and foes: the exterminators, the sanitation workers, the agitators and activists who

have played their part in the centuries-old war between human city dweller and wild city rat. Rats: Observations on the History & Habitat of the City's ... And much of the book also details the history of rats and humans in New York City, where the author spent a season observing rats in an alley full of garbage from nearby restaurants. To the extent this book has any drawbacks there are

fairly long asides about the human history and some obscure historical events in New York City. Rats: Observations on the History & Habitat of the City's ... Rats: Observations on the History & Habitat of the City's Most Unwanted Inhabitants Robert Sullivan Bloomsbury Publishing USA, Dec 11, 2008 - Nature - 272 pages Rats: Observations on the History & Habitat of the City's ...
