The use of mobile and wireless technologies to support the achievement of health objectives (mHealth) has the potential to transform the face of health service delivery across the globe. A powerful combination of factors is driving this change. These include rapid advances in

mobile technologies and applications, a rise in new opportunities for the integration of mobile health into existing eHealth services, and the continued growth in coverage of mobile cellular networks. According to the International Telecommunication Union (ITU), there are now over 5 billion wireless subscribers; over 70% of them reside in low- and middle-income countries. The GSM Association reports commercial wireless signals cover over 85% of the world's population, extending far beyond the reach of the electrical grid. For the first time the World Health Organization's (WHO) Global Observatory for eHealth (GOe) has

sought to determine the status of mHealth in Member States; its 2009 global survey contained a section specifically devoted to mHealth. Completed by 114 Member States, the survey documented for analysis four aspects of mHealth: adoption of initiatives, types of initiatives, status of evaluation, and barriers to implementation. Fourteen categories of mHealth services were surveyed: health call centres, emergency toll-free telephone services, managing emergencies and disasters, mobile telemedicine, appointment reminders, community mobilization and health promotion, treatment compliance, mobile patient records,

information access, patient monitoring, health surveys and data collection, surveillance, health awareness raising, and decision support systems.

*Timing of Events Through Dasha & Transit* Rockridge Press 'Blind Chart Analysis' is a procedure in which an astrologer predicts the past events and present condition of a native only by looking into the horoscope, without having a prior knowledge about the native. Astrologers practice this method for many reasons: for birth-time rectification, to bring faith in the client about the efficacy of astrology, to

test the astrological techniques, to find out which method suits best for the given case, and to demonstrate his/her predictive abilities. To do blind chart analysis successfully an astrologer should have very sound knowledge of the subject, vast experience, good intuition and a bit of luck also. This book presents 100 cases of Blind Chart Analysis of people who approached the author for astrological consultation. This is a book, first of its kind, where the author demonstrates the method of Blind Chart Analysis by explaining the astrological reasons for the queries he asked the natives and for the responses he got. This work impresses the reader

about the power and utility of Jyotisha in general and Nandi Naadi methods in particular. A must for anyone who wishes to gain command over the art of prediction. Predicting Past and Background of Unknown People The Wessex Astrologer A most reliable guide to practical astrology, Notable Horoscopes does not contain startling predictions and amazing forecasts. (Retd.) Shashikant Oak of Pune has a great contribution in bringing the Naadi palm leaf based astrological system into limelight. For about past 18 years, he has been conducting an original research on the aforesaid system. His research includes various scientific angles, and has given the whole subject a new dimension. To conduct the original research, he has visited almost all the Naadi centers in India during the course of last 18 years, apart from individually meeting a thousands of persons to take on account the firsthand experiences. He has also presented a detailed paper called 'Comparative Study: Nostradamus and Naadi Granthas.' This

revised and enlarged edition includes fresh astonishing experiences such as:- readings from blank paper, appearance of vibhooti upon the palm leaf, shocking episodes of Group Caption Rakesh Nanda throwing light on the ancient Maharishi's wisdom available in India. First time more than 220 addresses from all over Indian states have been presented in alphabetical order. Excerpts from the interview of Padamshree Dr. Vijay Bhaskar: "As I am a scientist; while thinking about the Naadi palm leaves, my entire focal point was the computational aspect of it. How do the Maharishis know in advance the names and other information

about the native? After an in-depth study, I conclude: if the supercomputers of ten years from today compute this information, it will take 10,00,00,00,00,00,00,00,000 calculations to collect information of one native. Simply putting, it is mathematically impossible. In the terms of computer science, this is referred to as the NP complete problem." Here is sample how the name of a person appears in the leaf:

This book is an attempt to create awareness about true nature of a number of important Yogas mentioned in Vedic astrology. These Yogas include benefic Yogas like Hamsa

Yoga, Malavya Yoga, Ruchaka Yoga and Vipreet Rajyoga; and they include malefic Yogas like Guru Chandal Yoga, Grahan Yoga and Angarak Yoga. This edition features comprehensive details about various yogas. The focus here is going deeper and deeper. In case of each one of these Yogas, its prevalent definition is given first. The scientific as well as logical probabilities of that definition holding well or not are discussed after that. Then the additional conditions required for proper formation of the Yoga are considered. Finally, other important factors which may affect the good or bad results given by that particular Yoga are discussed. These

factors include placements of various planets in various houses, signs, nakshatras and navamshas; influences of other benefic and malefic planets; and the impact of planetary periods. This way, a logical, balanced and comprehensive approach has been implemented in case of each one of these Yogas.

**BESTSELLER** - Thought leader, visionary, philanthropist, mystic, and yogi Sadhguru presents Western readers with a time-tested path to achieving absolute well-being: the classical science of yoga. **NAMED ONE OF THE TEN BEST BOOKS OF THE YEAR BY SPIRITUALITY & HEALTH** The practice of hatha yoga, as we commonly know it, is but one of eight branches of the body of knowledge that is yoga. In fact, yoga is a sophisticated system of self-empowerment that is capable of harnessing and activating inner energies in such a way that your body and mind function at their optimal capacity. It is a means to create inner situations exactly the

way you want them, turning you into the architect of your own joy. A yogi lives life in this expansive state, and in this transformative book Sadhguru tells the story of his own awakening, from a boy with an unusual affinity for the natural world to a young daredevil who crossed the Indian continent on his motorcycle. He relates the moment of his enlightenment on a mountaintop in southern India, where time stood still and he emerged radically changed. Today, as the founder of Isha, an organization devoted to humanitarian causes, he lights the path for millions. The term guru, he notes, means "dispeller of darkness, someone who opens the door for

you. . . . As a guru, I have no doctrine to teach, no philosophy to impart, no belief to propagate. And that is because the only solution for all the ills that plague humanity is self-transformation. Self-transformation means that nothing of the old remains. It is a dimensional shift in the way you perceive and experience life." The wisdom distilled in this accessible, profound, and engaging book offers readers time-tested tools that are fresh, alive, and radiantly new. Inner Engineering presents a revolutionary way of thinking about our agency and our humanity and the opportunity to achieve nothing less than a life of joy. Praise for Sadhguru and Inner Engineering

His book is filled with moments of wonder, awe, and intellectual challenge. I highly recommend it for anyone interested in self-transformation."--Mark Hyman, M.D., director, Cleveland Clinic Center for Functional Medicine, and *New York Times*

Caste, Business, and Industry in a Modern Nation All India Federation of Astrologers' Societies In Vedic astrology, the

associations the planets form or variations of how they are placed in a horoscope are referred to as yogas. Yoga literally means union or that which adds, joins or yokes.

Astrologically, Yoga refers to planetary combinations or configurations and their special results, which affect the life of an individual. In traditional Indian ephemeris, known as Panchang, Yoga is also a particular division of time, arrived at by adding longitudes of the Sun and the Moon at birth. These are 27 in number, starting from Viskumbha to Vaidhriti, each governed by a different constellation or lunar-mansion, which are also 27 in number. In spiritual field, the word

“Yoga” means training, taming and stimulating the body and mind with universal soul. In Ayurveda, the yoga of two or more medicines gives specific results. Yogas are one of the unique features of Vedic astrology. There are hundreds of yogas mentioned in various classical texts. Most of the yogas are formed of more than one planet, but all combinations do not mean a yoga formation. The idea behind these yogas is to equate the planets’ strength in a chart, and how & when they will produce their effects in a native’s life.

This book deals with the determination of method of timing of events through dasha and transit. The horoscope and related divisional charts can simply give an indication about the auspicious and inauspicious probabilities on the basis of the study of house, house lord and significator whereas the timing of an event cannot be calculated without understanding the impact of major period & transit in operation so for getting timing of events in one's life, we use Dasha and transits. Dasha tells which planet is affecting the native at a particular time, whereas transit tells us which natal

planet is vibrating because of the transiting planet. A combined result of Dasha and transit gives us the behavior of the native at a particular time. In nutshell the Horoscope and concerned divisional charts only indicate the promise in the horoscope, negative or positive, according to the position of house, house lord, significator, concerned house from the significator. But the time of fructification of event is indicated by the Dasha/Anterdasha of different planets. If a good dasha is in operation, the native will get good results according to the

significations of the concerned dasha nath and its lordship in the horoscope. For determining the timing of events for various events such as education, profession, marriage, children, acquiring of vehicle, land and property, foreign travels, each subject is discussed in detail in different chapters. The principles to identify the timing of events are given with illustrations / examples.
