The 6th ESLAB Symposium, organised by the Space Science Department (formerly ESLAB) of the European Space Research and Technology Center, was held in Noordwijk from 26-29 September 1972. This year the theme was "Photon and Particle Interactions with Surfaces in Space". More than 60 scientists attended mainly from ESRO Member States and from America. The first part of the Symposium was devoted to introductory lectures and to papers on interactions with spacecraft. The second half dealt with the photon and particle interactions with celestial objects, and ended with a general discussion and presentations of areas where new developments are required. The purpose of this Symposium was to throw light on the importance of the problems which are evoked by E. A. Trendelenburg in his introductory remarks, and to sum up our present understanding of these phenomena. It is hoped that this book will prove useful to physicists and engineers who are actually involved in space experiments and are concerned with interactions of these types. R. J. L. GRARD OPENING ADDRESS Gentlemen, I should like to welcome you to the 6th ESLAB Symposium. In the past we have always organised this Symposium jointly with our sister institute, ESRIN, in Frascati, but unfortunately reductions in the scientific budget have forced ESRO to terminate the activities of that laboratory. Nevertheless, we have decided to carry on the tradition, and we shall continue on our own organising this series of symposia on specialised subjects.

The Mayan god of death sends a young woman on a harrowing, life-changing journey in this dark, one-of-a-kind fairy tale inspired by Mexican folklore. "A spellbinding fairy tale rooted in Mexican mythology . . . Gods of Jade and Shadow is a magical fairy tale about identity, freedom, and love, and it's like nothing you've read before."—Bustle NEBULA AWARD FINALIST • NAMED ONE OF THE BEST BOOKS OF THE YEAR BY NPR • Tordotcom • The New York Public Library • BookRiot The Jazz Age is in full swing, but Casiopea Tun is too busy cleaning the floors of her wealthy grandfather's house to listen to any fast tunes. Nevertheless, she dreams of a life far from her dusty small town in southern Mexico. A life she can call her own. Yet this new life seems as distant as the stars, until the day she finds a curious wooden box in her grandfather's room. She opens it—and accidentally frees the spirit of the Mayan god of death, who requests her help in recovering his throne from his treacherous brother. Failure will mean Casiopea's demise, but success could make her dreams come true. In the company of the strangely alluring god and armed with her wits, Casiopea begins an adventure that will take her on a cross-country odyssey from the jungles of Yucatán to the bright lights of Mexico City—and deep into the darkness of the Mayan underworld. Praise for Gods of Jade and Shadow "A dark, dazzling fairy tale . . . a whirlwind tour of a 1920s Mexico vivid with jazz, the memories of revolution, and gods, demons, and magic."—NPR "Snappy dialog, stellar worldbuilding, lyrical prose, and a slow-burn romance make this a standout. . . Purchase where Naomi Novik, Nnedi Okorafor, and N. K. Jemisin are popular."—Library Journal (starred review) "A magical novel of duality, tradition, and change . . . Moreno-Garcia's seamless blend of mythology and history provides a ripe setting for Casiopea's stellar journey of self-discovery, which culminates in a dramatic denouement. Readers will gladly immerse themselves in Moreno-Garcia's rich and complex tale of

desperate hopes and complicated relationships.”—Publishers Weekly (starred review)

"Jordan's weird western snatches the best adventure and suspense elements from both genres and distills them to their essences, creating a violence-laced but enjoyable romp."--Publishers Weekly "This first novel adds a fresh sf twist to a . . . Wild West legend. This gritty story blends the right amount of hard trials and humor, giving readers a revitalized perspective on a familiar folklore heroine.--Library Journal "Calamity is a lesson on how to do it right. Highly recommended."--Peter David, New York Times Best-selling Author "J. D. Jordan's Calamity is a satisfyingly gritty, intense and entertaining novel that deserves the attention of speculative fiction readers . . . It's something different, because it offers a fascinating glimpse into the early life of Calamity Jane. It's quite an extraordinary sci-fi Western romp."--Risingshadow.net!m sure you've heard of Calamity Jane, but this is not a novel about Calamity Jane. At least not the Jane you may have read about. Calamity Jane is part of the legends of the Wild West, but long before she scouted with Custer or "Wild Bill" Hickok, she was a fifteen-year-old girl with a fiery temper. Violence and tragedy turn young Jane's world upside down and soon she finds herself riding with an alien gunslinger--the Green Man--through a landscape of revenge and betrayal. Along the way, she learns how to shoot a six-gun and how to stand on her own, even when surrounded by Lakota warriors, and be respected. From space ships to guns that can shoot the wings off a butterfly a mile away, young Jane realizes that the universe is far bigger than the Wild West and that she can trust no one in it to save her but herself. When the villainous Grays meddling in the wars between the Indians and the government stand in the way of the Green Man making his way home, Jane finds her desire for revenge may be less than her loyalty for the longrider. And in that realization, she becomes the hero the Wild West has long remembered. So, forget what you know of how the West was won. Forget the Indian Wars and Custer's Last Stand. Instead, learn the truth of what happened when a young girl met a longrider she called the Green Man . . .

[Dust and Shadow \(B&N\)](#) Del Rey

In the primary arc, a rich young woman is abused, humiliated and abandoned by her new husband, Jacob Fuller, whom she married against the wishes of her father. The young Fuller resents her father's rejection and dismissal of him as a ne'er-do-well and resolves to exact his revenge by mistreating his new bride.

The ancient order of the web spinners is changing. An old friend returns brandishing a curious silver knife, and Stewart Zanderson is drawn into a strange world of wonder and deceit. The ensuing bloody scene sets Detective Clementine Figgins on his tail, and into a case she could never explain. But the boy, escaped from the dreaded warehouse, now has the knife. And running from his captors through the canyons of San Diego with his new friends and special dog, he ties everything together. People fight. Some die.The ancient order will change, but who will rise when the dust settles? Enter the world of the webspinners. Where everything is connected and nothing is what it seems. San Diego's own two fisted, hard boiled urban fantasy!Magic! Murder! Mayhem! Ancient alchemy and shamanic sorcery combine with gritty police drama. Set in the streets and canyons of Golden Hill, San Diego.

[LIFELINE](#) Hachette UK

Over the hills and far away, a man suddenly finds after being struck by lightning that he is no longer walking in the Cumbrian Fells but is somewhere else entirely. Where that is, however, he does not know. The hills and mountains, lush green forests and the sea pounding at the shore are all unfamiliar and seem to beckon to him, drawing him from the paths and into the land itself. Yet he has little time to familiarise himself with these tantalising new sights and sounds that call to him before an unfortunate accident ends with him destroying a lighthouse and soon after a trading vessel that belongs to a mysterious ruler known only as, "The Keel." Soon he is abducted by the shipwrecked crew and they decide to take him to their master to stand trial for the wanton destruction of his property. There is, however, one problem. The journey overland through the countryside that is a mystery to him will take weeks to cover, and the journey grows hazardous as they walk further across the fertile green plains and mountains of a place he now knows to be called, "Felastia." It all started with the mysterious woman: the red-headed girl who would arrive at his place of work unannounced and ask to be fed. Yet she is more than she looks, for he cannot seem to either shake her from his thoughts, but neither can he find her. She seems to have vanished into thin air. Or has she? But there are others in this land that are waiting for him: mysterious spheres of light that seem to follow his every move, spying on him. There are servants of darkness that seem to be showing an unhealthy interest in him too, for forces are abroad that are seeking him out for purposes known only to themselves, and soon he will find himself embroiled in a war, his part in which is to prove to be the adventure - and journey - of a lifetime. "Lost in Translation" is the first part of "Into the Light," and the start of a new epic fantasy trilogy from Michael White. It is a fantasy adventure for lovers of lands strange and magical where can be found mountains to climb and forests to enter.

Over the hills and far away, Paul has travelled far into the lands of Felastia though he has yet to have his reckoning with the mysterious figure known only as, "The Keel." His adventures have been many and the strange magical land he finds himself in continues to enchant him at every turn. Yet he knows now that there are dangers too in this land of magic and beauty. Marked by the strange Shadow creatures and the Green Man himself, a battle rages within him for dominance, and his reluctance to choose a side sees within him the danger that he may fade and become mist, dispersed by the wind and lost to all. Now though the mysterious woman known only to him as Aoife has been found, and it is time for him to pick a side, for she has great need of him, as do the nations of Felastia, for war approaches, and soon events will combine to over-run them all. "The Road of the Sun" is part two of "Into the Light," a new trilogy from Michael White. It is a fantasy adventure for lovers of lands strange and magical where can be found mountains to climb and forests to enter. "Into the Light" comprises of two books: "Lost in Translation" and "The Road of the Sun."

NATIONAL BESTSELLER • “Exciting and provocative . . . A tour de force of a book that begs to be seen as well as to be read.”—The Washington Post Book World World renowned scientist Carl Sagan and acclaimed author Ann Druyan have written a Roots for the human species, a lucid and riveting

account of how humans got to be the way we are. Shadows of Forgotten Ancestors is a thrilling saga that starts with the origin of the Earth. It shows with humor and drama that many of our key traits—self-awareness, technology, family ties, submission to authority, hatred for those a little different from ourselves, reason, and ethics—are rooted in the deep past, and illuminated by our kinship with other animals. Sagan and Druyan conduct a breathtaking journey through space and time, zeroing in on critical turning points in evolutionary history, and tracing the origins of sex, altruism, violence, rape, and dominance. Their book culminates in a stunningly original examination of the connection between primate and human traits. Astonishing in its scope, brilliant in its insights, and an absolutely compelling read, Shadows of Forgotten Ancestors is a triumph of popular science.

Whether chanted as devotional prayers, intoned against the dangers of the wilds, or invoked to heal the sick and bring ease to the dead, incantations were pervasive features of Buddhist practice in late medieval China (600Ð1000 C.E.). Material incantations, in forms such as spell-inscribed amulets and stone pillars, were also central to the spiritual lives of both monks and laypeople. In centering its analysis on the Chinese material culture of these deeply embodied forms of Buddhist ritual, *The Body of the Incantatory* reveals histories of practiceÑand logics of practiceÑthat have until now remained hidden. Paul Copp examines inscribed stones, urns, and other objects unearthed from anonymous tombs; spells carved into pillars near mountain temples; and manuscripts and prints from both tombs and the Dunhuang cache. Focusing on two major Buddhist spells, or dharani, and their embodiment of the incantatory logics of adornment and unction, he makes breakthrough claims about the significance of Buddhist incantation practice not only in medieval China but also in Central Asia and India. His work vividly captures the diversity of Buddhist practice among medieval monks, ritual healers, and other individuals lost to history, offering a corrective to accounts that have overemphasized elite, canonical materials.

Vintage

This collection of short mysteries by the international-bestselling author of *Dust and Shadow* “belongs on the top shelf with the very best of Doyle’s” (Nicholas Meyer, author of *The Seven-Per-Cent Solution*). Inspired by Sir Arthur Conan Doyle’s Sherlock Holmes and Dr. John Watson, Edgar Award–finalist Lyndsay Faye has masterfully woven these quintessential characters into her own works of fiction—from her acclaimed debut novel, *Dust and Shadow*, to a series of short stories for the *Strand Magazine*, whose predecessor published the first Sherlock Holmes story in 1892. The best of Faye’s Sherlockian tales, including two new works, are brought together in a collection that spans the character’s career, from self-taught upstart to lauded detective, both before and after he faked his own death over a Swiss waterfall in 1894. In “The Lowther Park Mystery,” the unsociable Holmes is forced to attend a garden party at the request of his politician brother and improvises a bit of theater to foil a conspiracy against the government. “The Adventure of the Thames Tunnel” brings Holmes’s attention to the murder of a jewel thief in the middle of an underground railway passage. With Holmes and Watson encountering all manner of ungrateful relatives, phony psychologists, wronged wives, outright villains, and even a peculiar species of deadly red leech, *The Whole Art of Detection* is a must-read for any fan of historical crime fiction. “If Lyndsay Faye’s byline weren’t on the cover, readers might deduce that the Sherlock Holmes mysteries in *The Whole Art of Detection* actually came from Sir Arthur Conan Doyle.”

—David Martindale, *Fort Worth Star-Telegram*

Brian Crawford was a twenty-year-old hippie, hitch-hiking around the country from the East Village to Haight-Ashbury and various hippie communes and centers in between, sampling every psychedelic experience he could find. One day in Boulder, Colorado, he met a mysterious stranger with something new - peyote, the magic cactus. With his girlfriend Elissa, the bizarre and paranoid Mike just returned from Vietnam, Sara the seductress, and fellow travelers Sean and Chris, he set off in a red 1947 Cadillac ambulance in an odyssey through the southwest in search of the places where peyote was rumored to grow. They found what they were looking for, and more. Busted by Immigration, he and Mike spent a week in a small town jail

and met and educated some of the local kids who had only read about the hippie phenomenon. After his release, he joined a hippie commune in Fort Worth. In the process, he learned as much about himself as the strange world of the psychedelic cactus.

**His Last Bow Illustrated** Penguin

In a tour de force of historical reportage, Timothy Egan's National Book Award-winning story rescues an iconic chapter of American history from the shadows. The dust storms that terrorized the High Plains in the darkest years of the Depression were like nothing ever seen before or since. Following a dozen families and their communities through the rise and fall of the region, Timothy Egan tells of their desperate attempts to carry on through blinding black dust blizzards, crop failure, and the death of loved ones. Brilliantly capturing the terrifying drama of catastrophe, he does equal justice to the human characters who become his heroes, "the stoic, long-suffering men and women whose lives he opens up with urgency and respect" (New York Times). In an era that promises ever-greater natural disasters, *The Worst Hard Time* is "arguably the best nonfiction book yet" (Austin Statesman Journal) on the greatest environmental disaster ever to be visited upon our land and a powerful reminder about the dangers of trifling with nature.

This e-book includes a sample chapter of THE IMMORTAL IRISHMAN.
