JADA MASON

Corporate Finance, Fourth Canadian Edition Foundation Press

In the fourth edition of Introduction to Corporate Finance, authors Laurence Booth and Sean Cleary welcome new author Ian Rakita. The addition of a new author further enhances this already great ground up Canadian text. The fourth edition has been revised to be even more user friendly and engaging. Content has been restructured with additional sub headings in some chapters and the merger of some sections in others—all with the goal of aiding comprehension and retention. The text continues to provide undergraduate students with the most thorough, accessible, accurate, and current coverage of the theory and application of corporate finance within a uniquely Canadian context. This text will provide students with the skills they need to succeed not only in the undergraduate course, but in their future careers.

Corporate Finance and the Securities Laws John Wiley & Sons

Fundamentals of Corporate Finance helps students develop the intuition and analytical skills necessary to effectively apply financial tools in real-world decision-making situations. The authors provide a fully integrated framework for understanding how value creation relates to all aspects of corporate

finance; whether it be evaluating an investment opportunity, determining the appropriate financing for a business, or managing working capital. This unique and integrated framework also provides robust coverage of problem solving and decision-making skills.

Financial Management Cengage Learning

The third edition of this widely used collection provides a thoroughly revised set of seminal articles presenting the latest in academic thinking by experts in the field of finance. Using articles from the highly regarded Journal of Applied Corporate Finance, it gives real insight into the practical implications of the most recent theoretical advances in the field. The completely revised and updated third edition retains a number of the key original articles and adds new pieces on the most important recent developments, including corporate governance, corporate restructuring, risk management, dividend policy, capital structure, and the economic consequences of high leverage and stock market pressures on corporate management and the role of corporate boards in the 1990s.

Fundamentals of Corporate Finance, Global Edition Irwin/McGraw-Hill

For MBA/graduate students taking a course in corporate finance. An Emphasis on Core Financial Principles to Elevate Individuals' Financial Decision Making Berk and DeMarzo's Corporate Finance uses a unifying valuation framework, the Law Of One Price, to present the core content instructors expect, the new ideas they want, and the pedagogy their students need to succeed. Corporate Finance: The Core fits programs and individual professors who desire a streamlined book that is specifically tailored to the topics covered in the first one-semester course. For programs and professors who would like to use a text in a two semester, or more, sequence, please see Corporate Finance, the 31-chapter book also by Jonathan

Berk and Peter DeMarzo. MyFinanceLab™ not included. Students, if MyFinanceLab is a recommended/mandatory component of the course, please ask your instructor for the correct ISBN and course ID. MyFinanceLab should only be purchased when required by an instructor. Instructors, contact your Pearson representative for more information. MyFinanceLab is an online homework, tutorial, and assessment product designed to personalize learning and improve results. With a wide range of interactive, engaging, and assignable activities, students are encouraged to actively learn and retain tough course concepts

Corporate Finance John Wiley & Sons

A comprehensive look at the enormous growth and evolution of distressed debt markets, corporate bankruptcy, and credit risk models This Fourth Edition of the most authoritative finance book on the topic updates and expands its discussion of financial distress and bankruptcy, as well as the related topics dealing with leveraged finance, high-yield, and distressed debt markets. It offers state-of-the-art analysis and research on U.S. and international restructurings, applications of distress prediction models in financial and managerial markets, bankruptcy costs, restructuring outcomes, and more.

Corporate Financial Management Aspen Law & Business

Corporate Finance: Principles and Practice takes a finance-oriented approach to this body of law, instead of the typical casebook approach. Students don't learn finance from the cases; instead, they first learn financial principles, and then apply the finance they've learned to analyze and understand the cases. The book emphasizes what students will need to know as lawyers practicing in the area -- with an emphasis on the contractual solutions employed to deal with the various conflicts and ambiguities that arise in the area.

Fundamentals of Corporate Finance Fundamentals of Corporate Finance

Prepared by Matthew Will of the University of Indianapolis, the Study Guide contains a thorough list of activities for the student, including an introduction to the chapter, sources of business information, key concepts and terms, sample problems with solutions, integrated PowerPoint slides, and related web links.

Corporate Financial Reporting Analysis combines comprehensive coverage and a rigorous approach to modern financial reporting with a readable and accessible style. Merging traditional principles of corporate finance and accepted reporting practices with current models enable the reader to develop essential interpretation and analysis skills, while the emphasis on real-world practicality and methodology provides seamless coverage of both GAAP and IFRS requirements for enhanced global relevance. Two decades of classroom testing among INSEAD MBA students has honed this text to provide the clearest, most comprehensive model for financial statement interpretation and analysis; a concise, logically organized pedagogical framework includes problems, discussion questions, and real-world case studies that illustrate applications and current practices, and in-depth examination of key topics clarifies complex concepts and builds professional intuition. With insightful coverage of revenue recognition, inventory accounting, receivables, long-term assets, M&A, income taxes, and other principle topics, this book provides both education and ongoing reference for MBA students.

Fundamentals of Corporate Finance South Western Educational Publishing

Parrino's Fundamentals of Corporate Finance develops the key concepts of corporate finance with an intuitive approach while also emphasizing computational skills, enabling students to develop the critical judgments necessary to apply financial tools in real decision-making situations. The fourth edition offers a level of rigor that is appropriate for both business and finance majors.

Corporate Finance Wiley Global Education

Corporate Finance: The Basics is a concise introduction to the inner workings of finance at the company level. It aims to take the fear out of corporate finance and add the fun in, presenting the subject in a way that is simple to grasp and easy to digest. Its aim is to explain – and demystify – the essential ideas of corporate finance, avoiding the heavy use of maths and formulae. The calculations and figures in the book are purely to illustrate fundamental concepts, appealing to readers' common sense, rather than stretch their ability to do "number-crunching". Topics covered include: Financial statements through the corporate finance lens How to make investment decisions Cash versus profit Net working capital management How to determine the value of a business Through the use of a subject map, this book explains how the key components of the subject are connected with each other, strengthening the reader's understanding. This book is the ideal introduction for anyone looking for a short yet scholarly overview of corporate finance.

Corporate Finance, Principles and Practice John Wiley & Sons

Fundamentals of Corporate FinanceBerk, Demarzo & Harford, the C

The Revolution in Corporate Finance Berk, Demarzo & Harford, the C

Motivate your students to study finance by focusing on its five underlying principles. Foundations of Finance enables students to see the big picture by helping them understand the logic that drives finance rather than having them memorize formulas. The seventh edition now includes Cautionary Tales, a reordered presentation, and integration with Pearson's revolutionary online software, MyFinanceLab.

Corporate Finance, 4th Edition Addison-Wesley
