Essentials of Organizational Behavior

Pearson Higher Ed

This book is the first Southern African edition of Stephen P. Robbins's Organizational Behaviour, the best-selling organisational behaviour textbook worldwide.

Cracked it! Prentice Hall Ideal for anyone studying an introductory module in organisational behaviour, Introduction to Organisational Behaviour is a rigorous critique of all essential organisational behaviour topics. A comprehensive book with extensive accompanying online resources makes this a must-have package for anyone wanting to understand the theory and practice of organisational behaviour. Practitioner case studies, supporting video interviews where solutions and approaches are discussed, review questions at the end of every chapter make this an essential resource. Covering organisational behaviour in the context of individuals, groups and teams and managing organisations as well as the importance of

organisational structures and emerging issues, Introduction to Organisational Behaviour gives understanding and guidance on the full spectrum of organisational behaviour issues. Supported by extensive online resources including video interviews, clips of key skills lecture slides, additional tutorial activities and a test bank of multiple choice questions make this a truly integrated print and electronic learning package.

Experiences in Management and Organizational Behavior Dartmouth Publishing Company Make better decisions – every day, everywhere! Decide and Conquer, Second Edition brings together all the practical skills you need to do just that. This quick, concise book identifies every key obstacle to quality decision-making and shows exactly how to overcome them. You'll discover how your personality impacts your decision-making, why instincts and experience can lead you astray, how to simplify complex decisions without oversimplifying them and much more. Renowned

management author Dr. Stephen P. Robbins translates cutting-edge research findings about human behavior and decision-making into language anyone can understand – and act upon. In this Second Edition, he provides many new and updated examples, updated research, and new coverage, including these crucial new topics: Are you a Maximizer or a Satisficer – and what it means for your decision-making Overcoming the familiarity bias, adaptation bias, and fear-of-loss bias How to stop throwing good money after bad Knowing when doing nothing is your best option Accounting for gendered decision-making styles Decide and Conquer, Second Edition covers everything from goal-setting and risk-taking to overconfidence to procrastination, and offers indispensable insights for overcoming the multiple biases that are built into all human decision-makers. You'll use Robbins' powerful techniques to improve every decision you make – about your relationships, career, finances, everything!

How to solve big problems and sell

solutions like top strategy consultants

Essentials of Organizational Behavior Discover today's quick, practical, proven guide to overcoming "killer" management problems and succeeding brilliantly as a leader! Unlike other management books, *The Truth About Managing People*, Fourth Edition is 100% practical and completely based on tested evidence, not mere anecdote or opinion. Top management author Stephen P. Robbins has distilled thousands of research studies, meta-analyses, and Big Data investigations into a set of 63 proven, tested solutions for today's make-or-break management challenges. Each solution is presented quickly and concisely, in just 2-3 pages, so you can absorb them fast, and use them immediately. Robbins' fully updated truths cover every key aspect of management, including hiring the right people and building winning teams; designing high-productivity jobs and rewarding the right behaviors; managing diversity, change, conflict, turnover, and staff cuts; overcoming self-serving bias, groupthink, and digital distractions, and

much more. This edition adds nine all-new chapters, covering the crucial importance of people skills, building emotional intelligence, loyalty expectations, employee engagement and mentoring, managing face-to-face vs. virtual teams, overcoming the downsides of teams, handling unacceptable workplace behavior, promoting creativity and innovation, and more. Whatever your management role, Robbins has compiled indispensable practical truths you can and will apply, every single day. **Theory, Practice, Revitalization** FT Press CD-ROM based, the unique resource includes 45 exercises divided into three parts: *What About Me?* *Working With Others*. *Life in Organizations*. Each exercise is automatically graded. Exercises are self scoring and generate individual analysis that can be saved for future reference, or printed as a homework assignment. *Airline Operations and Management* Pearson Education Canada Steve Wilkens exposes the complex ethical systems lurking behind the most common slogans of our culture, offering a Christian evaluation of

each. In this revised and expanded edition, the author has updated his introductory remarks about each ethical system and has included new chapters on evolutionary ethics and narrative ethics.

Defining Moments

Routledge

Organizational Behavior, Seventeenth Edition by Stephen P. Robbins and Timothy A. Judge.

When Managers Must Choose Between Right and Right Pearson South Africa

Human resources management is essential for any workplace environment and is deemed most effective when a strategic focus is in place to ensure that people can facilitate that achievement of organizational goals. But, effective human resource management also contains an element of risk management for an organization which, as a minimum, ensures legislative compliance. *Human Resources Management: Concepts, Methodologies, Tools, and Applications* compiles the most sought after case studies, architectures, frameworks, methodologies, and research related to

human resources management. Including over 100 chapters from professional, this three-volume collection presents an in-depth analysis on the fundamental aspects, tools and technologies, methods and design, applications, managerial impact, social/behavioral perspectives, critical issues, and emerging trends in the field, touching on effective and ineffective management practices when it comes to human resources. This multi-volume work is vital and highly accessible across the hybrid domain of business and management, essential for any library collection.

Human Resources Management: Concepts, Methodologies, Tools, and Applications

InterVarsity Press
Airline Operations and Management: A Management Textbook is a survey of the airline industry, mostly from a managerial perspective. It integrates and applies the fundamentals of several management disciplines, particularly economics, operations, marketing and finance, in developing the overview of the industry. The focus is on tactical, rather than strategic,

management that is specialized or unique to the airline industry. The primary audiences for this textbook are both senior and graduate students of airline management, but it should also be useful to entry and junior level airline managers and professionals seeking to expand their knowledge of the industry beyond their own functional area. *Insights Into Your Skills Abilities and Interests* Prentice Hall
For courses in organizational behavior. A streamlined presentation of key organizational behavior concepts
Essentials of Organizational Behavior teaches readers how to communicate and interact within organizations, through real-world scenarios. The text offers comprehensive coverage of key organizational behavior (OB) concepts, making each lesson engaging and easy to absorb. Body of Knowledge, Sixth
Edition Pearson Education
 The Truth About Managing
 People offers real
 solutions for the make-or-
 break problems faced by
 every manager. Readers
 will discover: how to
 overcome the true
 obstacles to teamwork;
 why too much
 communication can be as
 dangerous as too little;
 how to improve hiring and
 employee evaluations;
 how to heal layoff survivor
 sickness; even how to
 learn charisma. This isn't
 someone's opinion; it's a
 definitive, evidence-based
 guide to effective
 management: a set of
 bedrock principles to rely
 on throughout an entire
 management career. The
 Rules of Management:
 They're surprisingly easy

to learn and live by. Now,
 Richard Templar's brought
 them all together in one
 place. Templar covers
 everything from setting
 realistic targets to holding
 effective meetings;
 finding the right people to
 inspiring loyalty. Learn
 when and how to let your
 people think they know
 more than you (even if
 they don't) -- and
 recognize when they
 really do The first edition
 of The Rules of
 Management became a
 global phenomenon,
 topping bestseller charts
 around the world. This
 new, even better edition
 contains 10 brand new
 rules to take you further,
 faster. In Wired to Care,
 top business strategist
 Dev Patnaik tells the story
 of how organizations of all
 kinds prosper when they
 tap into a power each of
 us already has: empathy,
 the ability to reach
 outside of ourselves and
 connect with other
 people. When people
 inside a company develop
 a shared sense of what's
 going on in the world,
 they see new
 opportunities faster than
 their competitors. They
 have the courage to take
 a risk on something new.
 And they have the gut-
 level certitude to stick
 with an idea that doesn't
 take off right away.

People are Wired to Care,
 and many of the world's
 best organizations are,
 too.

A Quick and Handy Resource for Any Manager or HR Professional W.W. Norton & Company

A less-expensive grayscale paperback version is available. Search for ISBN 9781680922875. The field of management and organizational behavior exists today in a constant state of evolution and change. Casual readers of publications like the New York Times, The

Economist and the Wall Street Journal will learn about the dynamic nature of organizations in today's ever-changing business environment. Organizational Behavior is designed to meet the scope and sequence requirements of the introductory course on Organizational Behavior. This is a traditional approach to organizational behavior. The table of contents of this book was designed to address two main themes. What are the variables that affect how, when, where, and why managers perform their jobs? What theories and techniques are used by successful managers at a variety of organizational levels to achieve and exceed objectives effectively and efficiently throughout their careers? Management is a broad business discipline, and the Organizational Behavior course covers many areas such as individual and group behavior at work, as well as organizational

processes such as communication in the workplace and managing conflict and negotiation. No one individual can be an expert in all areas of management, so an additional benefit of this text is that specialists in a variety of areas have authored individual chapters. Finally, we all made an effort to present a balanced approach to gender and diversity throughout the text in the examples used, the photographs selected, and the use of both male and female in alternating chapters when referring to generic managers or employees.

13th Edition Pearson Higher Ed
Based on O'Neil, Fields, and Share's market-leading textbook and casebook, *Cases and Concepts in Comparative Politics: An Integrated Approach* integrates concepts and cases in one volume. Students get all of the materials in a straightforward, easy-to-use, and cost-effective way.
