Springer  
 A History of  
 Modern  
 Drama:  
 Volume II

explores a  
 remarkable  
 breadth of  
 topics and  
 analytical  
 approaches to

the dramatic works, authors, and transitional events and movements that shaped world drama from 1960 through to the dawn of the new millennium. Features detailed analyses of plays and playwrights, examining the influence of a wide range of writers, from mainstream icons such as Harold Pinter and Edward Albee, to more unorthodox works by Peter Weiss and Sarah Kane Provides

global coverage of both English and non-English dramas - including works from Africa and Asia to the Middle East Considers the influence of art, music, literature, architecture, society, politics, culture, and philosophy on the formation of postmodern dramatic literature Combines wide-ranging topics with original theories, international perspective, and

philosophical and cultural context Completes a comprehensive two-part work examining modern world drama, and alongside A History of Modern Drama: Volume I, offers readers complete coverage of a full century in the evolution of global dramatic literature. [A Very Short Introduction](#) Routledge The early modern period was an age of anatomical exploration and

revelation, with new discoveries capturing the imagination not only of scientists but also of playwrights and poets. Approximate Bodies examines, in fascinating detail, the changing representation of the body in early modern drama and in the period's anatomical and gynaecological treatises. Maurizio Calbi focuses on the unstable representation of both masculinity and femininity

in Renaissance texts such as *The Duchess of Malfi*, *The Changeling* and a variety of Shakespeare plays. Drawing on theorists including Foucault, Derrida and Lacan, these close textual readings examine the effects of social, psychic and cultural influences on early modern images of the body. Calbi identifies the ways in which political, social, racial and sexual power structures

effect the construction of the body in dramatic and anatomical texts. Calbi's analysis displays how images such as the deformed body of the outsider, the effeminate body of the desiring male and the disfigured body parts of the desiring female indicate an unstable, incomplete conception of the body in the Renaissance. Compelling and impeccably researched,

this is a sophisticated account of the fantasies and anxieties that play a role in constructing the early modern body. Approximate Bodies makes a major contribution to the field of early modern studies and to debates around the body.

Drama + Theory Heinle & Heinle Publishers This 1981 volume begins with the French revolt against naturalism in theatre and then covers the European

realist movement.

**Staging Place**

University of Toronto Press This book is a brilliant analysis of the emergence and development of modern drama from the Renaissance to the present day. This concise but wide-ranging book discusses the work of Ibsen, Chekhov, Strindberg, Satre, Brecht and Wilder, among others. Wiley-Blackwell (Applause Books).

Including Antoin Artaud, Bertolt Brecht, E. Gordon Craig, Luigi Pirandello, Konstantin Stanislavsky, W. B. Yeats, and Emile Zolaing. Modern Drama in Theory and Practice University of Iowa Press Examining some of the most iconic texts in English theatre history, including Titus Andronicus and The Changeling, this book, now in paperback with a new Preface,

reveals the pernicious erasure of rape and violence against women in the early modern era and the politics and ethics of rehearsing these negotiations on the 20th and 21st century stages.

Theatres of

Independence is the first comprehensive study of

drama,

theatre, and

urban

performance

in post-

independence

India.

Combining theatre history with theoretical analysis and literary interpretation, Aparna Dharwadker examines the unprecedented conditions for writing and performance that the experience of new

nationhood

created in a

dozen major

Indian

languages and

offers detailed

discussions of

the major

plays,

playwrights,

directors,

dramatic

genres, and

theories of

drama that have made the contemporary Indian stage a vital part of postcolonial and world theatre. The first part of Dharwadker's study deals with the new dramatic canon that emerged after 1950 and the variety of ways in which plays are written, produced, translated, circulated, and received in a multi-lingual national culture. The second part traces the formation of

significant postcolonial dramatic genres from their origins in myth, history, folk narrative, sociopolitical experience, and the intertextual connections between Indian, European, British, and American drama. The book's ten appendixes collect extensive documentation of the work of leading playwrights and directors, as well as a record of the contemporary multilingual performance

histories of major Indian, Western, and non-Western plays from all periods and genres. Treating drama and theatre as strategically interrelated activities, the study makes post-independence Indian theatre visible as a multifaceted critical subject to scholars of modern drama, comparative theatre, theatre history, and the new national and postcolonial literatures. **Symbolism,**

<p><b>surrealism and the absurd</b>          Cambridge University Press          Jarry - Garcia Lorca - Satre - Camus - Beckett - Ritual theatre and Jean Genet - Fringe theatre in Britain__</p> <p><b>The Geography of Modern Drama</b>          Cornell University Press          Investigates the reasons for postmodern theory's fascination with theater</p> <p><u>Modern Drama</u>          Routledge</p>	<p>Modern Drama by Women          1880s-1930s offers the first direct evidence that women playwrights helped create the movement known as Modern Drama. It contains twelve plays by women from the Americas, Europe and Asia, spanning a national and stylistic range from Swedish realism to Russian symbolism. Six of these plays are appearing in their first English-</p>	<p>language translation. Playwrights include: *          Anne-Charlotte Leffler Edgren (Sweden) *          Amelai Pincherle          Rosselli (Italy) *          Elsa Berstein (Germany) *          Elizabeth Robins (Britain) *          Marie Leneru (France) *          Alfonsina Storni (Argentina) *          Hella Wuolijoki (Finland) *          Hasegawa Shigure (Japan) *          Rachilde (France) *          Zinaida Gippius (Russia) *          Djuna Barnes</p>

(USA) * Marita Bonner (USA) This groundbreaking anthology explodes the traditional canon. In these plays, the New Woman represents herself and her crises in all of the styles and genres available to the modern dramatist. Unprecedented in diversity and scope, it is a collection which no scholar, student or lover of modern drama can afford to miss.	<u>Theories of Drama</u> University of Michigan Press Exploring the relationship between dramatic language and its theatrical aspects, Reading Modern Drama provides an accessible entry point for general readers and academics into the world of contemporary theatre scholarship. This collection promotes the use of diverse perspectives and critical methods to	explore the common theme of language as well as the continued relevance of modern drama in our lives. Reading Modern Drama offers provocative close readings of both canonical and lesser-known plays, from Hedda Gabler to e.e. cummings' Him. Taken together, these essays enter into an ongoing, fruitful debate about the terms 'modern' and 'drama' and build a much-
--	---	--

needed bridge between literary studies and performance studies.

*Modern Drama in Theory and Practice: Volume 2, Symbolism, Surrealism and the Absurd*

Bloomsbury Publishing

This book tells the story of modern drama through its seminal, groundbreaking plays and performances, and the artistic diversity that these represent. Exploring the new note of

artistic hostility between dramatists and their audience, Shepherd-Barr draws on a range of theories and performances to reveal what makes modern drama "modern".

/// John Wiley & Sons

*The Myth of Identity in Modern Drama* is the first book-length study on existential authenticity and its relation to ontological embodiment treated via analyses of characters of

modern drama. Furthermore, it offers new methods of exploring characters and characterization and new ways of thinking about identity. Through its investigations of the plays of Samuel Beckett, Eugene Ionesco and Jean-Paul Sartre, the book shows that the study of embodiment will allow for a new method of analyzing characters and how they form, or

attempt to form, ever-changing identities. Recasting Modernism Cambridge University Press An abundance of rich and memorable female roles is one of the most striking features of turn-of-the-century European drama. Gail Finney traces the source of this phenomenon to large-scale upheavals in prevailing contemporary attitudes toward women. She cites two

major developments in particular: the culmination in the years 1880–1920 of the first feminist movement; and Freud's formulation of his theories of sexuality, which emphasize differences between the sexes. Taking into account these strong, sometimes conflicting intellectual currents, Women in Modern Drama explores the dynamics of gender identity and

family relationships in major plays by European dramatists, including Ibsen, Strindberg, Shaw, Wilde, Schnitzler, Synge, Hofmannsthal, Wedekind, and Hauptmann. **Modern Drama by Women 1880s-1930s** University of Michigan Press The Plot of the Future's forward-looking topic, previously unexamined in the dramatic sphere,

maintains its relevance in an age of increasing technological advancement. It will interest teachers and students of modern drama with its timely perspective on European theater and will also appeal to those in the social sciences who study utopian theories.

and Epic Theatre  
Cambridge University Press

**Disability Theatre and Modern Drama**

Manchester University Press  
Bertolt Brecht's silent Kattrin in Mother Courage, or the disability performance lessons of his Peachum in The Threepenny Opera; Tennessee Williams' limping Laura Wingfield in The Glass Menagerie and hard-of-hearing Bodey

in A Lovely Sunday for Creve Coeur; Samuel Beckett's blind Hamm and his physically disabled parents Nagg and Nell in Endgame - these and many further examples attest to disability's critical place in modern drama. This Companion explores how disability performance studies and theatre practice provoke new debate about the place of disability in these works. The book

traces the local and international processes and tensions at play in disability theatre, and offers a critical investigation of the challenges its aesthetics pose to mainstream and traditional practice. The book's first part surveys disability theatre's primary principles, critical terms, internal debates and key challenges to theatre practice. Examining specific

disability theatre productions of modern drama, it also suggests how disability has been re-envisaged and embodied on stage. In the book's second part, leading disability studies scholars and disability theatre practitioners analyse and creatively re-imagine modern drama, demonstrating how disability aesthetics press practitioners and scholars to rethink these works in

generative, valuable and timely ways. *The Theory of the Modern Stage* Hal Leonard Corporation Peter Buse illuminates the relationship between modern British drama and contemporary critical and cultural theory. He demonstrates how theory allows fresh insights into familiar drama, pairing well-known plays with classic theory texts. The theoretical text is more than applied
