The Buddha and His Dhamma was B.R. Ambedkar's last work. Published posthumously, it presented a radical reorientation of Buddhist thought and literature, aptly called navayana. It deals with Ambedkar's conceptualization of Buddhism and the possibilities it offered for liberation and upliftment of the Dalits. It presents his reflections on the life of the Buddha, his teachings, and the spread of Buddhism by interweaving anecdotes with detailed analyses of the religion's basic tenets. The author also includes important elements of the Buddhist canon and tradition to make the teachings more accessible. In the first critical and annotated edition of this work, the editors address the on-going debate on Ambedkar's interpretation of the Buddha's dhamma by focusing on the accuracy of his citations and providing missing sources. They also discuss Ambedkar's modification of source materials. The introduction contextualizes the scholarly work related to the text.

The figures quoted in this memorandum have been taken from various books and pamphlets written by various writers on the subject of reconstituting Maharashtra on a linguistic basis. I rely upon the writers for their accuracy. Similarly, the map of Maharashtra attached to this Memorandum need not be taken as accurate or complete. The idea is merely to give a picture of how the Province when reconstituted will look like.

Originally written in Marathi, 'Ayurveda Garbha Sanskar' is a book that serves as a guide to a couple who are looking to start a family, starting out by getting pregnant, giving birth to a healthy child and nurturing the little one. The book comprehensively

provides people everything that a person wants to know about conceiving, pregnancy and delivery to nurturing the little one for up to 2 years of age. Not simply a book laden with known-lectures, rather this book can be seen as an elaboration of various ancient Ayurvedic practices that leads to the complete well-being of the mother and child's physical, spiritual and psychological health. It also advises on the traditional herb mixes, yoga, music and mantras that the new-mothers or the mothers-to-be may find helpful. Besides, this book also charts a nutritious Ayurvedic diet-plan for the couples to detoxify their bodies and be healthy in the right sense of the term. Once a mother conceives, she must be able to nourish and condition the little one in her womb. Likewise, this book also provides a month-by-month nutrition plan that helps in proper nourishment of the baby. Yoga and full-body herbal oil massages during pregnancy are also recommended for the mothers-to-be along with a list of health tonics prescribed in this book. In order to reach out to more people worldwide, this book has been translated in English, and is available in hardcover.

Waiting For A Visa This book is a result of an effort made by us towards making a contribution to the preservation and repair of original classic literature. In an attempt to preserve, improve and recreate the original content, we have worked towards: 1. Type-setting & Reformatting: The complete work has been re-designed via professional layout, formatting and type-setting tools to recreate the same edition with rich typography, graphics, high quality images, and table elements, giving our readers the feel of holding a 'fresh and newly' reprinted and/or revised edition, as opposed to other scanned & printed (Optical Character Recognition - OCR) reproductions. 2. Correction of imperfections: As the work was re-created from the scratch, therefore, it was vetted to rectify certain conventional norms with regard to typographical mistakes, hyphenations, punctuations, blurred images, missing content/pages, and/or other related subject matters, upon our consideration. Every attempt was made to rectify the imperfections related to omitted constructs in the original edition via other references. However, a few of such imperfections which could not be rectified due to intentional/unintentional omission of content in the original edition, were inherited and preserved from the original work to maintain the authenticity and construct, relevant to the work. We believe that this work holds historical, cultural and/or intellectual importance in the literary works community, therefore despite the oddities, we accounted the work for print as a part of our continuing effort towards preservation of literary work and our contribution towards the development of the society as a whole, driven by our beliefs. We are grateful to our readers for putting their faith in us and accepting our imperfections with regard to preservation of the historical content. HAPPY READING!

This contributed volume discusses in detail the process of construction of a WordNet of 18 Indian languages, called "Indradhanush" (rainbow) in Hindi. It delves into the major challenges involved in developing a WordNet in a multilingual country like India, where the information spread across the languages needs utmost care in processing, synchronization and representation. The project has emerged from the need of millions of people to have access to relevant content in their native languages, and it provides a common interface for information sharing and reuse across the Indian languages. The chapters discuss important methods and strategies of language computation, language data processing, lexical selection and management, and language-specific synset collection and representation, which are of utmost value for the development of a WordNet in any language. The volume overall gives a clear picture of how WordNet is developed in Indian languages and how this can be utilized in similar projects for other languages. It includes illustrations, tables, flowcharts, and diagrams for easy comprehension. This volume is of interest to researchers working in the areas of language processing, machine translation, word sense disambiguation, culture studies, language corpus generation, language teaching, dictionary compilation, lexicographic queries, cross-lingual knowledge sharing, e-governance, and many other areas of linguistics and language technology.

A comparison between Karl Marx and Buddha may be regarded as a joke. There need be no surprise in this. Marx and Buddha are divided by 2381 years. Buddha was born in 563 BC and Karl Marx in 1818 AD Karl Marx is supposed to be the architect of a new ideology-polity a new Economic system. The Buddha on the other hand is believed to be no more than the founder of a religion, which has no relation to politics or economics. Nature Cure Springer Science & Business Media

Nature Cure Gandhiji had a passion to tend the sick and serve the poor. He valued life close to nature for its simplicity and evolved and practice simple rules of health. He had almost a religious faith in vegetarianism which led him to carry out dietetic reform based on pragmatic results obtained from personal experiments. He was tremendously influenced by the writings of Dr. Kuhne on Nature Cure. He believed that human body, mind and spirit could be maintained in a state of perfect health by observance of simple rules. He attempted to discover causes of ordinary ill health and improvised simple remedies of Nature Cure. He established a Nature Cure Centre at Uruli in pursuance of his belief that the poor could not afford costly medicines and remedies and that he owed it to them to let them have the benefit of his lifelong experiments in Health and Hygiene.

Shivaji is a well-known hero in western India. He defied Mughal power in the seventeenth century, established an independent kingdom, and had himself crowned in an orthodox Hindu ceremony. The legends of his life have become an epic story that everyone in western India knows, and an important part of the Hindu nationalists' ideology. To read Shivaji's legend today is to find expression of deeply held convictions about what Hinduism means and how it is opposed to Islam. James Laine traces the origin and development of the Shivaji legend from the earliest sources to the contemporary accounts of the tale. His primary concern is to discover the meaning of Shivaji's life for those who

have composed-and those who have read-the legendary accounts of his military victories, his daring escapes, his relationships with saints. In the process, he paints a new and more complex picture of Hindu-Muslim relations from the seventeenth century to the present. He argues that this relationship involved a variety of compromises and strategies, from conflict to accommodation to nuanced collaboration. Neither Muslims nor Hindus formed clearly defined communities, says Laine, and they did not relate to each other as opposed monolithic groups. Different sub-groups, representing a range of religious persuasions, found it in their advantage to accentuate or diminish the importance of Hindu and Muslim identity and the ideologies that supported the construction of such identities. By studying the evolution of the Shivaji legend, Laine demonstrates, we can trace the development of such constructions in both pre-British and post-colonial periods.

In response to the invitation of the Chairman of the Indian section of the Institute of Pacific Relations, I wrote in August last year a Paper on the Problem of the Untouchables of India for the Session of the Conference which was due to be held on December 1942 at Mont' Trablant in Quebec in Canada. The Paper is printed in the proceedings of the Conference. Ever since it became known that I had written such a Paper, the leaders of the Untouchables and Americans interested in their problem have been pressing me to issue it separately in the form of a book and make it available to the general public. It was not possible to refuse the demand. At the same time I could not without breach of etiquette publish the paper until the proceedings of the Conference were made public. I am now told by the Secretary of the Pacific Relations Conference that the proceedings have been made public and there can be no objection to the publication of my Paper if I desired it. This will explain why the Paper is published nearly 10 months after it was written.

Cobalt Blue is a tale of rapturous love and fierce heartbreak told with tenderness and unsparing clarity. Brother and sister Tanay and Anuja both fall in love with the same man, an artist lodging in their family home in Pune, in western India. He seems like the perfect tenant, ready with the rent and happy to listen to their mother's musings on the imminent collapse of Indian culture. But he's also a man of mystery. He has no last name. He has no family, no friends, no history, and no plans for the future. When he runs away with Anuja, he overturns the family's lives.

Translated from Marathi by acclaimed novelist and critic Jerry Pinto, Sachin Kundalkar's elegantly wrought and exquisitely spare novel explores the disruption of a traditional family by a free-spirited stranger to examine a generation in transition. Intimate, moving, sensual, and wry in its portrait of young love, *Cobalt Blue* is a frank and lyrical exploration of gay life in India that recalls the work of Edmund White and Alan Hollinghurst—of people living in emotional isolation, attempting to find long-term intimacy in

relationships that until recently were barely conceivable to them. Bana is among the three most important prose writers in classical Sanskrit, all of whom lived in the late sixth and early seventh centuries AD. It is clear, from his writings, that his mind was amazingly modern, humane and sensitive, especially for the seventh-century India in which he lived. Bana had a healthy irreverence towards many of the established orthodoxies of his time and his strength lies in his skill as a storyteller and as a creator of characters vibrant with life and individuality.

Kadambari is a lyrical prose romance that narrates the love story of *Kadambari*, a Gandharva princess, and *Chandrapida*, a prince who is eventually revealed to be the moon god. Acclaimed as a great literary work, it is replete with eloquent descriptions of palaces, forests, mountains, gardens, sunrises and sunsets and love in separation and fulfillment. Featuring an intriguing parrot-narrator, the story progresses as a delightful romantic thriller played out in the magical realms between this world and the other, in which the earthly and the divine blend in idyllic splendour.

Ambedkar was a prolific student, earning doctorates in economics from both Columbia University and the London School of Economics, and gained a reputation as a scholar for his research in law, economics and political science. In his early career he was an economist, professor, and lawyer. His later life was marked by his political activities; he became involved in campaigning and negotiations for India's independence, publishing journals, advocating political rights and social freedom for Dalits, and contributing significantly to the establishment of the state of India. In 1956 he converted to Buddhism, initiating mass conversions of Dalits.

This is one of the epics from Dr. Ambedkar. Written in 1945 the book really explains the dynamics of Hindu Mahasabha and Muslim League and how Congress and British Government played a role in partition. Although this book takes you to the unheard side of partition, it is interesting on how linguistic approach was chosen for a division of something that is unsure if it existed. Dr. Ambedkar takes a fine approach of giving a clarity of situation instead of been judgmental on the partition. No wonder the man was chosen to write our constitution. Of course if the war of majority and minority is kept away, the partition and its tragedy can be ready more fluently.
