Franz Kafka, the author has very nicely narrated the story of Gregou Samsa who wakes up one day to discover that he has metamorphosed into a bug. The book concerns itself with the themes of alienation and existentialism. The author has written many important stories, including 'The Judgement', and much of his novels 'Amerika', 'The Castle', 'The Hunger Artist'. Many of his stories were published during his lifetime but many were not. Over the course of the 1920s and 30s Kafka's works were published and translated instantly becoming landmarks of twentieth-century literature. Ironically, the story ends on an optimistic note, as the family puts itself back together. The style of the book epitomizes Kafka's writing. Kafka very interestingly, used to present an impossible situation, such as a man's transformation into an insect, and develop the story from there with perfect realism and intense attention to detail. The Metamorphosis is an autobiographical piece of writing, and we find that parts of the story reflect Kafka's own life.

A heartbreaking and powerful story about a black boy killed by a police officer, drawing connections through history, from award-winning author Jewell Parker Rhodes. Only the living can make the

world better. Live and make it better. Twelve-year-old Jerome is shot by a police officer who mistakes his toy gun for a real threat. As a ghost, he observes the devastation that's been unleashed on his family and community in the wake of what they see as an unjust and brutal killing. Soon Jerome meets another ghost: Emmett Till, a boy from a very different time but similar circumstances. Emmett helps Jerome process what has happened, on a journey towards recognizing how historical racism may have led to the events that ended his life. Jerome also meets Sarah, the daughter of the police officer, who grapples with her father's actions. Once again Jewell Parker Rhodes deftly weaves historical and socio-political layers into a gripping and poignant story about how children and families face the complexities of today's world, and how one boy grows to understand American blackness in the aftermath of his own death.

John Eldredge revises and updates his best-selling, renowned Christian classic. God designed men to be dangerous, says John Eldredge. Simply look at the dreams and desires written in the heart of every boy: To be a hero, to be a warrior, to live a life of adventure and risk. Sadly, most men abandon those dreams and desires-aided by a Christianity that feels like nothing more than pressure to be a "nice guy." It is no wonder that many men avoid church, and those who go are often passive and bored to death. In this provocative book, Eldredge gives women a look inside the true heart of a man and gives men permission to be what God designed them to be-dangerous, passionate, alive, and free.

THE REPUBLIC Plato's Republic is widely acknowledged as one of the most influential works in the history of philosophy. Presented in the form of a dialogue between Socrates and three different interlocutors, it is an inquiry into the notion of a perfect community and the ideal individual within it. During the conversation, other questions are raised: what is goodness; what is reality; what is

knowledge; what is the purpose of education? With remarkable lucidity and deft use of allegory, Plato arrives at a depiction of a state bound by harmony and ruled by 'philosopher kings'. THE REPUBLIC The Republic is a philosophical dialogue about the nature of justice and the order and character of the just city-state and the just individual. The dialogues, among Socrates and various Athenians and foreigners, discuss the meaning of justice and examine whether or not the just man is happier than the unjust man, by proposing a society ruled by philosopher-kings and the guardians. THE REPUBLIC In this intellectually and historically influential work of philosophy and political theory, Plato discusses the theory of forms, the immortality of the soul, and the roles of the philosopher and of poetry in society.
