Letts Cambridge IGCSE® Business Studies Revision Guide provides clear and accessible revision content to support all students, with lots of

practice opportunities to build your confidence and help you prepare for your Cambridge IGCSE® Maths assessments. This revision guide covers the Cambridge IGCSE® Business Studies syllabus (0450), as well as the Cambridge O-Level syllabus (7115), both for first teaching in 2018 and first examination in 2020.

* Clear and concise syllabus coverage, with key definitions and concepts highlighted.*

Topics in short, user-friendly sections to help you plan your revision in

manageable chunks.*

Revision tips provide essential assessment guidance.* The Revision Guide will follow a spaced practice model of learning with three different practice opportunities.

Recent research into revision methodologies has cited repeated practice testing and spaced practice as having the highest efficacy - this is consistently found to be high-yield in terms of knowledge retained in relation to the time invested.*

Quick tests with every topic, so you

can check your progress - practice opportunity 1.* Exam-style practice questions at the end of every chapter develop your exam skills - practice opportunity 2.* Mixed exam-style questions cover a mix of questions for all the different topics in the book - practice opportunity 3.* A supporting glossary with easy-to-understand definitions of key terms. Business Studies Coursebook, third edition. Please note this revision guide is also relevant for the O Level Business Studies syllabus (7115) and course. *History and Climate* Oxford University Press, USA
Most studies of the impacts of climate change consider impacts in the future from anthropogenic climate change. Very few consider what the impacts of past climate change have been. *History and Climate: Memories of the Future?* contains 13

interdisciplinary chapters which consider impacts of change in different regions of the world, over the last millennium. Initial chapters assess evidence for the changes, while later chapters consider the impacts on agriculture, fisheries, health, and society. The book will be of interest to anyone working in the field of climate change and history.
