International Code Council
Fire and Emergency Services Administration: Management and Leadership Practices, Second Edition covers the latest course objectives from the Fire and Emergency Services Higher Education's (FESHE) Bachelor's Core Level Fire and Emergency Services Administration model curriculum. To effectively lead modern public safety organizations and the various components within them, individuals must possess a solid understanding of the always-changing issues that face the fire and emergency medical services. The second edition of Fire and Emergency Services Administration: Management and Leadership Practices has been completely updated to deliver the very latest information needed to understand these challenges and will assist managers in making the proper decisions that can impact all aspects of their organization. The Second Edition

features: Expanded emphasis on management and leadership of EMS operations. Updated budgeting financial strategies, including advice on how to overcome shrinking budgets and economic downturn. New guidance on hiring and diversity. Expanded coverage on training, education, and fire fighter safety. The following features are incorporated throughout the Second Edition: Chapter Objectives: FESHE Objectives and Knowledge Objectives are listed at the beginning of each chapter, including page references. Case Studies: Real-life incidents help stimulate student discussion and highlight important concepts. Facts and Figures: Provides useful and interesting history, facts, and other research relating to the fire and emergency services. Words of Wisdom: Presents powerful and informative quotes from organizational leaders and experts in their fields. Chief Officer Tips: Targeted advice to deal with common administrative issues and introduce techniques to implement change. Chapter Activities: End-of-chapter Fire and EMS activities reinforce important concepts and improve students' comprehension.

Aiming to provide uniformity, accountability, and consistency to plumbing design, installation, and repairs, the 2010 FLORIDA BUILDING CODE - PLUMBING is the resource you won't want to be without. Based on the 2009 International Plumbing Code, this valuable tool establishes requirements and regulations for a variety of plumbing facilities. It includes provisions for fixtures, piping, fittings, and devices, as well as design and installation methods for water supply, sanitary drainage, and storm drainage. And because it is a single state building code that supersedes all local building codes, you will be armed with the critical information you need to be successful in the plumbing field.

NFPA 10, Standard for Portable Fire Extinguishers Jones & Bartlett Learning
A fireman in charge of burning books meets a revolutionary school teacher who dares to read. Depicts a future world in which all printed reading material is burned.

Cengage Learning

Florida Administrative Practice, Thirteenth Edition is the only practice manual to provide an in-depth discussion of the procedural aspects of Florida administrative litigation. The Administrative Procedure Act is a dynamic area of the law, and the new Thirteenth Edition brings you up-to-date with the most recent developments in this area, including: Updated rules, statutes, and recent case law—including the complete Uniform Rules of Procedure and the Administrative Procedure Act—and removal of obsolete material. New material related to the COVID-19 pandemic; de novo review under new Art. V, §21, of the Florida Constitution; reinstatement of licenses; final orders; the Florida Fish and Wildlife Commission; record requirements on appeal; and electronic notarizations. Rewrites of sections on Procedural Due Process, procurement specifications, and judicial review under F.S. 120.68. Updated material on administrative searches and seizures, evidence, Certificates of Need, and Requests for Technical Advice. Elaboration on rule challenges, hearsay evidence, hearing denial, licensure requirements, agency investigation, emergency orders, environmental permitting, mediation, environmental enforcement mechanisms, water management districts, comprehensive planning, exhaustion of remedies, and mootness. Clarification of terms and case descriptions. In addition, the manual explores other areas of substantive law where administrative procedures predominate, including environmental and land use law and certificates of need determinations. With extensive case law and statute references, as well as an appendix featuring the full text of the APA with

tracing and conversion tables, this reference will be a valuable addition to the library of experienced administrative law practitioners and those needing a trustworthy guide through this complex area of law.

Fire Fighting Jones & Bartlett Publishers

Make sure that you have the training and certification needed to provide the best risk reduction to your community.

Reducing community risk requires trained individuals to verify that a locality adheres to locally adopted fire and life-safety standards for structural safety components in construction and renovations. Fire Inspection and Code Enforcement, 8th Edition, provides fire and emergency services personnel and civilian inspectors with the basic information necessary to meet the job performance requirements (JPRs) of NFPA® 1031 for Level I and Level II Fire Inspectors. Chapters are delineated with two clearly marked sections: the first section for Level I information followed by a second section for Level II information. Arabic edition of Arabic edition of Fire Inspection and code Enforcement Handbook, 8th Edition now available.
