MacRuby: The Definitive Guide HarperCollins Australia

Wild Swans meets Educated in this riveting true story spanning four generations 'Revelatory and remarkable' - TRENT DALTON 'Memorable and vivid' - RICHARD GLOVER 'Lands with a thump in your heart' - LISA MILLAR 'Heartbreaking and uplifting' - MEAGHAN WILSON ANASTASIOS 'An heroic saga' - MIKE MUNRO The dragon circles and swoops ... a tiger running alone in the night ... Mimi Kwa ignored the letter for days. When she finally opened it, the news was so shocking her hair turned grey. Why would a father sue his own daughter? The collision was over the estate of Mimi's beloved Aunt Theresa, but its seed had been sown long ago. In an attempt to understand how it had come to this, Mimi unspools her rich family history in House of Kwa. One of a wealthy silk merchant's 32 children, Mimi's father, Francis, was just a little boy when the Kwa family became caught up in the brutal and devastating Japanese occupation of Hong Kong during World War II. Years later, he was sent to study in Australia by his now independent and successful older sister Theresa. There he met and married Mimi's mother, a nineteen-year-old with an undiagnosed, chronic mental illness. Soon after, 'tiger' Mimi arrived, and her struggle with the past - and the dragon - began ... Riveting, colourful and often darkly humorous, House of Kwa is an epic family drama spanning four generations, and an unforgettable story about how one woman finds the courage to stand up for her freedom and independence, squaring off against the ghosts of the past and finally putting them to rest. Throughout, her inspiration is Francis's late older sister, the jet-setting, free-spirited Aunt Theresa, whose extraordinary life is a beacon of hope in the darkness.

While ideology has been treated widely in CDA-literature, the role played by the interaction of text and image in multiplying

meaning and furthering ideological stances has not so far received a lot of attention. Mediating Ideology in Text and Image offers a number of approaches to such analysis, offering students and academics valuable tools for identifying possible discrepancies between the world and the way it is represented through various mediational means. The authors' common aim is one of assisting the audience in reading between the lines, thus offering a variety of approaches that may contribute to a better understanding of how ideologies possibly work and how they may be denaturalised from text and image. The articles in part I look at rhetorical strategies used in meaning construction processes unfolding in various kinds of mass media. Part II focuses on the re-semiotization of meaning and looks at how analysing the combination of text and image may contribute to a better understanding of ideological processes brought about by multimodal resources. Foreword by Ruth Wodak.

The Passionate Pen

Once upon a time, a nobody met a prince. Then she met his best friend, a second prince. Then she learned they like to share, and that's when things got interesting. That's when things got downright scandalous. My life has never been a fairytale. Absent parents, a grandmother gone too soon, and a job working the kitchens for the most heinous b**ch in the Kingdom of Bandiff. But that's before I sneak into the hottest royal ball on the planet. That's before I waltz right into them. The McDermott Princes. Princes, plural. There's two of them - both gorgeous beyond belief, alpha as hell, and more tempting than sin. Both with their eyes on me and both with that look that says that I'm theirs. Two

princes, one baker. This might sound like too many cooks in the kitchen, but they say they like to share. They say they'll tear their whole kingdom down to make me theirs. They say they want to make me their Queen. Pretty soon, breaking into a royal ball is the least of my problems. This is a disaster waiting to happen. It's filthy, and oh-so-wrong. It's a royal scandal of epic proportions, and I'm right in the middle of it....I'm right in the middle of them. Maybe this is a fairytale after all. Ever heard of the cook who found a crown? How about two crowns? Two big, dominant, mouthwatering, pulse-quickenning crowns. I've never found a happy ever after. Now, I think I'm about to find two of them. This is a standalone story. The books in the *Royally Screwed* series can be read in any order. Steamy as all get-out, ridiculously over the top, and more growly alpha yumminess than you can shake a tiara at. Seriously - reality got left at the door with this one. But something tells me, you're going to love it ;). Get ready to have your cake and eat it two too! This mfm romance is all about her - no m/m. As with all my books, this standalone novella is safe, with no cheating, and a HEA guaranteed.

Readers of this book will understand both the why and the how of library technology, planning, and implementation articulated in a simple, easy-to-understand fashion. Delivered from academic, public, and school library media perspectives Current and emerging technologies are discussed along with their current and future application in the field of library and information science Technology planning and integration is explained using a systems design process with scenarios and case studies that are articulated in a step-wise, holistic fashion
