FAULKNER MARISSA

Drum Piggyback Interactive Ltd.
 Der Zusammenbruch der kommunistischen Regime 1989 hat nicht nur im östlichen Europa tief greifende Veränderungen in Gang gesetzt. Ein ganzer Kontinent ist in Bewegung geraten, mit Auswirkungen, die sich auch in Irkutsk, Shanghai oder Chicago spüren lassen. Wie weitreichend dieser Wandel ist, schildern die Autorinnen und Autoren in 21 farbigen Essays. Welche neuen Räume und Identitäten entstehen? Wie ändert sich der Blick der Menschen auf die Geschichte? Und wie rasch entgleiten uns die Erinnerungen an die Zeit des Kalten Krieges und der Teilung, die unser Denken und Handeln so lange bestimmt haben?

Die Essays ergeben ein Mosaik von Beobachtungen und Reflexionen über eine sich seit 1989 auf faszinierende Weise neu formierende Welt. Mit Beiträgen von Markus Ackeret, Felix Ackermann, Hans Magnus Enzensberger, José Maria Faraldo, Sheila Fitzpatrick, Klaus Gestwa, Julian Hans, Helga Hirsch, Gangolf Hübinger, Gerd Koenen, Katharina Kucher, Ruth Leiserowitz, Claudio Magris, Jan Musekamp, Norman M. Naimark, Jan Plamper, Gábor T. Rittersporn, Dirk Sager, Rosalinde Sartorti, Susanne Schattenberg, Gregor Thum und Sören Urbansky.

Pablo Berger untersucht die generelle Auswirkung der Markteintrittsreihenfolge auf den unternehmerischen Erfolg. Der Autor prüft diesen Zusammenhang anhand einer breiten empirischen Basis aus marktlichen und experimentellen Daten. Uniform Commercial Code Reporting Service, Second Series Graphic Communications Group

Richly illustrated and entertainingly written, The Big Book of Tiny Cars presents lively profiles of the automotive world's most famous—and infamous—microcars and subcompacts from 1901 to today. From tiny homes to little lending libraries and even tiny food, people everywhere are resetting the premium they put on size. Fact is, the automotive industry has a "tiny" history going back to the car's earliest days.

Beginning with the Curved Dash Oldsmobile and continuing through prewar classics such as the Austin Seven and Hanomag Kommissbrot, The Big Book of Tiny Cars is truly international in scope. Witness diminutive cars like the Bond Minicar and the BMW Isetta introduced to fuel-deprived postwar Europe, and continue through the classic 1950s microcars and '70s subcompacts, right up to today's tiny cars and electric vehicles (EVs) from the likes of Smart and Fiat. In addition to iconic curiosities like the frog-like Goggomobil Dart, the futuristic Sebring Vanguard Citicar, and the three-wheeled Reliant Robin, you'll read about more familiar classics like the VW Beetle, Mini Cooper, and Crosley Super Sport. Other manufacturers represented include Honda, Datsun, Mitsubishi, Trabant, Heinkel, Renault, and Messerschmitt, to name a few. Each car is profiled with an entertaining and informative history and a fact box. Imagery includes archival photos,

period ads, and modern photography. In all, more than 100 cars are included, from the weird to the sublime. Gas, diesel, or electric...tiny cars have a rich and curious heritage reflective of motorists' concerns for their pocketbook, the environment, or both. The Big Book of Tiny Cars is your ultimate collection of microcars, minicars, bubble cars, kei cars, subcompacts, and compacts that have been built, sold, and driven all over the globe for 120 years. *De Kampioen* Piggyback Interactive Ltd. Born to be Riled is a collection of hilarious vintage journalism from Jeremy Clarkson. Jeremy Clarkson, it has to said, sometimes finds the world a maddening place. And nowhere more so than from behind the wheel of a car, where you can see any number of people acting like lunatics while in control (or not) of a ton of metal. In this collection of classic columns, first

published in 1999, Jeremy takes a look at the world through his windscreen, shakes his head at what he sees - and then puts the boot in. Among other things, he explains: • Why Surrey is worse than Wales • How crossing your legs in America can lead to arrest • The reason cable TV salesmen must be punched • That divorce can be blamed on the birth of Jesus Raving politicians, pointless celebrities, ridiculous 'personalities' and the Germans all get it in the neck, together with the stupid, the daft and the ludicrous, in a tour de force of comic writing guaranteed to have Jeremy's postman wheezing under sackfuls of letters from the easily offended. Praise for Jeremy Clarkson: 'Brilliant . . . laugh-out-loud' Daily Telegraph 'Outrageously funny . . . will have you in stitches' Time Out Number-one bestseller Jeremy Clarkson writes on cars, current affairs and anything else that annoys him in his sharp and funny collections. Clarkson On Cars, Don't Stop Me Now, Driven To Distraction, Round the Bend, Motorworld and I Know You Got Soul are also available as Penguin paperbacks; the Penguin App iClarkson: The Book of Cars can be downloaded on the App Store. Jeremy Clarkson because his writing career on the Rotherham Advertiser. Since then he has written for the Sun and the Sunday Times. Today he is the tallest person working in British television, and is the presenter of the hugely popular Top Gear.
