French Grammar Drills McGraw-Hill/Glencoe
 The main objective of À votre tour! is to advance students to a level at which they can comfortably express themselves on a variety of French and francophone topics. Avoiding the excessive rigor of most intermediate texts, À votre tour! immerses students in authentic language and cultural contexts to achieve three key objectives: to build and reinforce oral and written communicative skills, to develop reading skills and cultural awareness, and to forge a strong linguistic base. New! Tête à tête communicative activities require one student to use communicative skills to elicit unknown details from another student in order to complete a task, with basic vocabulary and grammar structures recycled to reinforce previously learned material. New! Integrated video correlates to the Français Pratique section of each unit and to corresponding video activities provided in the Student Activities Manual. New! Updated cultural material highlights recent cultural trends, such as prices expressed in euros, French phone numbers with appropriate area codes; reflects the current political realities; and offers many entry points for further development of cultural awareness, grammar, and lexical points. A broad introduction to French and Francophone cultures provides authentic language and cultural contexts without an intense grammar curriculum—adapted for students who might take French as a minor, rather than a major. Accessible presentation enables students with basic conversational and grammar skills to achieve success through careful pacing, cyclical review and re-entry of structures and vocabulary, and engaging conversational material. Solid grammar review builds a framework by first covering basic structures and expressions, then adding more

advanced concepts to expand students' linguistic abilities.

Discovering French Workbook Houghton Mifflin Harcourt (HMH)

Parallel to the abolition of Atlantic slavery, new forms of indentured labour stilled global capitalism's need for cheap, disposable labour. The famous 'coolie trade' - mainly Asian labourers transferred to French and British islands in the Indian Ocean, Australia, Indonesia, South Africa, the Caribbean, the Americas, as well as to Portuguese colonies in Africa - was one of the largest migration movements in global history. Indentured contract workers are perhaps the most revealing example of bonded labour in the grey area between the poles of chattel slavery and 'free' wage labour. This interdisciplinary volume addresses historically and regionally specific cases of bonded labour relations from the 18th century to sponsorship systems in the Arab Gulf States today.
