LUCAS GRANT

Intermediate Language Practice Heinle & Heinle Pub

"A grammar reference book that takes students from the traditional practice of grammar forms through to topic-based practice exercises" -- Back cover.

Intermediate Korean MACMILLAN

The Grammar of the English Tense System forms the first volume of a four-volume set, The Grammar of the English Verb Phrase. The other volumes, to appear over the next few years, will deal with mood and modality, aspect and voice. The book aims to provide a grammar of tense which can be used both as an advanced reference grammar (for example by MA-level or postgraduate students of English or linguistics) and as a scientific study which can act as a basis for and stimulus to further research. It provides not only a wealth of data but also a unique framework for the study of the English tense system, which achieves great predictive and

explanatory power on the basis of a limited number of relatively simple rules. The framework provided allows for an analysis of the semantics of individual tenses which reflects the role of tenses not only in locating situations in time relative to speech time but also in relating situations in time relative to one another to form temporally coherent discourse. Attention is paid to the relations between tenses. On the one hand, we can identify sets of tenses linked to particular temporal areas such as the past or the future. These sets of tenses provide for the expression of a system of temporal relations in a stretch of discourse in which all the situations are located within the same temporal area. On the other hand, there are many contexts in which speakers might in theory choose between two or more tenses to locate a situation (e.g., when we choose between the past tense and the present perfect to locate a situation before speech time), and the book examines the difference that a choice of one or the other tense may make within a discourse context. The book moves from a detailed exploration of the meaning and use of individual tenses to a thorough analysis of the way in which tenses can be seen to function together as sets, and finally to a detailed examination of tenses in, and tenses interacting with, temporal adverbials.

Original data is used frequently throughout the book to illustrate the theory discussed.

A Course Book in English Grammar Macmillan Elt

Intermediate Korean: A Grammar and Workbook comprises an accessible reference grammar and related exercises in a single volume. This workbook presents twenty-four individual grammar points, covering the core material which students would expect to encounter in their second year of learning Korean. Grammar points are followed by examples and exercises which allow students to reinforce and consolidate their learning. Intermediate Korean is suitable for both class use as well as independent study. Key features include: clear, accessible format many useful language examples all Korean entries presented in Hangul with English translations jargon-free explanations of grammar abundant exercises with full answer key subject index. Clearly presented and user-friendly, Intermediate Korean provides readers with the essential tools to express themselves in a wide variety of situations, making it an ideal grammar reference and practice resource for students with some knowledge of the language.

A Self-study Reference and Practice Book for Advanced Learners of English with

Answers Cambridge University Press

This book offers a learner-centred approach to grammar study for intermediate level students. Developing Grammar in Context provides clear explanations and lively practice focusing on key grammar areas. Using spoken and written examples drawn from the Cambridge International Corpus, Developing Grammar in Context will help learners consolidate and deepen their understanding of how English really works. This edition, with answers, is ideal for self-study.

Students learn more, remember more, and use grammar more effectively when they learn language in context. GRAMMAR IN CONTEXT presents grammar in interesting, informative readings and then recycles the language and context throughout every activity. Learners gain knowledge and skills in both the grammar structures and topic areas.

Destination B1 Cambridge University Press

Destination B1: Grammar and Vocabulary has been designed for intermediate students at B1 (Threshold) level on the Council of Europe's Common European Framework Scale. It is the ideal grammar and vocabulary practice books for all students preparing to take any B1 level exam: e.g. Cambridge PET and for students working towards B2 level exams in the future.

Grammar in Context MacMillan

Practice exercises for the Language Book activities, intended for homework or quiet class time.

Practice Book pages should be done when the corresponding page in the Language Book has been finished. If time allows teachers may like to go through some or all of the exercises orally before children work independently.

Macmillan English Practice Book Adams Media

This popular and reliable series is aimed at all students preparing to sit their IELTS exams. It retains many of the features which make this series so popular: clear grammar explanations, themed vocabulary units to contextualise words and phrases, and a variety of exercise types to provide plenty of practice. This is the ideal accompaniment for any IELTS student or preparation class.

In Context. Essential with key Palgrave

Linguists routinely emphasise the primacy of speech over writing. Yet, most linguists have analysed spoken language, as well as language in general, applying theories and methods that are best suited for written language. Accordingly, there is an extensive 'written language bias' in traditional and present day linguistics and other language sciences. In this book, this point is

argued with rich and convincing evidence from virtually all fields of linguistics.

A One-Stop Source for Every Writing Assignment Cambridge University Press

Written by a team led by a world authority in English grammar, English Grammar for Today has established itself as a rich educational experience for both native- and non-native-speaking students. This engaging and stimulating coursebook enables students to learn grammar not just for its own sake, but also for the pleasure of exploring, appreciating and understanding the way language communicates in written text and spoken discourse. Throughout, the emphasis is on using grammar in present-day English. After an introduction placing grammar in its educational and cultural context, the authors present a 'toolkit' for analysing sentences. The second part of the book demonstrates how to apply this toolkit to spoken and written language, using a wide range of real textual materials. Each chapter ends with a set of carefully-designed exercises and tasks to aid understanding, with answers provided at the end of the volume. Now thoroughly revised and updated to meet the needs of today's students, this new edition features: - a new Foreword by the English Association - an additional introductory chapter, 'Getting Started with Grammar', which introduces the subject for those with no prior knowledge - improved and extended diagrams, exercises and answers - up-to-date textual passages and examples Lively and approachable, this indispensable guide is ideal for both students and teachers who are looking for their first serious engagement with - or wishing to rediscover- English grammar.
