[The Most Powerful Manifestation Tool in the History of the World](#) Dorrance Publishing

Bruce Feiler's New York Times bestsellers Abraham, Walking the Bible, and Where God Was Born brilliantly explored the roots of faith. With America's Prophet, Feiler looks at Moses and the essential role the prophet has played in our nation's history and development. Bruce Feiler's most fascinating and thought-provoking book to date, America's Prophet delves deeply into how the Exodus story and America's true "Spiritual Founding Father" have inspired many of the most important figures and defining events in this country's history—from the Mayflower Pilgrims to the Civil Rights movement—and how Moses can provide meaning in times of national crisis, even today.

**Illuminating Moses** Palala Press

The Prophet and the Warrior By: Richard H. Grabmeier The Prophet and the Warrior is historical

fiction that follows the Biblical texts of the books of Moses as presented in the King James Bible.

This novel enhances the various stories by adding dialogue and expanding the role of various characters. It occasionally diverges from the Biblical text when an alternative context seems more logical to the author. Richard H. Grabmeier's own religious experience prompted him to read the Bible with a more critical eye.

**Moses** Red Wheel/Weiser

A reinterpretation of biblical and Egyptian history that shows Moses and the Pharaoh Akhenaten to be one and the same. • Provides dramatic evidence from both archaeological and documentary sources. • A radical challenge to long-established beliefs on the origin of Semitic religion. During his reign, the Pharaoh Akhenaten was able to abolish the complex pantheon of the ancient Egyptian religion and replace it with a single god, the Aten, who had no image or form. Seizing on the striking similarities between the religious vision of this "heretic" pharaoh and the teachings of Moses, Sigmund Freud was the first to argue that Moses was in fact an Egyptian. Now Ahmed Osman, using recent archaeological discoveries and historical documents, contends that

Akhenaten and Moses were one and the same man. In a stunning retelling of the Exodus story, Osman details the events of Moses/Akhenaten's life: how he was brought up by Israelite relatives, ruled Egypt for seventeen years, angered many of his subjects by replacing the traditional Egyptian pantheon with worship of the Aten, and was forced to abdicate the throne. Retreating to the Sinai with his Egyptian and Israelite supporters, he died out of the sight of his followers, presumably at the hands of Seti I, after an unsuccessful attempt to regain his throne. Osman reveals the Egyptian components in the monotheism preached by Moses as well as his use of Egyptian royal ritual and Egyptian religious expression. He shows that even the Ten Commandments betray the direct influence of Spell 125 in the Egyptian Book of the Dead. Moses and Akhenaten provides a radical challenge to long-standing beliefs concerning the origin of Semitic religion and the puzzle of Akhenaten's deviation from ancient Egyptian tradition. In fact, if Osman's contentions are correct, many major Old Testament figures would be of Egyptian origin. *The History of Israel* Leonardo Paolo Lovari  
Have you ever found yourself enjoying the dramatic stories of Exodus, Leviticus, Numbers, and

Deuteronomy only to feel the narrative screech to a halt when it collides with long sections of the Law? This book solves that problem. Here you will read the uninterrupted story of Israel, witnessing its descent into Egypt, its slavery, the Plagues, the first Passover, the Exodus, the escape from Pharaoh, the parting of the Red Sea, God's giving the Law on Mount Sinai, the manna, the quail, and the fiery serpents of the Wilderness Years, the opposition of enemy nations, and the Second Generation's preparation to conquer the Promised Land. Following this dramatic narrative, the entire Law of God is organized topically at the end of the book, allowing you to feel the full impact, rationale, and burden of the divine legal code condensed into one space. If you want to know the true, full story of Israel's Exodus from Egypt, this book is for you. If you are a believer, it will enhance your devotions by helping you know the Biblical narrative of the Pentateuch more intimately. If you are a skeptic, its logic will challenge your doubts. Here you will discover facets of the Exodus - surprising things in plain sight - in the ink on the pages of Scripture - but that many have overlooked.

**Homer Or Moses?** Wipf and Stock Publishers

The book consists of three essays and is an extension of Freud's work on psychoanalytic theory as a means of generating hypotheses about historical events. Freud hypothesizes that Moses was not Hebrew, but actually born into Ancient Egyptian nobility and was probably a follower of Akhenaten, an ancient Egyptian monotheist. Freud contradicts the biblical story of Moses with his own retelling of events, claiming that Moses only led his close followers into freedom during an unstable period in Egyptian history after Akhenaten (ca. 1350 BCE) and that they subsequently killed Moses in rebellion and later combined with another monotheistic tribe in Midian based on a volcanic God, Jahweh. Freud explains that years after the murder of Moses, the rebels regretted their action, thus forming the concept of the Messiah as a hope for the return of Moses as the Saviour of the Israelites. Freud said that the guilt from the murder of Moses is inherited through the generations; this guilt then drives the Jews to religion to make them feel better.

*Paul, Moses, and the History of Israel* Abingdon Press

Is it possible that nearly 3,500 years ago, Moses was given the secret for attracting everything you've ever desired? The Moses Code was first used to create some of the greatest miracles in the history of the world, but then it was hidden away, and only the highest initiates were allowed to practice it. In this book, James F. Twyman reveals the Code for the first time, showing how it can be used to create miracles in your life . . . and in the world. By practicing the principles presented within these pages, you'll discover how you can integrate the most powerful manifestation tool in the history of the world into your own life. At the very heart of the Moses Code is the true function and practice of the Law of Attraction. You may have been told that this Law is all about "getting" the things you want—things that you think will make your life more satisfying. But what if that's just the first step, and cracking the Moses Code depends more on what you're willing to "give" rather than "get." That would mean that you have the power to create miracles in your liferight now! It would also mean that you have the ability, even the responsibility, to use that power for more than just attracting money, a better car, or the perfect relationship. You're here to use the power of Divinity itself to create a world based on the laws of compassion and peace. That's the task that lies before us.

**The Prophet and the Warrior** Brigham Young Univ Univ Publications

An unprecedented portrait of Moses's inner world and perplexing character, by a distinguished biblical scholar No figure looms larger in Jewish culture than Moses, and few have stories more enigmatic. Avivah Gottlieb Zornberg, acclaimed for her many books on Jewish thought, turns her attention to Moses in this remarkably rich, evocative book. Drawing on a broad range of sources—literary as well as psychoanalytic, a wealth of classical Jewish texts alongside George Eliot, W. G. Sebald, and Werner Herzog—Zornberg offers a vivid and original portrait of the biblical Moses. Moses's vexing personality, his uncertain origins, and his turbulent relations with his own people are acutely explored by Zornberg, who sees this story, told and retold, as crucial not only to the biblical past but also to the future of Jewish history.

**How the Story of Moses Shaped America** The History of Moses The History of Israel: History of Moses and the theocracy. 2d ed Paul, Moses, and the History of Israel The Letter/Spirit Contrast and the Argument from Scripture in 2 Corinthians 3

"Standing at the very foundation of monotheism, and so of Western culture, Moses is a figure not of history, but of memory. As such, he is the quintessential subject for the innovative historiography Jan Assmann both defines and practices in this work, the study of historical memory—a study, in this case, of the ways in which factual and fictional events and characters are

stored in religious beliefs and transformed in their philosophical justification, literary reinterpretation, philological restitution (or falsification), and psychoanalytic demystification. To account for the complexities of the foundational event through which monotheism was established, Moses the Egyptian goes back to the short-lived monotheistic revolution of the Egyptian king Akhenaten (1360–1340 B.C.E.). Assmann traces the monotheism of Moses to this source, then shows how his followers denied the Egyptians any part in the origin of their beliefs and condemned them as polytheistic idolaters. Thus began the cycle in which every "counter-religion," by establishing itself as truth, denounced all others as false. Assmann reconstructs this cycle as a pattern of historical abuse, and tracks its permutations from ancient sources, including the Bible, through Renaissance debates over the basis of religion to Sigmund Freud's Moses and Monotheism. One of the great Egyptologists of our time, and an exceptional scholar of history and literature, Assmann is uniquely equipped for this undertaking—an exemplary case study of the vicissitudes of historical memory that is also a compelling lesson in the fluidity of cultural identity and beliefs."

The biblical figure of Moses has been the center of fascination for over 2,000 years, but what do we actually know about him? Was he a real person? Did the Exodus truly happen? Or is the story in the Pentateuch a mythical account written centuries after the alleged events? Why does Moses's story resemble that of other, older lawgivers and legendary predecessors? Why are there so many elements of sun and wine god myths in the tale of Moses? What does the focus on the serpent in his story signify? Who were Yahweh and the Elohim? Did Moses Exist? includes: Maps and 126 illustrations Extensive bibliography, table of contents and index Hundreds of footnotes and citations from primary sources in multiple languages Best modern scholarship from credentialed authorities Did Moses Exist? provides a massive amount of information from antiquity about the world's religious traditions and mythology, including how solar myths, wine cultivation and fertility cults have shaped the Bible and Judaism. This book may be the most comprehensive study to date, using the best scholarship and state-of-the-art research methods. "The existence of Moses as well as the veracity of the Exodus story is disputed amongst archaeologists and Egyptologists, with experts in the field of biblical criticism citing logical inconsistencies, new archaeological evidence, historical evidence and related origin myths in Canaanite culture." --"Moses," Wikipedia "There is no historical evidence outside of the Bible, no mention of Moses outside the Bible, and no independent confirmation that Moses ever existed." --Dr. Michael D. Coogan, lecturer on the Old Testament at Harvard Divinity School "We cannot be sure that Moses ever lived because there are no traces of his earthly existence outside of tradition." --Egyptologist Dr. Jan Assmann, Moses the Egyptian "The life of Moses contains elements--canonical and apocryphal--that mark him as a true mythic hero, and certainly he is Judaism's greatest hero and the central figure in Hebrew mythology." --Dr. David Leeming, The Oxford Companion to World Mythology "...the stories of the creation, of the flood, of Abraham, of Jacob, of the descent into and the exodus from Egypt, of the career of Moses and the Jews in the desert, of Joshua and his soldiers, of the judges and their clients, are all apocryphal, and were fabricated at a late period of Jewish history." --Dr. Thomas Inman, Ancient Faiths and Modern Table of Contents List of Illustrations Preface Introduction Who Wrote the Pentateuch? Was Moses an Egyptian Pharaoh or Priest? The Exodus as History? The Exodus in Ancient Literature Hyksos and Lepers Who Were the Israelites? The Exodus as Myth The Lawgiver Archetype The Dionysus Connection The Life of Dionysus The Vine and Wine The Great God Sun Yahweh and the Sun Moses as Solar Hero Conclusion Bibliography Index

**The Moses Code** National Geographic Books

Konrad Schmid is a Swiss biblical scholar who belongs to a larger group of Continental researchers proposing new directions in the study of the Pentateuch. In this volume, a translation of his *Erzväter und Exodus*, Schmid argues that the ancestor tradition in Genesis and the Moses story in Exodus were two competing traditions of Israel's origins and were not combined until the time of the Priestly Code—that is, the early Persian period. Schmid interacts with the long tradition of European scholarship on the Hebrew Bible but departs from some of the main tenets of the Documentary Hypothesis: he argues that the pre-Priestly material in both text blocks is literarily and theologically so divergent that their present linkage is more appropriately interpreted as the result of a secondary redaction than as thematic variation stemming from J's oral prehistory. He dates Genesis–2 Kings to the Persian period and considers it a redactional work that, in its present shape, is a historical introduction to the message of future hope presented in the prophetic corpus of Isaiah–Malachi. Scholars and students alike will be pleased that this translation makes Schmid's important work readily available in English, both for the contributions made by Schmid and the summary of continental interpretation that he presents. In this edition, some passages have been expanded or modified in order to clarify issues or to engage with more-recent scholarship. The notes and bibliography have also been updated. Dr. Schmid is Professor of Old Testament and Early Judaism at the University of Zürich.

This is a reproduction of the original artefact. Generally these books are created from careful scans of the original. This allows us to preserve the book accurately and present it in the way the author intended. Since the original versions are generally quite old, there may occasionally be certain imperfections within these reproductions. We're happy to make these classics available again for

future generations to enjoy!

**The History of Israel to the Death of Moses** Simon and Schuster

A non-fictional account explaining why the author believes Moses was a prince of Thebes called Ramose. Born c.1500 BC, Prince Ramose was heir to Pharaoh Thutmose III, being his "Great Army Commander" - both roles ascribed to Moses by Hebrew tradition. Moreover, Ramose & Moses both led victorious military campaigns against Ethiopia (Cush), then married the king's daughter, becoming Egypt's Viceroy there. A short time later, Prince Ramose was mysteriously struck out of Egyptian records, while the Bible hints Moses was cast into exile. Exploring some of the more esoteric aspects of the prophet's life, this book finds threads firmly connecting him to Egypt's 18th Dynasty 3500 years ago... The book uncovers the Hermetic star knowledge (Astrology) which Moses gleaned from the White Brotherhood, a secretive Egyptian mystery school who met in the

halls of Karnak. This knowledge was cryptically infused into the early Biblical scriptures, revealing the Israelite ancestors were once devoted Astrologers.
