Lev is on his way to Britain to seek work, so that he can send money back to eastern Europe to support his mother and little daughter. He struggles with the mysterious

Though often seen as one of America's native cinematic genres, the road movie has lent itself to diverse international contexts and inspired a host of filmmakers. As

analyzed in this study, from its most familiar origins in Hollywood the road movie has become a global film practice, whether as a vehicle for exploring the relationship between various national contexts and American cinema, as a means of narrating different national and continental histories, or as a form of individual filmmaking expression. Beginning with key films from Depression-era Hollywood and the New Hollywood of the late 1960s and then considering its wider effect on world cinemas, this volume maps the development and adaptability of an enduring genre, studying iconic films along the way.

The writer whom Vasily

Grossman loved most of all was Anton Chekhov. Grossman's own short stories are no less accomplished than his novels, and they are remarkably varied. "The Dog" is about the first living creature to be sent into space and then returned to Earth. "The Road," an account of the war from a mule in an Italian artillery regiment, can be read as a 4,000-word distillation of *Life and Fate*. "Mother" is based on a true story about an orphaned girl who was adopted by Nikolay Yezhov (head of the NKVD at the height of the Great Terror) and his wife; it includes brief portraits of Stalin and several important Soviet writers and politicians—all of them as seen through the

eyes of the little girl or of her honest but uncomprehending peasant nanny. As well as a dozen stories—from “In the Town of Berdichev” (Grossman’s first published success) to “In Kislovodsk” (the last story he wrote)—this volume includes an unusual article about the life of a Moscow cemetery. It also contains two letters Grossman wrote to his mother, after her death at the hands of the Nazis, and the complete text of “The Hell of Treblinka,” one of the very first, and still among the most powerful, accounts of a Nazi death camp.

A debut that Neil Gaiman calls “Glorious. . . . So sharp, so focused and so human.” The *Girl in the Road* describes a future that is culturally lush and emotionally wrenching. Monica Byrne bursts on to the literary scene with an extraordinary vision of the future. In a world where global power has shifted east and revolution is brewing, two women embark on vastly different journeys—each harrowing and urgent and wholly unexpected. When Meena finds snakebites on her chest, her worst fears are realized: someone is after her and she must flee India. As she plots her exit, she learns of the Trail, an energy-

harvesting bridge spanning the Arabian Sea that has become a refuge for itinerant vagabonds and loners on the run. This is her salvation. Slipping out in the cover of night, with a knapsack full of supplies including a pozit GPS, a scroll reader, and a sealable waterproof pod, she sets off for Ethiopia, the place of her birth. Meanwhile, Mariama, a young girl in Africa, is forced to flee her home. She joins up with a caravan of misfits heading across the Sahara. She is taken in by Yemaya, a beautiful and enigmatic woman who becomes her protector and confidante. They are trying to reach Addis Abba, Ethiopia, a metropolis swirling with radical politics and rich culture. But

Mariama will find a city far different than she ever expected—romantic, turbulent, and dangerous. As one heads east and the other west, Meena and Mariama's fates are linked in ways that are mysterious and shocking to the core. Written with stunning clarity, deep emotion, and a futuristic flair, *The Girl in the Road* is an artistic feat of the first order: vividly imagined, artfully told, and profoundly moving.

*The Road Movie Book* is the first comprehensive study of an enduring but ever-changing Hollywood genre, its place in American culture, and its legacy to world cinema. The

road and the cinema both flourished in the twentieth century, as technological advances brought motion pictures to a mass audience and the mass produced automobile opened up the road to the ordinary American. When Jean Baudrillard equated modern American culture with 'space, speed, cinema, technology' he could just as easily have added that the road movie is its supreme emblem. The contributors explore how the road movie has confronted and represented issues of nationhood, sexuality, gender, class and race. They map the generic terrain of the road movie, trace its evolution on American television as well as on the big screen from the 1930s through the

1980s, and, finally, consider road movies that go off the road, departing from the US landscape or travelling on the margins of contemporary American culture. Movies discussed include: \* Road classics such as *It Happened One Night*, *The Grapes of Wrath*, *The Wizard of Oz* and the Bob Hope-Bing Crosby *Road to* films \* 1960's reworkings of the road movie in *Easy Rider* and *Bonnie and Clyde* \* Russ Meyer's road movies: from *Motorpsycho!* to *Faster Pussycat! Kill! Kill!* \* Contemporary hits such as *Paris Texas*, *Rain Man*, *Natural Born Killers* and *Thelma and Louise* \* The road movie, Australian style, from *Mad Max* to the *Adventures of Priscilla*, *Queen of the Desert*.

When people ask me  
why I still have hope  
and energy after all  
these years, I always  
say: Because I travel.  
Taking to the road—by  
which I mean letting  
the road take  
you—changed who I  
thought I was. The  
road is messy in the

way that real life is  
messy. It leads us out  
of denial and into  
reality, out of theory  
and into practice, out  
of caution and into  
action, out of statistics  
and into stories—in  
short, out of our heads  
and into our hearts.  
Gloria Steinem had an  
itinerant childhood.  
When she was a young  
girl, her father would  
pack the family in the  
car every fall and drive  
across country  
searching for  
adventure and trying  
to make a living. The  
seeds were planted:  
Gloria realized that  
growing up didn't have  
to mean settling down.  
And so began a lifetime  
of travel, of activism  
and leadership, of  
listening to people  
whose voices and ideas  
would inspire change  
and revolution. My Life  
on the Road is the

moving, funny, and profound story of Gloria’s growth and also the growth of a revolutionary movement for equality—and the story of how surprising encounters on the road shaped both. From her first experience of social activism among women in India to her work as a journalist in the 1960s; from the whirlwind of political campaigns to the founding of Ms. magazine; from the historic 1977 National Women’s Conference to her travels through Indian Country—a lifetime spent on the road allowed Gloria to listen and connect deeply with people, to understand that context is everything, and to become part of a movement that would change the

world. In prose that is revealing and rich, Gloria reminds us that living in an open, observant, and “on the road” state of mind can make a difference in how we learn, what we do, and how we understand each other. Praise for *My Life on the Road* “This legendary feminist makes a compelling case for traveling as listening: a way of letting strangers’ stories flow, as she puts it, ‘out of our heads and into our hearts.’”—People “Like Steinem herself, [*My Life on the Road*] is thoughtful and astonishingly humble. It is also filled with a sense of the momentous while offering deeply personal insights into what shaped her.”—O: The Oprah Magazine “A

lyrical meditation on restlessness and the quest for equity . . . Part of the appeal of *My Life* is how Steinem, with evocative, melodic prose, conveys the air of discovery and wonder she felt during so many of her journeys. . . . The lessons imparted in *Life on the Road* offer more than a reminiscence. They are a beacon of hope for the future.”—USA Today “A warmly companionable look back at nearly five decades as itinerant feminist organizer and standard-bearer. If you’ve ever wondered what it might be like to sit down with Ms. Steinem for a casual dinner, this disarmingly intimate book gives a pretty good idea, mixing hard-won pragmatic lessons with

more inspirational insights.”—The New York Times “Steinem rocks. *My Life on the Road* abounds with fresh insights and is as populist as can be.”—The Boston Globe

From #1 New York Times bestselling author Richard Paul Evans, the dramatic conclusion in the riveting *Broken Road* trilogy—a powerful redemption story about finding happiness on a pilgrimage across iconic Route 66. Chicago celebrity and pitchman Charles James is supposed to be dead. Everyone believes he was killed in a fiery plane crash, a flight he narrowly missed. But thanks to that remarkable twist

of fate, he's very much alive and ready for a second chance at life and love. Escaping death has brought Charles some clarity: the money, the fame, the expensive cars; none of it brought him true joy or peace. The last time he was truly happy was when he was married to his ex-wife Monica, before their relationship was destroyed by his ambition and greed. In this final installment of the exciting and provocative series that began with *The Broken Road* and *The Forgotten Road*, Charles is still on his pilgrimage across the iconic Route 66. He intends to finish his trek from Amarillo to Santa Monica, despite learning that his ex-wife is now planning to marry another man.

With the initial reason for his trip in jeopardy, he still has lessons to learn along the way before he discovers—and arrives at—his true destination.

The compelling novel that began Shirley Jackson's legendary career *Pepper Street* is a really nice, safe California neighborhood. The houses are tidy and the lawns are neatly mowed. Of course, the country club is close by, and lots of pleasant folks live there. The only problem is they knocked down the wall at the end of the street to make way for a road to a new housing development. Now, that's not good—it's just not good at all. Satirically exploring

what happens when a smug suburban neighborhood is breached by awful, unavoidable truths, *The Road Through the Wall* is the tale that launched Shirley Jackson's heralded career. The Perks of Being a Wallflower meets *The End of the F\*\*\*ing World* in this dark young adult comedy about four unlikely friends dealing with the messy side of grief who embark on a road trip to Graceland. Asher Hunting wants revenge. Specifically, he wants revenge on the drunk driver who killed his mom and got off on a technicality. No one seems to think this is healthy, though, which is how he ends up in a bereavement group (well, bereavement groups. He goes to several.) It's there he makes some unexpected friends: There's Sloane, who lost her dad to cancer; Will, who lost his little brother to a

different kind of cancer; and eighty-year-old Henry, who was married to his wife for fifty years until she decided to die on her own terms. And it's these three who Asher invites on a road trip from New Jersey to Graceland. Asher doesn't tell them that he's planning to steal his dad's car, or the real reason that he wants to go to Tennessee (spoiler alert: it's revenge)—but then again, the others don't share their reasons for going, either. Complete with unexpected revelations, lots of chicken Caesar salads at roadside restaurants, a stolen motorcycle, and an epic kiss at a rest stop minimart, what begins as the road trip to revenge might just turn

into a path towards forgiveness.

picaresque, swashbuckling adventure.”—The Washington Post Book World They’re an odd pair, to be sure: pale, rail-thin, black-clad Zelikman, a moody, itinerant physician fond of jaunty headgear, and ex-soldier Amram, a gray-haired giant of a man as quick with a razor-tongued witticism as with a sharpened battle-ax. There is a woman in the state of Nevada to whom I once lied continuously, consistently, and shamelessly, for the matter of a couple of hours. I don't want to apologize to her. Far be it from me. But I do want to explain.

Unfortunately, I do not know her name, much less her present address. If her eyes should chance upon these lines, I hope she will write to me. It was in Reno, Nevada, in the summer of 1892. Also, it was fair-time, and the town was filled with petty crooks and tin-

horns, to say nothing of a vast and hungry horde of hoboes. It was the hungry hoboes that made the town a "hungry" town. They "battered" the back doors of the homes of the citizens until the back doors became unresponsive. A hard town for "scoffings," was what the hoboes called it at that time. I know that I missed many a meal, in spite of the fact that I could "throw my feet" with the next one when it came to "slamming a gate" for a "poke-out" or a "set-down," or hitting for a "light piece" on the street. Why, I was so hard put in that town, one day, that I gave the porter the slip and invaded the private car of some itinerant millionaire.

Though often dismissed as a minor if irritating nuisance, congestion's insidious effects constrain our personal and professional lives, making it harder to find a good job, spend time with our family, and maintain profitable businesses. After centuries of building our cities into bustling centers of commerce and culture, we are beginning to slow down. The Road More Traveled shines a new light on the problem of traffic congestion in this easily accessible book. You'll learn how we can reclaim our mobility if we are willing to follow successful examples from overseas, where innovations in infrastructure and privatization have

made other nations stronger and more competitive. By thoroughly debunking the myths that keep our policy makers trapped in traffic, the book argues that we can and should build our way out of congestion and into a fast-paced future.

A comforting and uplifting picture book from bestselling poet and activist Cleo Wade.

Which way do I go?

That is your choice to make, said the Road.

But what if I go the wrong way? The Road curved a little, almost as if it was giving me a hug, and said, Do not worry. Sometimes we go the wrong way on our way to the right way. It's okay to be afraid or to sometimes wander down the

wrong path. Beloved poet Cleo Wade's What the Road Said features illustrations by Lucie de Moyencourt and encourages us to lead with kindness and curiosity, remembering that the most important thing we can do in life is to keep going.

Yosemite Conservancy  
"Hungry? Check the Green Book. Tired? Check the Green Book. Sick? Check the Green

Book." In the late 1930s when segregation was legal and Black Americans couldn't visit every establishment or travel everywhere they wanted to safely, a New Yorker named Victor Hugo Green decided to do something about it. Green wrote and published a guide that listed places where his fellow Black Americans could be safe in New York City. The guide sold like hot cakes! Soon customers started asking Green to make a guide to help them travel and vacation safely across the nation too. With the help of his mail carrier co-workers and the African American business community, Green's guide allowed millions of African Americans to travel

safely and enjoy traveling across the nation. In the first picture book about the creation and distribution of The Green Book, author Keila Dawson and illustrator Alleanna Harris tell the story of the man behind it and how this travel guide opened the road for a safer, more equitable America.

"Stony the Road presents a bracing alternative to Trump-era white nationalism. . . . In our current politics we recognize African-American history—the spot under our country's rug where the terrorism and injustices of white supremacy are habitually swept. Stony the Road lifts the rug."  
—Nell Irvin Painter,

New York Times Book Review A profound new rendering of the struggle by African-Americans for equality after the Civil War and the violent counter-revolution that resubjugated them, by the bestselling author of *The Black Church*. The abolition of slavery in the aftermath of the Civil War is a familiar story, as is the civil rights revolution that transformed the nation after World War II. But the century in between remains a mystery: if emancipation sparked "a new birth of freedom" in Lincoln's America, why was it necessary to march in Martin Luther King, Jr.'s America? In this new book, Henry Louis Gates, Jr., one of our leading chroniclers of the African-American experience, seeks to

answer that question in a history that moves from the Reconstruction Era to the "nadir" of the African-American experience under Jim Crow, through to World War I and the Harlem Renaissance. Through his close reading of the visual culture of this tragic era, Gates reveals the many faces of Jim Crow and how, together, they reinforced a stark color line between white and black Americans. Bringing a lifetime of wisdom to bear as a scholar, filmmaker, and public intellectual, Gates uncovers the roots of structural racism in our own time, while showing how African Americans after slavery combatted it by articulating a vision of a "New Negro" to force the nation to

recognize their humanity and unique contributions to America as it hurtled toward the modern age. The story Gates tells begins with great hope, with the Emancipation Proclamation, Union victory, and the liberation of nearly 4 million enslaved African-Americans. Until 1877, the federal government, goaded by the activism of Frederick Douglass and many others, tried at various turns to sustain their new rights. But the terror unleashed by white paramilitary groups in the former Confederacy, combined with deteriorating economic conditions and a loss of Northern will, restored "home rule" to the

South. The retreat from Reconstruction was followed by one of the most violent periods in our history, with thousands of black people murdered or lynched and many more afflicted by the degrading impositions of Jim Crow segregation. An essential tour through one of America's fundamental historical tragedies, *Stony the Road* is also a story of heroic resistance, as figures such as W. E. B. Du Bois and Ida B. Wells fought to create a counter-narrative, and culture, inside the lion's mouth. As sobering as this tale is, it also has within it the inspiration that comes with encountering the hopes our ancestors advanced against the longest odds.
