The estimated Hispanic population of the United States was 45.5 million in 2007, making people of Hispanic origin the nation's largest ethnic or race minority. Hispanics constitute 15 percent of the nation's total population. The Latino population in the United States will triple in size, and according to the Census projections, Hispanics will make up 29 percent of the United States population by 2050. This book offers suggestions for training Hispanic leaders who will be involved in ministry in various regions of the United States. The findings of this research project produced information, understanding, and direction that can contribute to the imperative efforts to train emerging leaders for Hispanic groups everywhere. The principles revealed in this study of Hispanic leadership training will prove effective in empowering leaders of other groups in the United States and other countries.

In this monograph, Adam Winn proposes that the ancient Greco-Roman literary practice of imitation can and should be used when considering literary

relationships between biblical texts. After identifying the imitative techniques found in Virgil's Aeneid, Winn uses those techniques as a window into Mark's use of the Elijah-Elisha narrative of 1 and 2 Kings. Through careful comparisons between numerous pericopes of both respective narratives, Winn argues that the Markan evangelist has, at many points, clearly and creatively imitated the Elijah-Elisha narrative and has relied on this narrative as a primary source.

Elijah and Elisha are among the earliest and most influential prophets of Israel. They were both used to call Israel and Judah back to the Lord. Yet, their impact extended far beyond the boundaries of Israel in both space and time, impacting other nations and later times. Their stories form the framework of 1 and 2 Kings. Additionally, their accounts also inform and shape later Jewish biblical and religious texts. Quite significantly, the Elijah-Elisha historical pattern plays an important role in the structure and substance of the texts of the Gospels. Important people are pictured against the background of these two key figures in Israel's history. Not only that, but the Elijah-Elisha narrative serves as part of the structure of key sections of the Gospels, themselves. Welcome to the adventure of exploring these key figures--Elijah and Elisha--with Dr. Walter C. Kaiser. Enjoy!

**The Exhaustive Concordance of the Bible** Wipf and Stock Publishers

This is a series of expositions of most of the passages in the first and second books of Kings which give the history of the two prophets, Elijah and Elisha. Some of these stories are among the most vivid and memorable in the Old Testament, and have never failed to prove themselves relevant and challenging in the preaching of the church. Others of them present what to many are the most difficult moral and intellectual problems both for the preacher and the listener.

This collection examines the allusions to the Elijah- Elisha narrative in the gospel of Luke. The volume presents the case for a "maximalist?? view, which holds that the Elijah-Elisha narrative had a dominant role in the composition of Luke 7 and 9, put forward by Thomas L. Brodie and John Shelton, with critical responses to this thesis by Robert Derrenbacher, Alex Damm, F. Gerald Downing, David Peabody, Dennis MacDonald and Joseph Verheyden.

Taken together the contributions to this volume provide fascinating insights into the composition of the gospel of Luke, and the editorial processes involved in its creation. Contributions cover different approaches to the text, including issues of intertextuality and rhetorical-critical examinations. The distinguished contributors and fast-paced debate make this book an indispensable addition to any theological library.

The biblical story of Elisha the prophet is a captivating narrative that features some incredible events and an intriguing array of characters, ranging from barren mothers and cities under siege to hysterical monarchs and fraudulent servants. At the center of the drama is a series of confrontations between the prophet and a compromised king, both on the international stage and behind closed doors. Written with an interest in literary criticism and accessible to a wide audience, this book explores the portrait of an ancient superhero capable of astonishing deeds and memorable words.

When Generations Run Together has been authored by 12 different spiritual leaders of both the older and younger generation-Elijahs and Elishas. The seasoned Elijahs share their own growth experiences as well as their perspectives as spiritual fathers and mothers, while the Elishas share their stories and lessons they have gleaned alongside their Elijahs. "Joining the generations is one of the primary messages on God's heart in this season. Revival and reformation cannot be sustained or advanced by merely one generational demographic but rather must be synergized by a multi-generational effort...Only then will we see a healthy and powerful church arise with an ability to see God's Kingdom come and transform culture, cities, and nations."

(Tom Hamon) "God specializes in generational success, and now the church must take the torch and ignite the generations coming behind us! This book is a must read for anyone wanting to live a life of impact and legacy." (Mark and Patricia Estes) "The wisdom found in these pages from authentic spiritual leaders will not only teach you how to be a leader but also a father or mother. The younger generation desperately needs this. You will also learn how to walk in humility and honor in a way that will unleash God's blessing on your life-a double portion mantle." (Matt Sorger) "Within the story of Elijah and Elisha we see a beautiful picture of what multigenerational living, honor, and spiritual inheritance should look like. Within the pages of this book, Elizabeth

has artfully woven together a tapestry of principles, sound wisdom, and faith-filled stories from proven leaders, all who share from their own unique journey. These stories provide a roadmap that any lover of Jesus can learn from." (Jim and Renee Cutter) .
