Bicycle Camping and Touring Penguin

In 1903, three young men, working in a cramped Wisconsin shed, set out to change history. They certainly didn't know it at the time, but Arthur and Walter Davidson, and Bill Harley, were on their way to building an unlikely motorcycle empire. In *Standard Catalog of Harley-Davidson Motorcycles*, Doug Mitchel traces the development of H-D and its magnificent machines, from the first F-head 3-horsepower prototypes, to the groundbreaking Electra Glides of the 1960's. to the spectacular modern V-Rod. With fantastic photography, meticulously prepared production and technical data, and a true sense of history, *Standard Catalog of Harley-Davidson Motorcycles* is a worthy tribute to a true American legend.
