A Path to Divine Awakening Princeton University Press

Ever wondered how your date of birth influences your personality, your loves and passions, and your path in life? The Astrology Birthday Book reveals how the precise alignment of the planets on your date of birth determines the characteristics that make you unique.

Psychopathology in the Horoscope Touchstone

An alchemical approach seeks to release the latent potential which resides within the individual and within the cosmos. There was never any question that the work of the alchemists depended upon a knowledge of the planets and their cycles, since alchemical transformations could only be successful if carried out at the astrologically appropriate times. This book has been steadily fermenting and evolving for over twenty-five years, and as such it represents a true alchemical process. It has gone from being an idea to a passion, and then a project and now it is a fully-fledged book. Learn firstly about the mystical process of alchemy, and then discover how it deepens our understanding of the transits of the outer planets to the natal chart. A fascinating book that deserves a place in every astrologer's library. Clare Martin has an MA in Integrative Psychotherapy and has been a practising astrologer and teacher since 1990, working in London for the Faculty of Astrological Studies, of which she was President for nine years, and at the Centre for Psychological Astrology. Her personal approach to astrological interpretation is fundamentally Jungian, and evolved during a long period of studying with a variety of teachers in the western mystery traditions. Clare now lives in Dorset, where she continues her writing and consultancy work and is a tutor on the Mercury Internet School of Psychological Astrology.

The Therapeutic Potential of Astrology RosettaBooks

Spanning the course of his career, this book brings new light to Kepler's vitalistic views and their central place in his world picture. It challenges our view of Kepler as a nascent mechanical

philosopher who fell back on an older form of physics.

If you think your astrological fate is sealed by your Sun sign, think again! Your emotions, instincts, intuition, and most private passions are dominated by your Moon sign. In this eye-opening volume, world-famous astrologer and therapist Donna Cunningham unravels the often bewildering effects of lunar influence: a person's potential for intimacy, sense of security, family ties, susceptibility to indulgence in food or drink, career ambition, as well as how men and women respond differently to the same lunar promptings in love and life. Cunningham provides all the information you need to determine your own and others' Moon signs—and analyze their power. Moon Signs also charts the daily, monthly, and yearly courses of the moon, which create those predictable mood swings—our “emotional weather.” The time-honored tradition of astrology has come into its own as a resource for human development and spiritual insight. For astrological novices and veterans alike, Cunningham's invaluable guide will pave the way to a more profound understanding of the uncharted and sometimes dark side of the soul.

What are your talents and limitations, so that you can make use of and increase your good sides and eliminate or limit the bad habits. The book is written in a simple language, it is a beginner's guide to astrology. You will need no previous knowledge about astrology to read this book. This book is meant for anyone who is interested in spirituality and astrology. But it is also recommended for you who have studied astrology and wish to add a spiritual dimension to the subject. This book includes many important areas, such as: human relations, how to cast a

horoscope, diseases, the purpose of life, and an esoteric interpretation of the signs. The book helps you to understand more about yourself. But to this is added astrology for humanity and nations, how astrological energies are influencing and are determinative for society. One of the most important journeys in life is finding your calling, a process of identifying and embracing the best career for personal satisfaction and success. As a child, you may have intuitively identified a career path that felt exciting and right. But it's easy to lose that belief and clarity as you navigate a confusing world. Competing and contradictory advice and expectations from friends, family, and society can make it challenging to identify what you truly want to do in the world, and how to pursue your dreams. In this inspiring, practical, and supportive book, Jan Spiller teaches you how the 10th House - or Midheaven - in your astrological chart can shed light on the tools and gifts you have to achieve success in any area of life. When you embrace and express your natural talents, you more easily enlist others in your success, and events fall into place more smoothly. But more than that, the 10th House shows how you can actualize the part of yourself that seeks a meaningful place in the world, and how to align more closely with your deeper purpose. On all levels - financial, emotional, relational, and spiritual - the 10th House can guide you to fulfillment, authenticity, and success. You'll need your astrology chart to use this book.
