Churchill By Himself The Definitive Collection of Quotations Public Affairs

Churchill in His Own Words Casemate Publishers

The astounding life and career of one of modern history's great public figures continues in the third volume of the acclaimed multivolume biography. Acclaimed British historian Sir Martin Gilbert continues the official biography of Sir Winston Churchill. This volume contains a full account of Churchill's initiatives and achievements as wartime First Lord of the Admiralty between August 1914 and May 1915. These include his efforts to prolong the siege of Antwerp, his support for the use of air power, and his part in the early development of the tank. It shows the forcefulness with which he argued for an offensive naval policy, first against Germany, then against Turkey. Gilbert examines the political crisis of May 1915, during which the Conservative Party forced Asquith to form a coalition government. The Conservatives insisted that Churchill leave the center of war policymaking for a position of increasing political isolation. In the next seven months, while the Gallipoli campaign was being fought, Churchill served as Chancellor of the Duchy of Lancaster, with no authority over military or naval policy. Resigning from the Cabinet in November 1915, Churchill was appointed Lieutenant-Colonel, commanding an infantry battalion in the trenches of the Western Front. In May 1916, he returned from the trenches, hoping to reenter political life, but his repeated attempts to regain his once-substantial influence were unsuccessful. "A milestone, a monument, a magisterial achievement . . . rightly regarded as the most comprehensive life ever written of any age."

—Andrew Roberts, historian and author of *The Storm of War* "The most scholarly study of Churchill in war and peace ever written." —Herbert Mitgang, *The New York Times*

Could World War II Have Been Prevented? Rosetta Books

"Never give in!" Winston Churchill is famous for admonishing: "This is the lesson: never give in, never give in, never, never, never, never." What most people don't know is that when he said this he was addressing not a nation facing the threat of invasion, but a roomful of schoolboys at his old school. A powerful, persuasive speaker and notorious wit, Churchill is one of the twentieth century's most oft-quoted leaders—and one frequently misquoted or quoted out of context. Yet his actual remarks were often much wiser and wittier than reported. *Churchill By Himself* is the first exhaustive, attributed, and annotated collection of Churchill sayings. Edited by a longtime Churchill scholar and authorized by the Churchill estate, the quotations provide the first wholly accurate record of the esteemed statesman's words.

Churchill and America Ebury Press

One of the greatest historians writing today gives us a defining portrait of the incomparable Winston Churchill. In his landmark biography of Winston Churchill, acclaimed historian John Keegan offers a very human portrait of one of the twentieth century's enduring symbols of heroic defiance. From Churchill's youth as a poor student to his leadership during World War II, Keegan reveals a man

whose own idea of an English past—eloquently embodied in his speeches—allowed him to exhort a nation to unprecedented levels of sacrifice. The result is a uniquely discerning look at one of the most fascinating personalities in history. "The best military historian of our generation." —Tom Clancy

**The Life, Times and Opinions of Winston Churchill in His Own Words** W. W. Norton & Company

A New York Times Notable Book of the Year A major reassessment of Winston Churchill that examines his lasting influence in politics and culture. Churchill is generally considered one of the greatest leaders of the twentieth century, if not the greatest of all, revered for his opposition to appeasement, his defiance in the face of German bombing of England, his political prowess, his deft aphorisms, and his memorable speeches. He became the savior of his country, as prime minister during the most perilous period in British history, World War II, and is now perhaps even more beloved in America than in England. And yet Churchill was also very often in the wrong: he brazenly contradicted his own previous political stances, was a disastrous military strategist, and inspired dislike and distrust through much of his life. Before 1939 he doubted the efficacy of tank and submarine warfare, opposed the bombing of cities only to reverse his position, shamelessly exploited the researchers and ghostwriters who wrote much of the journalism and the books published so lucratively under his name, and had an inordinate fondness for alcohol that once found him drinking whisky before breakfast. When he was appointed to the cabinet for the first time in 1908, a perceptive journalist called him "the most interesting problem of personal speculation in English politics." More than a hundred years later, he remains a source of adulation, as well as misunderstanding. This revelatory new book takes on Churchill in his entirety, separating the man from the myth that he so carefully cultivated, and scrutinizing his legacy on both sides of the Atlantic. In effervescent prose, shot through with sly wit, Geoffrey Wheatcroft illuminates key moments and controversies in Churchill's career—from the tragedy of Gallipoli, to his shocking imperialist and racist attitudes, dealings with Ireland, support for Zionism, and complicated engagement with European integration. Charting the evolution and appropriation of Churchill's reputation through to the present day, *Churchill's Shadow* colorfully renders the nuance and complexity of this giant of modern politics.

The Definitive Collection of Quotations Running Press

A great statesman, a masterful historian whose writings won him the Nobel Prize for literature and a war-time leader with few peers, Sir Winston Churchill is remembered perhaps most clearly today for the sheer power of his oratory: the speeches that rallied a nation in its darkest hour and steeled that nation for victory against the might of the Fascist powers. *Never Give In!* celebrates this oratory by gathering together Churchill's most powerful speeches from throughout his public career. Carefully selected by his grandson, this collection includes all his best known speeches - from his great war-time broadcasts to the "Iron Curtain" speech that heralded the start of the Cold War - and many lesser known but inspirational pieces. In a single volume *Never Give In!* provides a powerful testimony to one of the great public figures of the 20th century.

*The Literary Churchill* Ebury Press

A complete look at the paintings of Sir Winston Churchill throughout his life. Written and compiled by Minnie Churchill (granddaughter) and David Coombs.

*London to Ladysmith & Ian Hamilton's March* Churchill By Himself The Definitive Collection of Quotations

A New York Times bestseller! A New York Times Book Review Notable Book of 2017 A dual biography of Winston Churchill and George Orwell, who preserved democracy from the threats of authoritarianism, from the left and right alike. Both George Orwell and Winston Churchill came close to death in the mid-1930's—Orwell shot in the neck in a trench line in the Spanish Civil War, and Churchill struck by a car in New York City. If they'd died then, history would scarcely remember them. At the time, Churchill was a politician on the outs, his loyalty to his class and party suspect. Orwell was a mildly successful novelist, to put it generously. No one would have predicted that by the end of the 20th century they would be considered two of the most important people in British history for having the vision and courage to campaign tirelessly, in words and in deeds, against the totalitarian threat from both the left and the right. In a crucial moment, they responded first by seeking the facts of the matter, seeing through the lies and obfuscations, and then they acted on their beliefs. Together, to an extent not sufficiently appreciated, they kept the West's compass set toward freedom as its due north. It's not easy to recall now how lonely a position both men once occupied. By the late 1930's, democracy was discredited in many circles, and authoritarian rulers were everywhere in the ascent. There were some who decried the scourge of communism, but saw in Hitler and Mussolini "men we could do business with," if not in fact saviors. And there were others who saw the Nazi and fascist threat as malign, but tended to view communism as the path to salvation. Churchill and Orwell, on the other hand, had the foresight to see clearly that the issue was human freedom—that whatever its coloration, a government that denied its people basic freedoms was a totalitarian menace and had to be resisted. In the end, Churchill and Orwell proved their age's necessary men. The glorious climax of Churchill and Orwell is the work they both did in the decade of the 1940's to triumph over freedom's enemies. And though Churchill played the larger role in the defeat of Hitler and the Axis, Orwell's reckoning with the menace of authoritarian rule in *Animal Farm* and 1984 would define the stakes of the Cold War for its 50-year course, and continues to give inspiration to fighters for freedom to this day. Taken together, in Thomas E. Ricks's masterful hands, their lives are a beautiful testament to the power of moral conviction, and to the courage it can take to stay true to it, through thick and thin. Churchill and Orwell is a perfect gift for the holidays!

**Winston Churchill's Illnesses, 1886-1965** GENERAL PRESS

New York Times bestselling biographer Barbara Leaming has written a riveting political drama of the last ten years of Winston Churchill's public life. In *Churchill Defiant*, Leaming tells the tumultuous behind-the-scenes story of Churchill's refusal to retire after his 1945 electoral defeat, and the bare-knuckled political and personal battles that ensued. Her ground-breaking biography Jack Kennedy: *The Education of a Statesman*, was the first to detail Churchill's extraordinary influence on Kennedy's thinking. Now in *Churchill Defiant*, Leaming gives us a vivid and compelling narrative that sheds fresh light on both the human dimension of Winston Churchill and on the struggles and achievements of his final years. At last, in Leaming's eloquent account, we understand the tangled

web of personal relationships and rivalries, the intricate interplay of past and present, the looming sense of history that makes the story of these years as fascinating as anything in the extraordinary century-long saga of Winston Churchill's life.

Mr Churchill's Profession Courier Corporation

A fascinating new look at a neglected side of Winston Churchill - his life as a professional author - revealing how his most important literary work shaped his role as a world leader, and the history of the Second World War

**The Power of Words** Brasseys Uk Limited

*Seven Pillars of Wisdom* is a memoir of the soldier known as 'Lawrence of Arabia.' Lawrence is a fascinating and controversial figure and his talent as a vivid and imaginative writer shines through on every page of his masterpiece. 'Seven Pillars of Wisdom' written between 1919 and 1926, is an extraordinary tale of action, politics and adventure. The story describes heroism through instances of war by a man who not only shaped events but was molded by them. The genre of the book can be related to many broad subjects like political history, military strategy, pathology or travel story. Lawrence, known as the defender of the empire, had found war in the Arab world and a long-lasting sideline to the War to End All Wars. This war produced more war during the time, in which, along with many other eminent writers, Lawrence was also involved. *Seven Pillars of Wisdom* provides a unique portrait of this extraordinary man and an insight into the birth of the Arab nation.

## Random House

Provides a glimpse into the extraordinary life of Britain's greatest prime minister, recreating his many accomplishments, trials, and tribulations throughout his life that contributed to his success.

**Churchill's Shadow: The Life and Afterlife of Winston Churchill** PublicAffairs

A fascinating piece of first-person reporting from the British statesman's early years as a war correspondent in South Africa. As a young, ambitious soldier, Winston S. Churchill managed to get himself posted to the 21st Lancers in 1899 as a war correspondent for the *Morning Post*—and joined them in fighting the rebel Boer settlers in South Africa. In this conflict, rebel forces in the Transvaal and Orange Free State had proclaimed their own statehood, calling it the Boer Republic. This book consists of two separate works in one volume, "London to Ladysmith via Pretoria" and "Ian Hamilton's March." In the former, Churchill is captured in Pretoria not long after he arrives to join the British forces—and is frustrated not by the conditions in the prison, but by the fact that he was missing the action. Churchill tells the story of how he escaped and made a daring overland crossing, traveling only at night to avoid detection. Recounting Churchill's own adventures and observations during the conflict, this book is fascinating for both its historical and personal perspective. "We never think of Churchill as a reporter. That is our loss . . . His dispatches from the 1899-1902 Boer War in South Africa to the *London Morning Post* . . . sizzle with energy and daring." —The *Washington Times*

A Connoisseur's Guide to the Books of Sir Winston Churchill Unicorn PressLtd

A collection of the best and most quoted speeches and writings of Nobel Prize-winner Winston Churchill. Winston Churchill knew the power of words. In speeches, books, and articles, he expressed his feelings and laid out his vision for the future. His wartime writings and speeches have fascinated generation after generation with their powerful narrative style and thoughtful reflection. Martin

Gilbert, Churchill's official biographer, has chosen passages that express the essence of Churchill's thoughts and describe-in his own inimitable words-the main adventures of his life and the main crises of his career. From first to last, they give insight into his life, how it evolved, and how he made his mark on the British and world stage.

**Churchill by Himself** Michael O'Mara Books

Charismatic, erudite, and often controversial, Winston Churchill was one of the most inspiring leaders of the twentieth century, and one of its greatest wits. His much-celebrated sense of fun and mischief has led to many of his jokes and ripostes becoming almost as well known as his famous wartime speeches. Gloriously comprehensive, *The Definitive Wit of Winston Churchill* includes all Churchill's most famous quips and witticisms, and even an appendix of quotes falsely attributed to Churchill. The only book of its kind to be sanctioned by the Churchill estate and to track down each quotation to its source, it captures the great statesman at his most eloquent, witty, and engaging and makes a great gift for the holidays and special occasions year-round.

*In His Own Words* Macmillan

World War II was the defining event of our age-the climactic clash between democracy and tyranny. It led to revolutions, the demise of empires, a protracted Cold War, and religious strife still not ended. Yet Churchill maintained that it was all avoidable: "If the Allies had resisted Hitler strongly in his early stages...he would have been forced to recoil." Here is a transformative view of Churchill's prescriptions, and the degree to which he pursued them in the decade before the war. It shows he was both right and wrong: right that Hitler could have been stopped; wrong that he did all he could to stop him. Could WW2 have been prevented? Yes-at one juncture in particular-but with great difficulty.

**How Churchill Brought England Back from the Brink** Penguin

This tiny tome featuring a faux leather binding with embossed type and illustration is filled with Winston Churchill's biography, his most inspirational quotes, and excerpts from some of his most famous speeches.

*Walking with Destiny* Penguin

Winston Churchill was one of the giants of the twentieth century. As Britain's prime minister from 1940 to 1945, he courageously led his nation and the world away from appeasement, into war, and on to triumph over the Axis dictators. His classic six-volume account of those years, *The Second World War*, has shaped our perceptions of the conflict and secured Churchill's place as its most

important chronicler. Now, for the first time, a book explains how Churchill wrote this masterwork, and in the process enhances and often revises our understanding of one of history's most complex, vivid, and eloquent leaders. *In Command of History* sheds new light on Churchill in his multiple, often overlapping roles as warrior, statesman, politician, and historian. Citing excerpts from the drafts and correspondence for Churchill's magnum opus, David Reynolds opens our eyes to the myriad forces that shaped its final form. We see how Churchill's manuscripts were vetted by Whitehall to conceal secrets such as the breaking of the Enigma code by British spymasters at Bletchley Park, and how Churchill himself edited the volumes to avoid offending postwar statesmen such as Tito, Charles de Gaulle, and Dwight D. Eisenhower. We explore his confusions about the true story of the atomic bomb, learn of his second thoughts about Stalin, and watch him repackage himself as a consistent advocate of the D-Day landings. *In Command of History* is a major work that forces us to reconsider much received wisdom about World War II. It also peels back the covers from an unjustly neglected period of Churchill's life, his "second wilderness" years, 1945—1951. During this time Churchill, now over seventy, wrote himself into history, politicked himself back into 10 Downing Street, and delivered some of the most vital oratory of his career, including his pivotal "iron curtain" speech. Exhaustively researched and dazzlingly written, this is a revelatory portrait of one of the world's most profiled figures, a work by a historian in full command of his craft. "A fascinating account that accomplishes the impossible: [Reynolds] actually finds something new and interesting to say about one of the most chronicled characters of all time." -The New York Times Book Review A New York Times NOTABLE BOOK OF THE YEAR A BEST HISTORY OF THE YEAR SELECTION -The New York Sun NOTE: This edition does not include photographs.

**Churchill's Wit** Oxford University Press, USA

An account of World War II from 1943 to June 5, 1944 tracing the liberation of France and the slow collapse of Nazi Germany

*The Secret History of the Fastball and the Improbable Search for the Fastest Pitcher of All Time*

Rosetta Books

As riveting as the man it portrays, Warlord is a masterful, unsparing portrait of Winston Churchill, one of history's most fascinating and influential leaders. Carlo D'Este's definitive chronicle of Churchill's crucial role in the major military campaigns of the 20th century, Warlord uses extensive, untapped archival materials to provide "a very human look at Churchill's lifelong fascination with soldiering, war, and command." (Washington Post)
