**Experimental Design
and Statistics, Second
Edition**

Experimental
Designs 2nd Edition
The past six years have seen a
substantial increase in the
attention paid by research
workers to the principles
of experimental design.
The Second Edition of
brings this handbook up
to date, while retaining

the basic framework that
made it so popular.

Describes the most useful
of the designs that have
been developed with
accompanying plans and
an account of the
experimental situations
for ...
