LAMBERT AMINA

Buildings Fairleigh Dickinson Univ Press
Follow two abolitionists who fought one of the most shockingly persistent evils of the world: human trafficking and sexual exploitation of slaves. Told in alternating chapters from perspectives spanning more than a century apart, read the riveting 19th century first-hand account of Harriet Jacobs and the modern-day eyewitness account of Timothy Ballard. Harriet Jacobs was an African-American, born into slavery in North Carolina in 1813. She thwarted the sexual advances of her master for years until she escaped and hid in the attic crawl space of her grandmother's house for seven years before escaping north to freedom. She published an autobiography of her life, *Incidents in the Life of a Slave Girl*, which was one of the first open discussions about sexual abuse endured by slave women. She was an active abolitionist, associated with Frederick Douglass,

and, during the Civil War, used her celebrity to raise money for black refugees. After the war, she worked to improve the conditions of newly-freed slaves. As a former Special Agent for the Department of Homeland Security who has seen the horrors and carnage of war, Timothy Ballard founded a modern-day "underground railroad" which has rescued hundreds of children from being fully enslaved, abused, or trafficked in third-world countries. His story includes the rescue and his eventual adoption of two young siblings--Mia and Marky, who were born in Haiti. Section 2 features the lives of five abolitionists, a mix of heroes from past to present, who call us to action and teach us life lessons based on their own experiences: Harriet Tubman--The "Conductor"; Abraham Lincoln--the "Great Emancipator"; Little Mia--the sister who saved her little brother; Guesno Mardy--the Haitian father who lost his son to slave traders; and Harriet Jacobs--a teacher for us all.

Part of the ICE manuals series, ICE manual of structural design is the essential reference for all structural engineers involved in the design of buildings and other structures. The manual takes a project oriented approach, covering key issues that design professionals face at the outset of a project such as sustainability, risk management and how to understand the client's needs, before going on to cover the core issues of concept design and the detailed design of structural components. **Adult Coloring Books** Haynes Manuals N. America, Incorporated This project-oriented facilities design and material handling reference explores the techniques and procedures for developing an efficient facility layout, and introduces some of the state-of-the-art tools involved, such as computer simulation. A "how-to," systematic, and methodical approach leads readers through the collection, analysis and development of information to produce a quality functional plant layout. Lean

manufacturing; work cells and group technology; time standards; the concepts behind calculating machine and personnel requirements, balancing assembly lines, and leveling workloads in manufacturing cells; automatic identification and data collection; and ergonomics. For facilities planners, plant layout, and industrial engineer professionals who are involved in facilities planning and design.

Keep your lovers close- and your enemies in bed. TURK My club sent me to track him down. And when my mission was over, I never wanted another one again. When I found him, I kicked the crap out of Havelock Singer. I issued the mightiest beatdown of all time. Problem is, we're evenly matched. We're equals in every way, and when we finished whaling

on each other, exhausted, we fell into each other's arms. I've never regretted it for an instant. It's been the ride of my life. But loving another man in the MC world is a risky business. As if our business isn't already brutal and ruthless enough, Lock's homophobic sergeant-at-arms Stumpy gets an eyeful of our lovemaking and blackmails us into doing some of his dirty work, or be exposed for what we are-a couple of deviants. This run into the Indian reservation is sleazy and beneath us, but now I'm cornered, and I'll do anything to keep my sweet Master from being lynched by his club. LOCK When that kingpin Carmine Rojas got a load of my beautiful stallion Turk Blackburn, he'd stop at nothing to have him- and Rojas gets what he wants. It's my fault we're in this situation. I should've kicked Turk's ass and sent him packing back to The Bare Bones. I wasn't even close to being ready to come out, but now they're forcing my hand. I can hear my destiny calling me. Either I'll slink back to my club like a hetero bounty hunter with no morals-and no respect from anyone in my own backyard-or I'll

step up to the plate and be the lion of the day. Either way, my lover and I are screwed. Our clubs are going to hound us underground or into another country before we escape this mess-if we don't die trying. "Living off the grid and being an outlaw brings a dangerous reality." -Ron Perlman
Publisher's warning: This book is not for the faint of heart. It contains scenes of gay sex, consensual BDSM, illegal doings, dubious consent, and man-on-man violence.
A Dangerous Reality

This highly accessible and enjoyable guide is full of practical and fascinating information about how to enjoy whisky. All whisky styles are covered, including (just whisper it) blends. Along the way a good few myths are exploded, including the idea that whisky has to be taken neat. In 'What to Drink', Dave Broom explores flavour camps - how to understand a style of whisky - and moves on to provide extensive tasting notes of the major brands, demonstrating whisky's extraordinary diversity. In 'How to Drink', he sets out how to enjoy whisky in myriad ways - using water and mixers, from soda to

green tea; and in cocktails, from the Manhattan to the Rusty Nail. He even looks at pairing whisky and food. In this spirited, entertaining and no-nonsense guide, world-renowned expert Dave Broom dispels the mysteries of whisky and unlocks a whole host of exciting possibilities for this magical drink.

The New Negro Movement. Back to Africa Movement. Harlem 1921. Home of the Black family. Black Cross tells the story of the becoming of Alice-Paul Black. Wife of Rufus Black, mother of Willie and Junior Black, daughter of Mamie Johnson. Born a dark-skinned Negro woman disallowed the right to dream, details her willingness to no longer accept who her husband allows her to be. Who her mother tells her she needs to be and who the world says that she is. It took a long time for Alice-Paul Black to find her voice, and she's going to tell you who she ain't

Air Conditioning Service Manual Quirk Books

The Chainsaw Operator's Manual is an essential safety tool for chainsaw

operators. It is the ultimate guide to basic chainsaw operating techniques covering safety, maintenance and cross-cutting, but not tree felling. Detailed diagrams illustrate horizontal, vertical and boring cuts, as well as trimming and cross-cutting techniques. Safety considerations are discussed, including workplace safety, occupational hazards, kick-back and identifying dangerous trees. An explanation of the 'tension' and 'compression' forces in timber is also provided to help you understand where to begin cutting to avoid jamming the saw. The book covers chainsaw maintenance in detail, explains all aspects of the equipment and helps you select the right chainsaw and personal protection equipment for your needs. Trouble-shooting charts are included to help you solve operating problems. This manual has been updated to take into account the most recent changes in nationally accredited competency standards. It is a must-have for anyone operating a chainsaw.

Turtleback Books

The Choreography of Antony Tudor: Focus on Four Ballets presents both an analytical overview of the ballets created for the stage by Antony Tudor and an in-depth critical analysis of four key works: *Jardin aux Lilas* (1936), *Dark Elegies* (1937), *Pillar of Fire* (1942), and *The Leaves Are Fading* (1975). Tudor was a British choreographer who spent a large part of his working life in the United States, and although he was not prolific in his output, his works include several masterpieces of twentieth-century ballet repertoire. Characteristic of his work is an exceptionally creative and sensitive relationship of choreography with music, a relationship different from that developed by his equally musical contemporary, George Balanchine, in that it privileges subtle layers of dramatic, often psychological, exposition as well as complex mythological structures. Tudor's ballets invariably

involve a psychological human dimension, even when there is no story as such, and it is these two strands - the musical and the dramatic - that the choreographer exploits with consummate skill in the best of his work.

If you can build websites with CSS and JavaScript, this book takes you to the next level—creating dynamic, database-driven websites with PHP and MySQL. Learn how to build a database, manage your content, and interact with users. With step-by-step tutorials, this completely revised edition gets you started with expanded coverage of the basics and takes you deeper into the world of server-side programming. The important stuff you need to know: Get up to speed quickly. Learn how to install PHP and MySQL, and get them running on both your computer and a

remote server. Gain new techniques. Take advantage of the all-new chapter on integrating PHP with HTML web pages. Manage your content. Use the file system to access user data, including images and other binary files. Make it dynamic. Create pages that change with each new viewing. Build a good database. Use MySQL to store user information and other data. Keep your site working. Master the tools for fixing things that go wrong. Control operations. Create an administrative interface to oversee your site.

You know what happens when bad boys get what they wish for? Everything. . . New York Times Bestselling Author Lori Foster Playing Doctor Attitude makes a huge difference in bed. It could be Axel Dean's motto. The sexy physician likes his women with sensual moxie, and Libby Preston definitely seems to fit that bill. There's that naughty grin. That hot bod. Her eager kisses and cheeky insults. Her. . . admitted virginity. Whoa. Okay, cue cold shower. Axel may not be an honorable man, but he has his limits. Except

Libby won't take no for an answer. She's determined to have someone show her what she's been missing, and suddenly, Axel can't bear to think of Libby playing doctor with anyone else. . . USA Today Bestselling Author Erin McCarthy The Lady of the Lake Pro baseball player Dylan Diaz is pretty sure he's going to hell. When you rescue a drowning woman from a lake your first thought should be, "Are you okay?" not, "Can I make mad, passionate love to you?" But the minute sputtering kindergarten teacher Violet Caruthers is on Dylan's boat, that's all he can think about. Maybe it's the potent combo of a nun's personality inside a stripper's body. Maybe it's the way she drives him crazy with desire and laughter. Or maybe, Dylan's finally found what's been missing in his life, and he's not about to let go. . .

technology disciplines, with a focus on electrical systems and electronic controls. It provides students with the necessary knowledge for entry-level positions in industrial maintenance and prepares them for NIMS Level 1 credentialing"--
Over 220 of the World's Greatest Tractors Jones & Bartlett Publishers
 Want to check in at the Red Coyote Inn? You may want to check out it's shady past which includes: ghosts, sightings of supernatural creatures, and guests encountering bizarre accidents. This charming inn is nestled in the Sonoran Desert on the Apache Trail close to the foreboding Superstition Mountains which are said to be the home of the legendary Lost Dutchman Mine. Some say the inn sits at the top of an energy vortex that has ties to the mine. And this just may be the reason for all of the paranormal activity. You may find some of the guests who come to the inn are as strange as the inn itself. The inn was a gift left to a family of three - a divorced mother, daughter and son - one of those being Dean Banks, a fifteen year old boy who comes to find out he has

inherited a supernatural gift of power from a long ago Apache ancestor and is destined to be the Guardian of the mine. He feels this is more of a curse than a gift. With these powers come some pretty unnatural occurrences for Dean as he acquires the ability to gain superhuman strength along with mystical powers which enable him to thwart any attempts from anyone who tries to discover the whereabouts of the mine. Dean fears his new responsibility and also is terrified of the possibility of harming someone. We also find Dean in a power struggle as he tries to remain a normal teenage boy enjoying his life riding in

the desert and hanging out with his new found friends. He will befriend a mysterious old miner who holds the key to some of Dean's past . This miner also has a secret past for Dean to discover. One guest in particular is onto Dean's secrets and is out to destroy the Red Coyote Inn and possibly Dean himself.
