Translates and interprets the Apocalypse of John, investigating theories of authorship and deducing that the inspirations for the visions lay in the prophecies of John the Baptist.

Latin Commentaries on Revelation Westminster John Knox Press

The Book of Revelation is a work of profound theology. But its literary form makes it impenetrable to many modern readers and open to all kinds of misinterpretations. Richard Bauckham explains how the book's imagery conveyed meaning in its original context and how the book's theology is inseparable from its literary structure and composition. Revelation is seen to offer not an esoteric and encoded forecast of historical events but rather a theocentric vision of the coming of God's universal kingdom, contextualised in the late first-century world dominated by Roman power and ideology. It calls on Christians to confront the political idolatries of the time and to participate in God's purpose of gathering all the nations into his kingdom. Once Revelation is properly grounded in its original context it is seen to transcend that context and speak to the contemporary church. This study concludes by highlighting Revelation's continuing relevance for today.

La 4e de couverture indique : "In this landmark commentary, Craig R. Koester offers a comprehensive look at a powerful and controversial early Christian text, the book of Revelation. The author provides richly textured descriptions of the book's setting and language, making extensive use of Greek and Latin inscriptions, classical texts, and ancient Jewish writings, including the Dead Sea Scrolls. Rather than viewing Revelation as world-negating, Koester focuses on its deep engagement with social, religious, and economic issues while addressing the book's volatile history of interpretation. The result is a groundbreaking study that provides bold new insights and sets new directions for the continued appreciation of this text."

This commentary on the book of Revelation combines serious scholarship with contemporary application of the meaning of the texts, helping the modern reader understand and appreciate the last book of the Bible. For many persons in the church, Revelation has frequently become a non-functioning part of the canon. Reddish believes that the church has an obligation to reclaim the book of Revelation and allow it to speak afresh as a powerful voice containing the message of God. The visual and auditory richness of Revelation is an important part of John's presentation of his message. Reddish maintains that the visions, symbols, and seemingly strange images in the book are to be experienced more than explained.

In his clear and readable, style Walter Brueggemann presents Genesis as a single book set within the context of the whole of biblical revelation. He sees his task as bringing the text close to the faith and ministry of the church. He interprets Genesis as a proclamation of God's decisive dealing with creation rather than as history of myth. Brueggemann's impressive perspective illuminates the study of the first book of the Bible. Commentaries on Revelation Revelation

Not to mystify, but to clarify. According to Dr. Charles C. Ryrie, the book of Revelation was not designed to confuse or mystify its readers, but to enlighten them about future events. Revelation, the only major prophetic book in the New Testament, was written by the apostle John while in exile on the island of Patmos. John was commanded by God not to seal the book (22:10), and those who read it are promised a special blessing (1:3). Apparently, therefore, the book was expected to be intelligible and helpful to those who read it. This refreshing, concise new edition with helpful charts and graphs is written especially for those who want to understand what lies ahead in God's plan. Dr. Ryrie's careful attention to detail and understandable explanations will not only help to clear some of the mystery surrounding the book of Revelation, but heighten your confidence that God's victory over Satan, death, and sin is only a matter of time. "Blessed is the one who reads the words of this prophecy, and blessed are those who hear it and take to heart what is written in it, because the time is near" (Revelation 1:3, NIV).

"This series reflects current interpretive ferment marked by growing resistance to the historical-critical project. It holds the promise of asking interpretive questions that are deeply grounded in the primal claims of faith." Walter Brueggemann, Columbia Theological Seminary This commentary, like each in the Brazos Theological Commentary on the Bible, is designed to serve the church through aid in preaching, teaching, study groups, and so forth and demonstrate the continuing intellectual and practical viability of theological interpretation of Scripture. In this addition to the series, Joseph Mangina offers a constructive ecclesiology for the role and mission of the church in the twenty-first century formed by a close examination of Revelation. The general editor for the Brazos Theological Commentary on the Bible is R. R. Reno (Creighton University). Series editors include Robert W. Jenson (Center of Theological Inquiry); Robert Louis Wilken (University of Virginia); Ephraim Radner (Wycliffe College, University of Toronto); Michael Root (Lutheran Theological Southern Seminary); and George Sumner (Wycliffe College, University of Toronto).

Interpretation: A Bible Commentary for Teaching and Preaching Westminster John Knox Press

The final book of the Bible, Revelation prophesies the ultimate judgement of mankind in a series of allegorical visions, grisly images and numerological predictions. According to these, empires will fall, the "Beast" will be destroyed and Christ will rule a new Jerusalem. With an introduction by Will Self. *Revelation* Zondervan Academic

Most Bible commentaries take us on a one-way trip from our world to the world of the Bible. But they leave us there, assuming that we can somehow make the return journey on our own. In other words, they focus on the original meaning of the passage but don't discuss its contemporary application. The information they offer is valuable -- but the job is only half done! The NIV Application Commentary Series helps us with both halves of the interpretive task. This new and unique series shows readers how to bring an ancient message into a modern context. It explains not only what the Bible meant but also how it can speak powerfully today.

A New Translation with Introduction and Commentary Yale University Press

The message of Revelation speaks to Christians for all times, and historically has especially encouraged persecuted groups. Today Christians in many parts of the world are also at opposition to the worldview of the time. Revelation gives strength to those who are oppressed, and John R. Yeatts' commentary attends to themes of martyrdom, suffering, service in the world, hope, the triumph of Christ, and the role of the church in bearing witness to the triumphant Christ. The commentary includes clear biblical commentary, relationships between various portions of Scripture, and applications drawn from the Anabaptist tradition and the larger Christian community.
