New York Times Bestseller Washington Post Bestseller Los Angeles Times Bestseller Stress Test is the story of Tim Geithner's education in financial crises. As president of the Federal Reserve Bank of New York and then as President Barack Obama's secretary of the Treasury, Timothy F. Geithner helped the United States navigate the worst financial crisis since the Great Depression, from boom to bust to rescue to recovery. In a candid, riveting, and historically illuminating memoir, he takes readers behind the scenes of the crisis, explaining the hard choices and politically unpalatable decisions he made to repair a broken financial system and prevent the collapse of the Main Street economy. This is the inside story of how a small group of policy makers—in a thick fog of uncertainty, with unimaginably high stakes—helped avoid a second depression but lost the American people doing it. Stress Test is also a valuable guide to how governments can better manage financial crises, because this one won't be the last. Stress Test reveals a side of Secretary Geithner the public has never seen, starting with his childhood as an American abroad. He recounts his early days as a young Treasury official helping to fight the international financial crises of the 1990s, then describes what he saw, what he did, and what he missed at the New York Fed before the Wall Street boom went bust. He takes readers inside the room as the crisis began, intensified, and burned out of control, discussing the most controversial episodes of his tenures at the New York Fed and the Treasury, including the rescue of Bear Stearns; the harrowing weekend when Lehman Brothers failed; the searing crucible of the AIG rescue as well as the furor over the firm's lavish bonuses; the battles inside the Obama administration over his widely criticized but ultimately successful plan to end the crisis; and the bracing fight for the most sweeping financial reforms in more than seventy years. Secretary Geithner also describes the aftershocks of the crisis, including the administration's efforts to address high unemployment, a series of brutal political battles over deficits and debt, and the drama over Europe's repeated flirtations with the economic abyss. Secretary Geithner is not a politician, but he has things to say about politics—the silliness, the nastiness, the toll it took on his family. But in the end, Stress Test is a hopeful story about public service. In this revealing memoir, Tim Geithner explains how America withstood the ultimate stress test of its political and financial systems.

"We must religiously observe our engagements with China, but I fear that Hong Kong is a sorry possession and Chusan is a magnificent island admirably placed for our purposes." So wrote the home secretary Sir James Graham to the prime minister Sir Robert Peel, as British diplomats prepared to return the island of Chusan to Chinese rule during the winter of 1845. For years, this now little-known island off the coast of Zhejiang province had been home to thousands of men, women and children of all classes and backgrounds, of all races and religions, from across the British Empire and beyond. Before the Union Jack ever flew over Hong Kong, it had been raised on Chusan.

From a wealth of primary archives, Liam D'Arcy-Brown pieces together the forgotten story of how the British wrested Chusan from the Qing dynasty, only to hand it back for the sake of Queen Victoria's honour and Britain's national prestige. At a time when the Chinese Communist Party is inspiring a new brand of patriotism by revisiting the shame inflicted during the Opium Wars, here is a book that puts Britain's incursions into nineteenth-century China in a fascinating and revealing new light.

CRAZY A MEMOIR is a humorous, adventuresome romp about weed smuggling in the seventies and eighties. The author chronicles his early life in San Antonio and the influence of the growing drug culture during his teen years. He then comically depicts his required military service as a "tie-dyed hippie in army greens" and his determined attempts to stay out of Viet Nam. Lost and unsure about life following the drug related deaths of most of his friends, he later hitchhikes around Mexico and ends up attending college in Cholula where he begins his career in weed smuggling. His entrepreneurial efforts in this area are humorously described in great detail. The book captures a slice of time, tying in political and cultural events with the author's concomitant psychological development during the hippie movement as well as his evolving career as a drug smuggler for the Cause.

Mr. China Free Your Words

Brain injury plunged Lia into a world of distortion and chaos, where her own thoughts and senses could no longer be trusted. Searching for medical help, she found doubt and manipulation instead. But I'm Not Depressed is a bleak but ultimately hopeful tale, and a slap in the face to the culture of psychobabble.

#1 NEW YORK TIMES BESTSELLER • ONE OF ESSENCE'S 50 MOST IMPACTFUL BLACK BOOKS OF THE PAST 50 YEARS In this iconic memoir of his early days, Barack Obama "guides us straight to the intersection of the most serious questions of identity, class, and race" (The Washington Post Book World). "Quite extraordinary."—Toni Morrison In this lyrical, unsentimental, and compelling memoir, the son of a black African father and a white American mother searches for a workable meaning to his life as a black American. It begins in New York, where Barack Obama learns that his father—a figure he knows more as a myth than as a man—has been killed in a car accident. This sudden death inspires an emotional odyssey—first to a small town in Kansas, from which he retraces the migration of his mother's family to Hawaii, and then to Kenya, where he meets the African side of his family, confronts the bitter truth of his father's life, and at last reconciles his divided inheritance. Praise for Dreams from My Father "Beautifully crafted . . . moving and candid . . . This book belongs on the shelf beside works like James McBride's The Color of Water and Gregory Howard Williams's Life on the Color Line as a tale of living astride America's racial categories."—Scott Turow "Provocative . . . Persuasively describes the phenomenon of belonging to two different worlds, and thus belonging to neither."—The New York Times Book Review "Obama's writing is incisive yet forgiving. This is a book worth savoring."—Alex Kotlowitz, author of There Are No Children Here "One of the most powerful

books of self-discovery I've ever read, all the more so for its illuminating insights into the problems not only of race, class, and color, but of culture and ethnicity. It is also beautifully written, skillfully layered, and paced like a good novel."—Charlayne Hunter-Gault, author of *In My Place* "Dreams from My Father is an exquisite, sensitive study of this wonderful young author's journey into adulthood, his search for community and his place in it, his quest for an understanding of his roots, and his discovery of the poetry of human life. Perceptive and wise, this book will tell you something about yourself whether you are black or white."—Marian Wright Edelman

The God Portal Harper Collins

This year, nearly four million Americans will be born, the latest of more than 80 million who have no memory of September 11th, 2001—the largest single terrorist attack in the history of the United States. In *FINDING FIFTEEN*, Timothy P. Oliver takes the reader on a six-month journey to locate families, friends and colleagues of 15 victims of that tragic day 15 years later. Each name was randomly selected during Oliver's daily walk through lower Manhattan. The 9/11 Memorial pools, engraved with nearly 3,000 names, sit outside his office at the new World Trade Center building—the shining symbol of a city and country determined to fight back against violent, radical jihadists. In more than 55 exclusive interviews from around the nation, *FINDING FIFTEEN* honors the lives—and relives the final moments—of 15 innocent Americans caught up in the attacks on New York City, Washington D.C., and in the skies over rural Pennsylvania.

Kathrine Lee...has an amazing ability to cheer people on to become who God designed them to be by communicating life changing stories wrapped in God's truth.—Lysa TerKeurst, President of Proverbs 31 Ministries and New York Times best-selling author The world can be full of challenges. Often, we must fight to see the good in the world. Kathrine Lee refuses to give up the fight. She believes there is good in the world, despite the pain and challenges we face. Learn how she found the spiritual strength and courage to stand up to disappointments and pain and find her path forward. A path that leads to joy, hope, and adventure. Lee left the church at a young age and wandered through dark valleys until she found her way back to the light. Once there, she became a passionate crusader for love and justice. In *Interrupted*, Lee discusses how she made the decisions that have given her such a fulfilling, satisfying spiritual and emotional existence. She shares her concern for anyone—but especially women—who has not felt the transformative power of God's grace. As Lee writes, that pain can be turned into an amazing purpose! Proceeds of her book will help her continue her work with Pure Hope Foundation, her nonprofit that assists in the restoration of those victimized by sex trafficking. "

From the author of the acclaimed *Mr. China* comes another rollicking adventure story—part memoir, part history, part business imbroglia—that offers valuable lessons to help Westerners win in China. In the twenty-first century, the world has tilted eastwards in its orbit; China grows confident while the West seems mired in doubt. Having lived and worked in China for more than two decades, Tim Clissold explains the secrets that Westerners can use to navigate through its cultural and political maze. Picking up where he left off in the international bestseller *Mr. China*, *Chinese Rules* chronicles his most recent exploits, with assorted Chinese bureaucrats, factory owners, and local characters

building a climate change business in China. Of course, all does not go as planned as he finds himself caught between the world's largest carbon emitter and the world's richest man. Clissold offers entertaining and enlightening anecdotes of the absurdities, gaffes, and mysteries he encountered along the way. Sprinkled amid surreal scenes of cultural confusion and near misses, are smart myth-busting insights and practical lessons Westerners can use to succeed in China. Exploring key episodes in that nation's long political, military, and cultural history, Clissold outlines five Chinese Rules, which anyone can deploy in on-the-ground situations with modern Chinese counterparts. These Chinese rules will enable foreigners not only to cooperate with China but also to compete with it on its own terms.

A candid memoir of growing up during the Chinese Cultural Revolution that is sure to inspire. Da Chen grew up as an outcast in Communist China. His family's legacy had been one of privilege prior to the revolution, but now in the Chairman Mao era, they are treated with scorn. For Da Chen, that means that all of his successes and academic achievements are nullified when one teacher tells him that, because of his "family's crimes," he can never be more than a poor farmer. Feeling his fate is hopeless, Da responds by dropping out. Da's life takes a dark turn, and he soon begins hanging out with a gang. However, all is not lost. After Chairman Mao's death, Da realizes that an education and college might be possible. He begins to study—all day and into the night. His entire family rallies to help him succeed, working long hours in the rice fields and going into debt to ensure that Da has an education. Their struggle would not be in vain. When the final exam results are posted, Da has one of the highest scores in the region, earning him a place at the prestigious Beijing University and a future free from the scars of his past. This inspiring memoir, adapted for young readers from *Colors of the Mountain*, is one that will rally readers to defy the odds. Praise for *China's Son* "Humor and unflinching honesty inform the narrative, which is shot through with lyrical descriptions."—Publishers Weekly "Da Chen's narrative moves smoothly, communicating setting and character with an immediacy that will draw young readers in."—Kirkus Reviews

Navy pilot Frank Del Vecchio returned home on a weekend leave only to find his neighborhood had disappeared. Boston's West End was being demolished in an urban renewal land grab, its twelve thousand immigrant Jewish and Italian residents summarily displaced. This was the turning point for Frank—he resigned his Navy commission and instead chose to battle political corruption. *CITY STREETS* is the story of a kid from the Depression era who wins a college scholarship, goes through Navy flight training, serves as a carrier pilot, and lands at Harvard Law School. From saving Boston's historic Charlestown neighborhood, to working with Martin Luther King, Jr. on projects for inner-city Washington D.C., Del Vecchio's memoir vividly recalls a time of struggle, idealism and hard-won triumphs.

"It's about time a book came out about one of the most talented and beloved performers in the American theater. Charlotte is the consummate actress, comedienne, entertainer. Her work on stage and screen is always hilarious and somehow also gets you right in the gut. Her story is every bit as brilliant. Read it and smile." -Comedy Legend, Carl Reiner "To think of Charlotte Rae is to smile. Consequently, when I began to read "The Facts of My Life," I was unprepared for the emotional impact it would have on me. By the time I finished the first chapter, dealing as it does with her severely troubled son Andy, I was in tears. "As an old friend of Charlotte's, I thought I knew her fairly well. But as I read on, I discovered that the 'facts of her life' were constantly surprising (as well as amusing and engrossing)! There is so much that I don't know about Charlotte and so much that I now want to know, when the book is finally completed and published, I'll be first in line to get my copy!" -Sheldon Harnick (Composer, Fiddler on the Roof) Charlotte Rae's career spans more than seventy years, from the golden age of television to Shakespeare in the Park, the New York Cabaret scene of the late 1940's and 50's to her hit series, The Facts of Life and well beyond. Off stage and screen, Charlotte's life has been one of joy and challenge, raising an autistic son, coming to terms with alcoholism, the heartache of a broken marriage, the revelation of a gay husband and the sudden challenge of facing middle-age with financial and emotional uncertainties--a crisis she ultimately turned into the determination that brought her stardom. The Facts of My Life is the first opportunity for Charlotte fans to explore the fascinating story of her extraordinary life: poignant and hilarious, a story of courage and triumph, one that speaks for a generation of women breaking barriers, taking on challenges, overcoming personal tragedy, and paving the way for others.

What's Wrong with Pauly? Find a Tree

Journalist Leander Kahney reveals how CEO Tim Cook has led Apple to astronomical success after the death of Steve Jobs in 2011. The death of Steve Jobs left a gaping void at one of the most innovative companies of all time. Jobs wasn't merely Apple's iconic founder and CEO; he was the living embodiment of a global megabrand. It was hard to imagine that anyone could fill his shoes--especially not Tim Cook, the intensely private executive who many thought of as Apple's "operations drone." But seven years later, as journalist Leander Kahney reveals in this definitive book, things at Apple couldn't be better. Its stock has nearly tripled, making it the world's first trillion dollar company. Under Cook's principled leadership, Apple is pushing hard into renewable energy, labor and environmentally-friendly supply chains, user privacy, and highly-recyclable products. From the massive growth of the iPhone to lesser-known victories like the Apple Watch, Cook is leading Apple to a new era of success. Drawing on access with several Apple insiders, Kahney tells the inspiring story of how one man attempted to replace someone irreplaceable, and--through strong, humane leadership, supply chain savvy, and a commitment to his values--succeeded more than anyone had thought possible.

Magazine editor and single mother Amy Bickers was finally putting her life together after a long divorce when, on an August night in 2009, she witnessed the suicide of her ex-husband. In 2009, 36,909 suicides were reported in the United States. In the years since, that number has increased. In 2013, the most recent year for which statistics are available, there were 41,149 suicides reported in the U.S. Around the world, more than 800,000 people will die by suicide this year. It is said that each suicide intimately affects six friends and family members. A suicide every 13.7 minutes in the U.S. is tragically multiplied by six: six people who are called "survivors." The Geography of You and Me is a deeply personal and honest exploration of what came next: grief, post-traumatic stress, and healing. It is a journey filled with dark humor, rap songs by Ludacris, too much cursing, and a perfectly healthy fixation on George Clooney. The Geography of You and Me is ultimately a story of forgiveness and hope. Amy forgave her ex-husband almost immediately. The struggle after his death was to forgive herself and to find a way forward in an uncertain landscape. Every year, millions are faced with the complexities of grief and guilt in the wake of unexpected violence and death. This book is for anyone whose reality in the wake of tragedy has not matched up with the books, movies

and television shows that tell us how we're supposed to feel and behave. This book is for anyone

who is thrust by tragedy into a world they no longer recognize. The Geography of You and Me is for anyone who no longer knows where they stand when the world is turned upside down.
