WHEN IT COMES TO LOVE, SOMETIMES IT TAKES THE HEAD YEARS TO DISCOVER WHAT THE HEART HAS ALWAYS KNOWN When Forbes Branson was a young man ready for something new. A senior in high school, he was the golden boy. Heir to a fortune, he knew what his life was going to be. But he wanted adventure first. A year to do what he wanted, where he wanted before college. An unexpected betrayal would change everything. Sophie

Lipton was fifteen the first time she set foot on the Branson ranch. Dragged from one place to another, never having more than one pair of shoes or enough to eat, the moment she saw the wide open spaces, she felt she could breathe for the first time in her life. It was the home she always dreamed of. But her happiness came at a price. To stay in her new home, Sophie had to keep somebody else's lies. Lies that would eventually tear apart a family. And tear apart her friendship with Forbes. Coming home is never easy-especially after twelve years. Forbes isn't the same young man. He found his adventure-and more. Weary, he's ready to settle into a slower, calmer life. Working on his family's ranch and taking the job as Chief of Police sounds like a piece of cake after the things he had seen and done. Sophie isn't the quiet girl Forbes remembers. She's grown into a strong, confident woman. A woman used to being in charge. The Branson ranch is her territory now. If Forbes thinks he's going to waltz back in and take over, he's going to find out fast that Sophie is no pushover. Twelve years ago, they shared one goodbye kiss. More sweet than passionate. Now, as adults it's a whole new game. The attraction between them is undeniable. Just as they begin to move forward, the past has other ideas. Secrets rarely stay buried forever. Lies. Betrayal. Maybe even murder. Before Forbes and Sophie can think about the future, they will need to deal with the past. Together.

Tori Brown is recovering from the embittered breakup of her engagement and seeks solace in the depths of Herefordshire. Living alone, she adapts to the close and friendly village life, where her personal life is not questioned, thus distancing herself from any prospective relationships. With the calming influence that her horse Carlos gives her, she is soon riding the bridle paths and woodland and beginning to enjoy her life once again. Sudden events take a hold and Tori is thrown, not only from Carlos, but into the beginnings of a new life that is to change everything. Someone else comes into her life, not what she quite expected but certainly what she wanted. Johan Andersen, a local Norwegian forester, captures Tori's heart and from that point on life is not the same again... just better, beyond her wildest dreams.

'Exegetical Essays' is a collection of thirteen biblical studies. The purpose of each is to fill a gap in New Testament research or to offer alternate understandings of familiar passages. The second edition of these 'Essays' incorporates corrections and updated documentation, and presents three new studies. The order of the articles follows as closely as possible the canonical biblical text. The book commences with a consideration of the biblical-theological method, followed by an Old Testament essay, and then proceeds through the Gospels, Paul and Revelation, and concludes with review articles of two recent notable books.

There was a time I would not have lit a fire, if there wasn't a man at home to tend to it. That worry wore off long ago, out of need. -Capanna One friend and then another commits suicide. Her partner has a heart attack. She comes face-to-face with a wolf in the wild. Her rescue dog bites her in the face. Her past intrudes in ways it can't be changed. Life is messy, and what, really, do any of us know about how to live it? Nearly Fifty is a collection of essays, written in real time, through which Paloma A. Capanna explores how she tried to make thoughtful decisions in the midst of chaos in order to keep moving forward in the pulse of her life. It is the story of everyone who faces decisions that can only be made based upon the available information at the time and the bits of wisdom collected over time. Even when there is no perfect solution, she illustrates the importance of making a choice with which one can go on living. "In Paloma's questions lives wisdom. In her answers, wonder and compassion. This is a beautiful, honest, direct book. Open it and you will find yourself in a company of someone who is brave to live in the open." -Ilya Kaminsky, Poet, author of *Dancing in Odessa*, *Musica Humana*, and *Deaf Nation*, winner of the Pushcart Prize "If you are looking for insight into a life well-lived, then you have come to the right place. Paloma brings you into her world with her eloquent speech and does not let you linger lest you might be bored. You don't want to miss out on any of her grand tidbits." -Larry Jaffe, Poet, author of *Lying Half-Naked in the Doorway*, founder of *Poets Beyond Borders*, and International Readings Coordinator for the United Nations "Dialogue Through Poetry Week"

This historic book may have numerous typos and missing text. Purchasers can usually download a free scanned copy of the original book (without typos) from the publisher. Not indexed. Not illustrated. 1917 edition. Excerpt: ... (6) Columns for Discount on Purchases and Discount on Notes on the same side of the Cash Book; (c) Columns for Discount on Sales and Cash Sales on the debit side of the Cash Book; (d) Departmental columns in the Sales Book and in the Purchase Book. Controlling Accounts.--The addition of special columns in books of original entry makes possible the keeping of Controlling Accounts. The most common examples of such accounts are Accounts Receivable account and Accounts Payable account. These summary accounts, respectively, displace individual customers' and creditors' accounts in the Ledger. The customers' accounts are then segregated in another book called the Sales Ledger or Customers' Ledger, while the creditors' accounts are kept in the Purchase or Creditors' Ledger. The original Ledger, now much reduced in size, is called the General Ledger. The Trial Balance now refers to the accounts in the General Ledger. It is evident that the task of taking a Trial Balance is greatly simplified because so many fewer accounts are involved. A Schedule of Accounts Receivable is then prepared, consisting of the balances found in the Sales Ledger, and its total must agree with the balance of the Accounts Receivable account shown in the Trial Balance. A similar Schedule of Accounts Payable, made up of all the balances in the Purchase Ledger, is prepared, and it must agree with the balance of the Accounts Payable account of the General Ledger." The Balance Sheet.--In the more elementary part of the text, the student learned how to prepare a Statement of Assets and Liabilities for the purpose of disclosing the net capital of an enterprise. In the present chapter he was shown how to prepare a similar statement, the Balance Sheet. For all practical...
