Reading Level: Upper Intermediate Steinbeck's most powerful novel describes the lives of a homeless farming family as they travel across America in the Great Depression of the 1930s. When the Joad family loses its farm in Oklahoma, they join thousands of other families on the journey to a new life in California where they have heard there is work picking fruit. Every step of the way, the family face hardship and hostility as they struggle to survive in a country where kindness no longer exists.

The Pulitzer Prize-winning epic of the Great Depression, a book that galvanized—and sometimes outraged—millions of readers. First published in 1939, Steinbeck's Pulitzer Prize-winning epic of the Great Depression chronicles the Dust Bowl migration of the 1930s and tells the story of one Oklahoma farm family, the Joads—driven from their homestead and forced to travel west to the promised land of California. Out of their trials and their repeated collisions against the hard realities of an America divided into Haves and Have-Nots evolves a drama that is intensely human yet majestic in its scale and moral vision, elemental yet plainspoken, tragic but ultimately stirring in its human dignity. A portrait of the conflict between the powerful and the powerless, of one man's fierce reaction to injustice, and of one woman's stoical strength, the novel captures the horrors of the

Great Depression and probes into the very nature of equality and justice in America. At once a naturalistic epic, captivity narrative, road novel, and transcendental gospel, Steinbeck's powerful landmark novel is perhaps the most American of American Classics. This Centennial edition, specially designed to commemorate one hundred years of Steinbeck, features french flaps and deckle-edged pages. For more than sixty-five years, Penguin has been the leading publisher of classic literature in the English-speaking world. With more than 1,500 titles, Penguin Classics represents a global bookshelf of the best works throughout history and across genres and disciplines. Readers trust the series to provide authoritative texts enhanced by introductions and notes by distinguished scholars and contemporary authors, as well as up-to-date translations by award-winning translators.

Winner of the 2021 Los Angeles Times Book Prize for Biography A Publishers Weekly Best Book of 2020 in Nonfiction A resonant biography of America's most celebrated novelist of the Great Depression. The first full-length biography of the Nobel laureate to appear in a quarter century, *Mad at the World* illuminates what has made the work of John Steinbeck an enduring part of the literary canon: his capacity for empathy. Pulitzer Prize finalist William Souder explores Steinbeck's long apprenticeship as a writer struggling through the depths of the Great Depression, and his rise to greatness with masterpieces such as *The Red Pony*, *Of Mice and Men*, and *The Grapes of Wrath*. Angered by the plight of the Dust Bowl migrants who were starving even as they toiled to harvest California's limitless bounty, fascinated by the guileless decency of the downtrodden denizens of Cannery Row, and appalled by the country's refusal to recognize the humanity common to all of its citizens, Steinbeck took a stand against social injustice—paradoxically given his inherent misanthropy—setting him apart from the writers of the so-called "lost generation." A man by turns quick-tempered, compassionate, and ultimately brilliant, Steinbeck could be a difficult person to like. Obsessed with privacy, he was mistrustful of people. Next to writing, his favorite things were drinking and womanizing and getting married, which he did three times. And while he claimed indifference about success, his mid-career books and movie deals made him a lot of money—which passed through his hands as quickly as it came in. And yet Steinbeck also took aim at the corrosiveness of power, the perils of income inequality, and the urgency of ecological collapse, all of which drive public debate to this day. Steinbeck remains our great social realist novelist, the writer who gave the dispossessed and the disenfranchised a voice in American life and letters. Eloquent, nuanced, and deeply researched, *Mad at the World* captures the full measure of the man and his work.

Bert and Elmer Hader were incredibly talented. They married in 1919 and together forged a fifty-year-long artistic career that was to produce thousands of pieces of art, scores of children's books, and hundreds of paintings and sketches. They enjoyed winning a Caldecott award, international acclaim, and a huge following of happy children. The Haders built their own welcoming home, fostered conservation efforts, and forged incredible friendships. Their art ranged from juvenile art to detailed portraiture. *Bert and Elmer Hader: A Lifetime of Art* showcases each decade of their lives, talents and accomplishments. Those who love children's literature, those who are artistic and want to build their own careers, and those who are enchanted by solid examples of a couple's love for one another and their community, being the cornerstones of happy lives, will find this book of interest.

"Surely his most interesting, plausibly his most memorable, and . . . arguably his best book" —The New York Times Book Review For John Steinbeck, who hated the telephone, letter-writing was a preparation for work and a natural way for him to communicate his thoughts on people he liked and hated; on marriage, women, and children; on the condition of the world; and on his progress in learning his craft. Opening with letters written during Steinbeck's early years in California, and closing with a 1968 note written in Sag Harbor, New York, *Steinbeck: A Life in Letters* reveals the inner thoughts and rough character of this American author as nothing else has and as nothing else ever will. "The reader will discover as much about the making of a writer and the creative process, as he will about Steinbeck. And that's a lot." —Los Angeles Herald-Examiner "A rewarding book of enduring interest, this becomes a major part of the Steinbeck canon." —The Wall Street Journal

**The Palestinian Intifada** Hill and Wang

In the first book-length treatment of Elizabeth von Arnim's fiction, Isobel Maddison examines her work in its historical and intellectual contexts, demonstrating that von Arnim's fine comic writing and complex and compelling narrative style reward close analysis. Organised chronologically and thematically, Maddison's book is informed by unpublished material from the British and Huntington Libraries, including correspondence between von Arnim, her publishers and prominent contemporaries such as H.G. Wells, Bertrand Russell and her cousin Katherine Mansfield -- whose early modernist prose is seen as indebted to von Arnim's earlier literary influence. Maddison's exploration of the novelist's critical reception is situated within recent discussions of the 'middlebrow' and establishes von Arnim as a serious author among her intellectual milieu, countering the misinformed belief that the author of such novels as *Elizabeth* and *Her German Garden*, *The Caravaners*, *The Pastor's Wife* and *Vera* wrote light-hearted fiction removed from gritty reality. On the contrary, various strands of socialist thought and von Arnim's wider political beliefs establish her as a significant author of British anti-invasion literature while weighty social issues underpin much of her later writing.

"Teddy Wayne has written a brilliant book. Karim Issar is one of the freshest, funniest heroes I've come across in a long time." — Ben Fountain, bestselling author of *Brief Encounters* with Che Guevara "An innovative and incisive meditation on the wages of corporate greed, the fundamental darkness of its vision lit by the author's great comic intelligence and wit." — Kathryn Davis, author of *The Thin Place, Hell: A Novel*, and *Versailles* With a fresh and singular voice, Teddy Wayne marks his literary debut with the story of one 26 year old Middle Eastern man's attempt to live the American Dream in New York City. Like the award-winning *Netherland* and *The Reluctant Fundamentalist*, *Kapitoil* provides an absorbing look into American culture and New York finance from an outsider's perspective.

"The Bestselling Hardcover Novel of the Year."--Publishers Weekly From the number-one bestselling author of *The Nightingale* and *The Great Alone* comes a powerful American epic about love and heroism and hope, set during the Great Depression, a time when the country was in crisis and at war with itself, when millions were out of work and even the land seemed to have turned against them. "My land tells its story if you listen. The story of our family." Texas, 1921. A time of abundance. The Great War is over, the bounty of the land is plentiful, and America is on the brink of a new and optimistic era. But for Elsa Wolcott, deemed too old to marry in a time when marriage is a woman's only option, the future seems bleak. Until the night she meets Rafe Martinelli and decides to change the direction of her life. With her reputation in ruin, there is only one respectable choice: marriage to a man she barely knows. By 1934, the world has changed; millions are out of work and drought has devastated the Great Plains. Farmers are fighting to keep their land and their livelihoods as crops fail and water dries up and the earth cracks open. Dust storms roll relentlessly across the plains. Everything on the Martinelli farm is dying, including Elsa's tenuous marriage; each day is a desperate battle against nature and a fight to keep her children alive. In this uncertain and perilous time, Elsa—like so many of her neighbors—must make an agonizing choice: fight for the land she loves or leave it behind and go west, to California, in search of a better life for her family. *The Four Winds* is a rich, sweeping novel that stunningly brings to life the Great Depression and the people who lived through it—the harsh realities that divided us as a nation and the enduring battle between the haves and the have-nots. A testament to hope, resilience, and the strength of the human spirit to survive adversity, *The Four Winds* is an indelible portrait of America and the American dream, as seen through the eyes of one indomitable woman whose courage and sacrifice will come to define a generation.

When the railroad stretched its steel rails across the American West in the 1870s, it opened up a vast expanse of territory with very few people but enormous agricultural potential: a second Western frontier, the garden West. Agriculture quickly followed the railroads, making way for Kansas wheat and Colorado sugar beets and Washington apples. With this new agriculture came an unavoidable need for harvest workers—for hands to pick the apples, cotton, oranges, and hops; to pull and top the sugar beets; to fill the trays with raisin grapes and apricots; to stack the wheat bundles in shocks to be pitched into the maw of the threshing machine. These were not the year-round hired hands but transients who would show up to harvest the crop and then leave when the work was finished. Variousy called bindlestiffs, fruit tramps, hoboes, and bums, these men—and women and children—were vital to the creation of the West and its economy. Amazingly, it is an aspect of Western history that has never been told. In *Hoboes: Bindlestiffs, Fruit Tramps, and the Harvesting of the West*, the award-winning historian Mark Wyman beautifully captures the lives of these workers. Exhaustively researched and highly original, this narrative history is a detailed, deeply sympathetic portrait of the lives of these hoboes, as well as a fresh look at the settling and development of the American West.

In the 1980s, the broad legal mandate of the RICO act succeeded in crushing much of the backbone of the traditional American Mafia. Across the ocean however, in the ancestral Sicilian homeland of La Cosa Nostra, the Mafia was anything but finished. Possessed of a power thought to rival that of the Italian state itself, for the past decades, the Sicilian Mafia has waged a war on the forces of law and order that has not only left thousands dead, but has created a ripple effect of crime and violence that can be felt on the streets of America's cities today. Taking us into the eye of this criminal storm, *Boss of Bosses* tells the story of Bernardo Provenzano, who rose from humble origins to become the head of the Sicilian Mafia, overseeing a deadly empire of corruption so large in scope, the full sweep of its dark reach has yet to be fully accounted. On the run for over 43 years before his arrest, Provenzano's life is a testament to Mafia history, and typifies the code of the ultimate gangster.

At an unparalleled time of the construction of reality across the fields of the science and humanities on a variety of platforms, theatre and performance participates in the current obsession with the problems and possibilities of the epistemologies of the real by using and revising the conventions of dramatic writing and performance to create and recreate personal, national, historical, and virtual realities. *Theatre of the Real* examines a wide range of international theatre and performance that claims a special relationship to contemporary reality in order to theorize how theatre and performance participates in how we come to know, experience, and understand the important events of our personal, social and political lives. The wide range of works discussed include *Kamp and History of the World - Part Eleven* by Hotel Modern, *I am My Own Wife* by Doug Wright, and *Southern Exposure* by JoAnne Akalaitis.

*Political Messages in American Films* Farrar, Straus and Giroux

The first major biography of the iconic actor Henry Fonda, a story of stardom, manhood, and the American character Henry Fonda's performances—in *The Grapes of Wrath*, *Young Mr. Lincoln*, *The Lady Eve*, *12 Angry Men*, *On Golden Pond*—helped define "American" in the twentieth century. He worked with movie masters from Ford and Sturges to Hitchcock and Leone. He was a Broadway legend. He fought in World War II and was loved the world over. Yet much of his life was rage and struggle. Why did Fonda marry five times—tempestuously to actress Margaret Sullavan, tragically to heiress Frances Brokaw, mother of Jane and Peter? Was he a man of integrity, worthy of the heroes he played, or the harsh father his children describe, the iceman who went onstage hours after his wife killed herself? Why did suicide shadow his life and art? What memories troubled him so?

McKinney's Fonda is dark, complex, fascinating, and a product of glamour and acclaim, early losses and Midwestern demons—a man haunted by what he'd seen, and by who he was.

Perhaps the most important work in modern Iranian literature, this starkly beautiful novel examines the trials of an impoverished woman and her children living in a remote village in Iran, after the unexplained disappearance of her husband, Soluch. Lyrical yet unsparing, the novel examines her life as she contends with the political corruption, authoritarianism, and poverty of the village. It follows her vacillations between love for Soluch and anger at his absence, and her struggle to raise her children without their father. The novel critically evokes the unfulfilled aspirations of modern Iran, portraying a society caught between a past and a future that seem equally weighed down by injustice. This landmark novel -- the first ever written in the everyday language of the Iranian people -- revolutionized Persian literature in its beautiful and daring portrayal of the life of a marginal woman and her struggle to survive.

An award-winning novel with incredible heart, about life on the prairie as it's rarely been seen. When Rachel, hired help in a Chicago boardinghouse, falls in love with Isaac, the boardinghouse owner's son, he makes her a bargain: he'll marry her, but only if she gives up her 160 acres from the Homestead Act so he can double his share. She agrees, and together they stake their claim in the forebodingly beautiful South Dakota Badlands. Fourteen years later, in the summer of 1917, the cattle are bellowing with thirst. It hasn't rained in months, and supplies have dwindled. Pregnant, and struggling to feed her family, Rachel is isolated by more than just geography. She is determined to give her surviving children the life they deserve, but she knows that her husband, a fiercely proud former Buffalo Soldier, will never leave his ranch: black families are rare in the West, and land means a measure of equality with the white man. Somehow Rachel must find the strength to do what is right-for herself, and for her children. Reminiscent of *The Color Purple* as well as the frontier novels of Laura Ingalls Wilder and Willa Cather, *The Personal History of Rachel DuPree* opens a window on the little-known history of African American homesteaders and gives voice to an extraordinary heroine who embodies the spirit that built America.
