 For the two-semester A&P laboratory course. Fully engage students in their A&P Lab experience  
 Human Anatomy & Physiology Laboratory Manual: Making Connections distinguishes itself from  
 other A&P lab manuals by focusing on and addressing the most common teaching challenges in  
 the lab--getting students to engage in the lab, to prepare for the lab, and to apply concepts in the  
 lab. Catharine Whiting's active learning approach incorporates a rich variety of hands-on activities  
 and guided questions to get students engaged and asking questions. The 2nd Edition provides new  
 features, such as "What You Need to Know Before You Start this Unit" at the beginning of each Unit  
 and new Pre-Lab Video Coaching Activities to help students learn what they need to review before  
 lab. Developed as the companion to Erin Amerman's Human Anatomy & Physiology, 2nd Edition,  
 Whiting's lab manual reflects the same superb art program and terminology found in the Amerman

textbook. Human Anatomy & Physiology Laboratory Manual: Making Connections, 2nd Edition is  
 available in three versions for your students: Main, Cat and Fetal Pig. The Cat and Fetal Pig  
 versions are identical to the Main version except that they include seven additional cat dissection  
 and nine additional fetal pig dissection exercises, respectively, at the back of the lab manual. Also  
 available with Mastering A&P Mastering(tm) is the teaching and learning platform that empowers  
 you to reach every student. By combining trusted author content with digital tools developed to  
 engage students and emulate the office-hour experience, Mastering personalizes learning and  
 improves results for each student. Mastering A&P assignments support interactive features in the  
 lab manual and include new Pre-Lab Video coaching activities, new Cat Dissection Video and Fetal  
 Pig Dissection Video coaching activities, new fully mobile PAL 3.1 plus PAL 3.1 Customizable  
 Flashcards, Learning Catalytics (tm) , A&P Flix 3D muscle animations, a variety of Art Labeling
