American Poetry in Performance Sourcebooks, Inc.
Interprets popular art forms as exhibiting core anarchist values and presaging a more democratic world. Situated at the

intersection of anarchist and democratic theory, Anarchism and Art focuses on four popular art forms—DIY (Do It Yourself) punk music, poetry slam, graffiti and street art, and flash mobs—found in the cracks between dominant political, economic, and cultural institutions and on the margins of mainstream neoliberal society. Mark Mattern interprets these popular art forms in terms of core anarchist values of autonomy, equality, decentralized and horizontal forms of power, and direct action by common people, who refuse the terms offered them by neoliberalism while creating practical alternatives. As exemplars of central anarchist principles and commitments, such forms of popular art, he argues, prefigure deeper forms of democracy than those experienced by most people in today's liberal democracies. That is, they contain hints of future, more democratic possibilities, while modeling in the present the characteristics of those more

democratic possibilities. Providing concrete evidence that progressive change is both desirable and possible, they also point the way forward. Mark Mattern is Professor of Political Science at Baldwin Wallace University. He is the coeditor (with Nancy S. Love) of *Doing Democracy: Activist Art and Cultural Politics*, also published by SUNY Press, and the author of *Acting in Concert: Music, Community, and Political Action*.

UKLA Academic Book Award 2016: Highly Commended Making Poetry Happen provides a valuable resource for trainee and practicing teachers, enabling them to become more confident and creative in teaching what is recognized as a very challenging aspect of the English curriculum. The volume editors draw

together a wide-range of perspectives to provide support for development of creative practices across the age phases, drawing on learners' and teachers' perceptions of what poetry teaching is like in all its forms and within a variety of contexts, including: - inspiring young people to write poems - engaging invisible pupils (especially boys) - listening to poetry - performing poetry Throughout, the contributors include practical, tried-and-tested materials, including activities, and draw on case studies. This approach ensures that the theory is clearly linked to practice as they consider teaching and learning poetry to those aged between 5 and 19 from different perspectives, looking at reading; writing; speaking and listening; and transformative poetry cultures. Each of the four parts includes teacher commentaries on how they have adapted and developed the poetry activities for use in their own classroom.

Given the increasing popularity of literary festivals, open mics, and poetry slams, one could justifiably claim that the English-speaking world is currently experiencing a 'Live Poetry' boom. Yet, despite this raised awareness for the aesthetic and social potential of performed poetry, academia has barely responded, failing in the process to update and adapt its concept of poetry to meet these recent developments. Bridging this critical gap, this volume provides for the first time a full methodological 'toolkit' for the analysis of live poetry by drawing together approaches from diverse disciplines concerned with speech and forms of

cultural performance. Most notably, these include literary studies, paralinguistics, musicology, kinesics, theatre and performance studies, and folklore studies. This innovative methodology is demonstrated through sample analyses based on a mixed corpus of audio and video recordings of poetry performances, as well as on personal interviews with practitioners of live poetry. Of value to the scholar and poetry enthusiast alike, this volume presents an indispensable guide for anyone interested in understanding and analysing poetry's evolution through its current 'spoken word' renaissance.

Minu Hedayati-Aliabadi zeigt anhand ihrer deutsch-US-amerikanischen Studie, dass der Begriff Slam Poetry in erster Linie als Bedeutungsträger für performative, zeitgenössische und interaktive Literatur verwendet wird, während die reale Ausprägung bei Veranstaltungen weniger interaktiv ist. Sie setzt sich in Ihrer Arbeit mit den Ansichten und Handlungsweisen der beteiligten Akteure auseinander und untersucht das in 1986 in Chicago entstandene Veranstaltungsformat Poetry Slam. 1989 wurde dieses durch die Slam-Szene in New York City international bekannt und kann aufgrund der Ergebnisse der Studie in Deutschland heute als wenig elitäres, nicht kommerzielles, geplantes und kulturelles Event klassifiziert werden, das hauptsächlich von jungen Erwachsenen aus dem Bildungsbürgertum besucht wird.

In everything we have to understand, poetry can help. Tony Hoagland, Harper's , April 2013 In *Poem Central: Word Journeys with Readers and Writers* , Shirley McPhillips helps us better understand the central role poetry can play in our personal lives and in the life of our classrooms. She introduces us to professional poets, teachers, and students----people of different ages and walks of life---who are actively engaged in reading and making poems. Their stories and their work show us the power of poems to illuminate the ordinary, to nurture, inspire and stand alongside us for the journey. *Poem Central* is divided into three main parts-;weaving poetry into our lives and our classrooms, reading poems, and writing poems. McPhillipshas structured the book in short sections that are easy to read and dip into. Each section has a specific focus, provides background knowledge,

shows poets at work, highlights information on crafting, defines poetic terms, features finished work, includes classroom examples, and lists additional resources. In Poem Central -; a place where people and poems meet-; teachers and students will discover how to find their way into a poem, have conversations around poems, and learn fresh and exciting ways to make poems. Readers will enjoy the dozens of poems throughout the book that serve to instruct, to inspire, and to send us on unique word journeys of the mind and heart.

Lotta König bietet theoretische und unterrichtspraktische Überlegungen, wie im Fremdsprachenunterricht eine reflektierte Auseinandersetzung mit Geschlechternormen angeregt werden kann. Sie nutzt das Potenzial literarischer Texte, um Einblicke in diverse geschlechtliche Lebenswelten und zugleich einen Schutzraum für die Beschäftigung mit einem persönlich so relevanten Thema zu gewähren. Entsprechende literaturdidaktische Überlegungen werden mit den Erkenntnissen der Gender Studies zusammengeführt. Daraus entwickelt die Autorin methodisch-didaktische Grundlagen für eine Gender-Reflexion im Englischunterricht, welche in einer Unterrichtsreihe angewendet und ausgewertet werden.

Making Poetry Happen Rutgers University Press

American Performance Poetry is the first book to trace a comprehensive history of performance poetry in America from Whitman through the rap-meets-poetry scene and to show how the performance of poetry is bound up with the performance of identity and nationality in the modern period. This book will be a meaningful contribution both to the field of American poetry studies and to the fields of cultural and performance studies, as it focuses on poetry that refuses the status of fixed aesthetic object and, in its variability, performs versions of race, class, gender, and sexuality both on and off the page. Relating the performance

of poetry to shifting political and cultural ideologies in the United States, Hoffman argues that the vocal aspect of public poetry possesses (or has been imagined to possess) the ability to help construct both national and subaltern communities. In doing so, *American Performance Poetry* explores public poets' confrontations with emergent sound recording and communications technologies as those confrontations shape their mythologies of the spoken word and their corresponding notions about America and Americanness.

This first-of-its-kind compendium unites perspectives from artists, scholars, arts educators, policymakers, and activists to investigate the complex system of values surrounding artistic-educational endeavors. Addressing a range of artistic domains-

including music, dance, theater, visual arts, film, and poetry-contributors explore and critique the conventions that govern our interactions with these practices. *Artistic Citizenship* focuses on the social responsibilities and functions of amateur and professional artists and examines ethical issues that are conventionally dismissed in discourses on these topics. The questions this book addresses include: How does the concept of citizenship relate to the arts? What sociocultural, political, environmental, and gendered "goods" can artistic engagements create for people worldwide? Do particular artistic endeavors have distinctive potentials for nurturing artistic citizenship? What are the most effective strategies in the arts to institute change and/or resist local, national, and world problems? What obligations do artists and consumers of art have to facilitate relationships between the arts and citizenship? How can artistic activities contribute to the eradication of adverse 'ism's? A substantial accompanying website features video clips of "artivism" in action, videotaped interviews with scholars and practitioners working in a variety of spaces and places, a blog, and supplementary resources about existing and emerging initiatives. Thoroughly researched and engagingly written, *Artistic Citizenship* is an essential text for artists, scholars, policymakers, educators, and students.

The Nuyorican Poets Café has for the past forty years provided a space for multicultural artistic expression and a platform for the articulation of Puerto Rican and black cultural politics. The Café's performances—poetry, music, hip hop, comedy, and drama—have been studied in detail, but until now, little attention has been paid to the voices of its women artists. Through archival research and interview, *Nuyorican Feminist Performance* examines the contributions of 1970s and '80s performeras and how they challenged the Café's gender politics. It also looks at recent artists who have built on that foundation with hip hop performances that speak to contemporary audiences. The book spotlights the work of foundational artists such as Sandra María Esteves, Martita Morales, Luz Rodríguez, and Amina Muñoz, before turning to contemporary artists La Bruja, Mariposa, Aya de León, and Nilaja Sun, who infuse their poetry and solo pieces with both Nuyorican and hip hop aesthetics.
