PAUL SANIYA

The Dictionary of Physical Geography Oxford University Press, USA

Newly updated to incorporate recent additions to the English language, the Oxford Dictionary of Word Origins provides a fascinating exploration of the origins and development of over 3,000 words in the English language. Drawing on Oxford's unrivalled dictionary research programme and language monitoring it brings to light the intriguing and often unusual stories of some of our most used words and phrases. The A-Z entries include the first known use of the term along with examples, related lexes, and expressions which uncover the etymological composition of each word. Also featured are 22 special panels that give overviews of broad topic areas, 5 of which are completely new and that variously cover words from Oceania, word blends, eponyms, and acronyms. New findings in the OED since the previous edition have also been added, including emoji, mansplain, meeples, meme, and spam. An absorbing resource for language students and enthusiasts, but also an intriguing read for any person interested in the development of the English language, and of language development in general. It also includes an extended introduction on the history of the English language.

français-anglais, anglais-français Oxford University Press

A handbook sponsored by the I.E.A.

Oxford Dictionary of Word Origins OXFORD University Press

Did you know that coconut derives from the Spanish and Portuguese coco for 'grinning face'? Or that giraffes used to be called camelopards? Or that walrus has its origin in Dutch, meaning 'whale horse'.The Little Oxford Dictionary of Word Origins includes 1,000 word histories arranged across 100 wide-ranging themes, from food to phobias, from the universe to love. Featuring words with interesting or surprising origins, it is an irresistible collection of word histories, including dates of origin and an authoritative account of each word's derivation. Beautifully produced and attractively designed, this fascinating volume is a pleasure to browse. It also features a useful index so you can quickly find just the word you are looking for. It is the perfect gift for word lovers and for anyone with an interest in the English language.Readership: Anyone with an interest in words and their origins and in the richness of the English language.

My Personal Dictionary New South Wales Oxford University Press

Provides definitions of words in contemporary use in English-speaking countries throughout the world, with examples of idiomatic uses, guides to irregular forms, notes on grammar and preferred usage, and lists of related terms.

Oxford Wordpower Dictionary Oxford University Press

Little Oxford Dictionary of Proverbs features over 2,000 proverbs and sayings from around the world, arranged across 250 subjects - from 'Books' and

'Borrowing' to 'Dreams' and 'Drink'. Each theme has a short introduction giving an overview of the proverbial treatment of the topic and each proverb is accompanied by information on its date, source, and meaning. Not only is this book a pleasure to browse but it is ideal for quick reference with its comprehensive index that makes it easy to find the exact phrase you're looking for. Beautifully produced and designed, it is the perfect gift for anyone who loves language. Drawing on Oxford's ongoing dictionary research and language monitoring, the second edition of this delightful book adds phrases that have come to prominence, or increased in popularity, since publication of the first edition, such as 'Never waste a good crisis' and 'Dress for the job you want, not for the job you have', which add a contemporary flavour to the selection of more traditional English proverbs, and the popular sayings used in the English-speaking world from Asia, Africa, Middle East, and many other cultures. Find phrases on all aspects of life in this fascinating little book.

Concise Oxford Dictionary of English Place-names Oxford Quick Reference

Oxford Dictionary of Ecology OUP Oxford

The fourth edition of the Oxford Russian Dictionary is an invaluable text for any serious student of Russian, or any Russian native speaker learning English. This edition also contains many enhancements, including new supplementary material with a correspondence section, grammar help, and extra sections on the pronunciation of Russian and English. The text has also been updated with hundreds of new words - in both the English and

Russian sides of the dictionary - especially important given changes in language and culture over the last few years. These new words mean that the Oxford Russian Dictionary continues to be the leader in its field as the most comprehensive, up-to-date Russian dictionary available. The dictionary is also more accessible for Russian speakers, with the addition of contextualizations on the Russian-English side to help users select the most appropriate translation. There is an extensive guide to English grammar, written in Russian, and the Russian native speaker who wishes to use or understand American English is well catered for. This dictionary includes 12 months' access* to Oxford's premium Russian / English online dictionary service, Oxford Language Dictionaries Online, so you can find accurate translations and extra resources wherever you are. The site is regularly updated with the latest new words and meanings from Oxford's modern languages research programme, the Oxford Languages Tracker. You can also hear audio pronunciations and improve your language skills with online cultural notes, guides to writing, and much more. *Terms and conditions apply; please see www.oxforddictionaries.com/access for information.

Oxford WordPower Dictionary Oxford Dictionary of Current English OXFORD University Press

Oxford WordPower Dictionary Oxford University Press, USA

Contains over 2,500 alphabetically arranged entries providing definitions of terms and ideas related to sociology, along with cross-references, and biographical sketches of key individuals in the field.

Oxford Primary Dictionary Oxford University Press

This bestselling dictionary contains over 1,700 entries on all aspects of politics and international relations. Written by a leading team of political scientists, it embraces the multi-disciplinary spectrum of political theory including political thinkers, history, institutions, theories, and schools of thought, as well as notable current affairs that have shaped attitudes to politics. Fully updated for its fourth edition, the dictionary has had its coverage of international relations heavily revised and expanded, reflected in its title change, and it includes a wealth of new material in areas such as international institutions, peace building, human security, security studies, global governance, and open economy politics. It also incorporates recommended web links that can be accessed via a regularly checked and updated companion website, ensuring that the links remain relevant. The dictionary is international in its coverage and will prove invaluable to students and academics studying politics and related disciplines, as well as politicians, journalists, and the general reader seeking clarification of political terms.
