Jacob's Room is the third novel by Virginia Woolf, first published on 26 October 1922. The novel centres, in a very ambiguous way, around the life story of the protagonist Jacob Flanders and is presented almost entirely through the impressions other characters have of Jacob. Thus, although it could be said that the book is primarily a character study and has little in the way of plot or background, the narrative is constructed with a void in place of the central character if, indeed, the novel can be said to have a 'protagonist' in conventional terms. Motifs of emptiness and absence haunt the novel and establish its elegiac feel. Jacob is described to us, but in such indirect terms that it would seem better to view him as an amalgam of the different perceptions of the characters and narrator. He does not exist as a concrete reality, but rather as a collection of memories and sensations.

Set in the halcyon days of pre-war innocence, this novel follows the progress of a young man as he passes from adolescence to adulthood in a hazy rite of passage. Wandering through the windswept shores of Cornwall to the sunscorched landscape of Greece, his character is revealed in a stream of loosely related incidents, thoughts and impressions.

"Throw it away, dear, do," she said, as they got into the road; but Jacob squirmed away from her; and the wind rising, she took out her bonnet-pin, looked at the sea, and stuck it in afresh. The wind was rising. The waves showed that uneasiness, like something alive, restive, expecting the whip, of waves before a storm. The fishing-boats were leaning to the water's brim. A pale yellow light shot across the purple sea; and shut. The lighthouse was lit.

"Come along," said Betty Flanders. The sun blazed in their faces and gilded the great blackberries trembling out from the hedge which Archer tried to strip as they passed.

In her third novel, Virginia Woolf departs from conventional

narrative and explores storytelling through discordant scenes and impressions. Jacob Flanders's life story is told through the perspectives of the people in his life. In Jacob's Room, we see Jacob grow from a young boy to an ardent student of Classical culture while the world around him moves closer to an impending war. Jacob is described in flashes by the women around him—his mother and his lovers. This book is part of the Standard eBooks project, which produces free public domain eBooks.

"Jacob's Room," an impressionistic novel by Virginia Woolf, was first published in 1922. Experimental in form, "Jacob's Room" centers on the character of Jacob Flanders, a lonely young man unable to synthesize his love of classical culture with the chaotic reality of contemporary society and turbulence of World War I. In "Jacob's Room," Virginia Woolf examines character development and the meaning of a life by means of a series of brief impressions and conversations, stream of consciousness, internal monologue, and Jacob's letters to his mother. The story is told mainly through the perspectives of the women in Jacob's life, including the repressed upper-middle-class Clara Durrant and the uninhibited young art student Florinda, with whom he has an affair. In zealous pursuit of classicism, Jacob studies the ancients at Cambridge and travels to Greece. Jacob's time in London forms a large part of the story, though towards the end of the novel he travels to Italy, then Greece. He either idealizes or ignores the women who admire him. Jacob eventually dies in the war and fittingly, at the end of the novel all that remains of Jacob's life are scattered objects in an abandoned room.

There on the sand not far from the lovers lay the old sheep's skull without its jaw. Clean, white, wind-swept, sand-rubbed, a more unpolluted piece of bone existed nowhere on the coast of Cornwall. The sea holly would grow through the eye-sockets; it would turn to powder, or some golfer, hitting his ball one fine day, would disperse a little dust. No, but not in lodgings, thought Mrs. Flanders. It's a great experiment coming so far with young children. There's no man to help with the perambulator. And Jacob is such a handful; so obstinate already. "Throw it away, dear, do," she said, as they got into the road; but Jacob squirmed away from her; and the wind rising, she took out her bonnet-pin, looked at the sea, and stuck it in afresh. "Come along," said Betty Flanders. The sun blazed in their faces and gilded the great blackberries trembling out from the hedge which Archer tried to strip as they passed. "Don't lag, boys. You've got nothing to change into," said Betty, pulling them along, and looking with uneasy emotion at the earth displayed so luridly, with sudden sparks of light from greenhouses in gardens, with a sort of yellow and black mutability, against this blazing sunset, this astonishing agitation and vitality of colour, which stirred Betty Flanders and made her think of responsibility and danger. She gripped Archer's hand. On she plodded up the hill.

"No plainer manifestation of the modernist trend in contemporary English fiction may be found than in Virginia Woolf's *Jacob's Room*."-The New York Times "I have seldom read a cleverer book...it is exquisitely written, but the characters do not vitally survive in the mind because the author has been obsessed by details of originality and cleverness."-Arnold Bennett Virginia Woolf's third novel, *Jacob's Room* (1922), is a penetrating look at one man's life from childhood until his untimely death in the first World War. On the surface, this could be considered an anti-war novel, yet it is a wildly inventive experimental work that dispels traditional forms of narration. The nebulous central character, Jacob Flanders, is strangely absent from the novel, yet the

spaces he traversed are not. In telling the story of Jacob through the perspective of the characters he encountered through his short life, Woolf has created an exceptional contemplation of memory, time, and identity. Subverting the bildungsroman genre, *Jacob's Room* recounts a short and unsettled life through related incidents, fleeting impression, and delirious stream-of-consciousness passages. Through an almost cinematic lens, glimpses of Jacob's early life are recollected through his mother; the idyllic time spent with her children and her uneasy experiences living a widower's life. Through other voices, Jacob arrives at Cambridge, where he is able to socially integrate despite his humble upbringings. After graduating, he leaves for London, where he interacts with a wide range of individuals, both impoverished and from the wealthy class; yet he never fully connects to a meaningful human relationship. Jacob, questioning whether he is a failure, decides to leave London and travels to Greece. Fortunes abroad turn precarious, and he returns to London only to be sent off to the war, where he is killed in action. As E.M. Forester remarked at the publication of *Jacob's Room*, "A new type of fiction has swum into view." Woolf has created a transformative reading experience conveying the emptiness of one individual's life by leaving out the traditional elements of plot and character, yet she manages to question the ways we fail to see each other as we actually are. With an eye-catching new cover, and professionally typeset manuscript, this edition of *Jacob's Room* is both modern and readable.
