Cat's Cradle House of Stratus

Dr Felix Hoenikker - a father of the atomic bomb - has another creation. Far more dangerous than that which levelled Hiroshima-ice-nine, a chemical that could freeze the world's oceans solid. The search for Hoenikker leads first to his three children, each in possession of the chemical, and then to the Republic of San Lorenzo, a mysterious island in thrall to a bizarre religion. First published a year after the Cuban Missile Crisis, *Cat's Cradle* is shot through with a nauseous anxiety about the nuclear apocalypse. Yet, in Vonnegut's darkly hilarious dissection of apathy and selfishness on the edge of the abyss, this science-

fiction masterpiece speaks clearly to our own environmental angst, to the fragility of civilization.

"A free-wheeling vehicle . . . an unforgettable ride!"—The New York Times *Cat's Cradle* is Kurt Vonnegut's satirical commentary on modern man and his madness. An apocalyptic tale of this planet's ultimate fate, it features a midget as the protagonist, a complete, original theology created by a calypso singer, and a vision of the future that is at once blackly fatalistic and hilariously funny. A book that left an indelible mark on an entire generation of readers, *Cat's Cradle* is one of the twentieth century's most important works—and Vonnegut at his very best. "[Vonnegut is] an unimitative and inimitable social satirist."—Harper's Magazine "Our finest black-humorist . . . We laugh in self-defense."—Atlantic Monthly

Cat's Cradle Klutz

Dueling with mad magicians, battling possessed beasts, and surviving endless hostile landscapes? Easy. Loving someone you weren't supposed to? That was hard. A faceless killer terrorizes the five lands, extinguishing from great distances the lives of even the most powerful men. It is from this murderer that Dylan is forced to flee. Only Tyjinn, a brash and unpredictable bodyguard, stands between Dylan and certain death. Rather than play it safe, Tyjinn makes an unusual proposal; to hunt the

hunter. This isn't the only unorthodox idea he puts forth as an attraction blooms between the two young men. In the midst of uncountable obstacles and unforgiving odds, can Dylan really afford to recognize his own feelings?
