When she discovered fencing, a sport traditionally reserved for the wealthy, she had to defy expectations and make a place for herself in a sport she grew to love. From winning state championships to three-time All-America selections at Duke University, Ibtihaj was poised for success, but the fencing community wasn't ready to welcome her with open arms just yet. As the only woman of color and the only religious minority on Team USA's saber fencing squad, Ibtihaj had to chart her own path to success and Olympic glory. Proud is a moving coming-of-age story from one of the nation's most influential athletes and illustrates how she rose above it all. [Winners Dream](#) Random House Books for Young Readers A leadership and career manifesto told through the narrative of one of today's most inspiring, admired, and successful

global leaders. In *Winners Dream*, Bill McDermott—the CEO of the world’s largest business software company, SAP—chronicles how relentless optimism, hard work, and disciplined execution embolden people and equip organizations to achieve audacious goals. Growing up in working-class Long Island, a sixteen-year-old Bill traded three hourly wage jobs to buy a small deli, which he ran by instinctively applying ideas that would be the seeds for his future success. After paying for and graduating college, Bill talked his way into a job selling copiers door-to-door for Xerox, where he went on to rank number one in every sales position he held and eventually became the company’s youngest-ever corporate officer. Eventually, Bill left Xerox and in 2002 became the unlikely president of SAP’s flailing American business unit. There, he injected enthusiasm and accountability into the demoralized culture by scaling his deli, sales, and management strategies. In 2010, Bill was named co-CEO, and in May 2014 became SAP’s sole, and first non-European, CEO. Colorful and fast-paced,

Bill’s anecdotes contain effective takeaways: gutsy career moves; empathetic sales strategies; incentives that yield exceptional team performance; and proof of the competitive advantages of optimism and hard work. At the heart of Bill’s story is a blueprint for success and the knowledge that the real dream is the journey, not a preconceived destination.

In 1990 author Kyoko Mori returned to her native Japan to visit the "landscape of my childhood." There--looking for the house in which her mother killed herself, running on land that was once water, and retracing childhood train trips to her grandparents' farm--she relived the memories and uncovered the secrets that unlocked her past. In *The Dream of Water*, a series of chapters that are themselves "small perfections," she leads us to the "larger happiness" of an autobiography that is also a work of art. Japan is the land Mori fled as a teenager, seeking to escape from her cold, abusive father and her manipulative stepmother. It is the country she spend her adult life putting

behind her, but it is also her homeland. As she searches through familiar neighborhoods and on distant islands, she is constantly aware of the culture she abandoned and the one she has adopted. Pushed by the sights and sounds of contemporary Japan into her interior world of memory and dreams, she also looks out toward the daylight land of America. A personal journey of discovery that is also an exploration of national difference, *The Dream of Water* explores intimate emotions that reveal profound cultural truths. *I Have a Dream* John Wiley & Sons

How Boston radio station WBCN became the hub of the rock-and-roll, antiwar, psychedelic solar system. While San Francisco was celebrating a psychedelic Summer of Love in 1967, Boston stayed buttoned up and battened down. But that changed the following year, when a Harvard Law School graduate student named Ray Riepen founded a radio station that played music that young people, including the hundreds of thousands at Boston-area colleges, actually wanted to hear. WBCN-FM featured album cuts by such artists as the Mothers of Invention, Aretha Franklin, and Cream, played by

announcers who felt free to express their opinions on subjects that ranged from recreational drugs to the war in Vietnam. In this engaging and generously illustrated chronicle, Peabody Award-winning journalist and one-time WBCN announcer Bill Lichtenstein tells the story of how a radio station became part of a revolution in youth culture. At WBCN, creativity and countercultural politics ruled: there were no set playlists; news segments anticipated the satire of *The Daily Show*; on-air interviewees ranged from John and Yoko to Noam Chomsky; a telephone "Listener Line" fielded questions on any subject, day and night. From 1968 to Watergate, Boston's WBCN was the hub of the rock-and-roll, antiwar, psychedelic solar system. A cornucopia of images in color and black and white includes concert posters, news clippings, photographs of performers in action, and scenes of joyousness on Boston
CommonInterwoven through the narrative are excerpts from interviews with WBCN pioneers, including Charles Laquidara, the "news dissector" Danny

Schechter, Marsha Steinberg, and Mitchell Kertzman. Lichtenstein's documentary WBCN and the American Revolution is available as a DVD sold separately.

 American success story . .

 Colin Powell is the
 embodiment of the
 American dream. He was
 born in Harlem to
 immigrant parents from
 Jamaica. He knew the
 rough life of the streets.
 He overcame a barely
 average start at school.
 Then he joined the Army.
 The rest is
 history—Vietnam, the
 Pentagon, Panama,

Desert Storm—but a history that until now has been known only on the surface. Here, for the first time, Colin Powell himself tells us how it happened, in a memoir distinguished by a heartfelt love of country and family, warm good humor, and a soldier's directness. *My American Journey* is the powerful story of a life well lived and well told. It is also a view from the mountaintop of the political landscape of America. At a time when Americans feel disenchanted with their leaders, General Powell's passionate views on family, personal responsibility, and, in his own words, "the greatness of America and the opportunities it offers" inspire hope and present a blueprint for the future. An utterly absorbing account, it is history with a vision.

Abraham Quintanilla takes the reader on the journey of his life, a life that reflects the up and down experiences of a self-made success. With a raw emotion and honesty, he shares the twists and turns of a road many readers may have been forced to travel and a few others hope never to traverse. From the sublime joys of fatherhood, to the accomplishment of creating a musical empire and surviving its failures, he shares the unexpected life events that make up each of our lives. Every reader will gain a stronger sense of humanity and a deeper understanding of just how precious and fleeting life can be from reading this memoir. groundbreaking investigation of how the global elite's efforts to "change the world" preserve the status quo and obscure their role in causing the problems they later seek to solve. An essential read for understanding some of the egregious abuses of power that dominate today's news.

"Impassioned....

Entertaining reading."

—The Washington Post
Anand Giridharadas takes us into the inner sanctums of a new gilded age, where the rich and powerful fight for equality and justice any way they

can—except ways that threaten the social order and their position atop it. They rebrand themselves as saviors of the poor; they lavishly reward “thought leaders” who redefine “change” in ways that preserve the status quo; and they constantly seek to do more good, but never less harm. Giridharadas asks hard

questions: Why, for example, should our gravest problems be solved by the unelected upper crust instead of the public institutions it erodes by lobbying and dodging taxes? His groundbreaking investigation has already forced a great, sorely needed reckoning among

the world’s wealthiest and those they hover above, and it points toward an answer: Rather than rely on scraps from the winners, we must take on the grueling democratic work of building more robust, egalitarian institutions and truly changing the world—a call to action for elites and everyday citizens alike.
