**Historical  
Dictionary of  
Pakistan**

Princeton  
University  
Press

This second  
edition of  
Historical  
Dictionary of  
Russian and  
Soviet  
Intelligence is  
the only  
volume that  
lays out how  
Russian and  
Soviet  
intelligence

works and  
how its  
operations  
have  
impacted  
Russian  
history. It  
covers  
Russian  
intelligence  
from the  
imperial  
period to the  
present  
focusing in  
greatest detail  
on Cold War  
espionage  
cases and the  
Putin-era  
intelligence  
community.  
This is done  
through a  
chronology,  
an

introductory  
essay,  
appendixes,  
and an  
extensive  
bibliography.  
The dictionary  
section has  
over 600  
cross-  
referenced  
entries on  
espionage  
techniques,  
categories of  
agents, crucial  
operations  
spies,  
defectors,  
moles, and  
double and  
triple agents.  
This book is  
an excellent  
access point  
for students,

researchers, and anyone wanting to know more about the Russian Intelligence. *Historical Dictionary of the French Revolution* Scarecrow Press This unique reference work on the history of European imperialism is designed to provide a ready reference tool for students and scholars. Its major focus is the Spanish, Portuguese, British, Dutch, French, German, Belgian, and

Italian empires during the past 500 years. The dictionary offers brief descriptive essays on a variety of topics-- colonies, prominent individuals, legislation, treaties, conferences, wars, revolutions, and technologies. References at the end of each entry provide sources of additional information for those interested in further research.

Cross-references within the text help the reader to find related items.

### **Historical Dictionary of the Crimean War**

Scarecrow Press This second edition of *Historical Dictionary of the United Nations* contains a chronology, an introduction, appendixes, and an extensive bibliography. The dictionary section has over 1,000 cross-referenced entries.

Scarecrow Press The second edition of the Historical Dictionary of Islam presents a concise overview of Islamic history, religion, philosophy, and Islamic political movements. <i>Historical Dictionary of Human Rights and Humanitarian Organizations</i> Rowman & Littlefield Since its founding in 1747, Afghanistan has been besieged by tribal warfare and nearly	constant turmoil as the central government has attempted to consolidate control of the country. There have been three Anglo-Afghan wars, battles between the Russian-backed Marxist government in Kabul and a coalition of tribal armies, and a Taliban takeover. Now, in the midst of a war against terrorism, the United States is supporting the current government in yet another struggle in	this remote, mountainous region. The A to Z of Afghan Wars, Revolutions, and Insurgencies traces the information available on the chain of wars stretching over two and a half centuries. It includes the American involvement in Afghanistan since October 2001, as well as individual campaigns, and explores tactics and logistics of skirmishes, weapons used, and leaders
---	---	--

involved in the battles. Extensive analysis of regional and ideological divisions within the country and the external forces that have introduced conflict to this area---in addition to a chronology, numerous maps and illustrations, several appendixes, and an extensive bibliography---makes this updated edition an indispensable reference.

**Historical Dictionary of**

**World War I**

Manas Publications After the rise of the Islamic State in the Middle East and the new geopolitical landscape in this region, it is essential for the modern reader to understand the history that has allowed for and influenced these types of Islamic groups to form. Historical Dictionary of Islamic Fundamentalism acts as a didactic resource that explains, from the Islamic perspective,

the historical importance of the Islamic fundamentalist world. This dictionary provides a comprehensive and thorough analysis of various groups, events, movements, key figures, and dogmas that have influenced contemporary Islamic fundamentalism. A chronology spanning 600 years, graphs of complex Islamic group associations and alliances, and an Arabic-to-English

glossary have all been included to facilitate a complete understanding of the nuances and generalities that have shaped this movement. This second edition of *Historical Dictionary of Islamic Fundamentalism* also contains an introduction, appendixes, an extensive bibliography, and more than 700 cross-referenced entries on ideologies, people, events, and movements of the 20th and 21st centuries. *Historical Dictionary of the 1970s* Historical Dictionary of Afghanistan This second edition of *Historical Dictionary of Afghan Wars, Revolutions, and Insurgencies* traces the information available on the chain of wars stretching over two and a half centuries. It includes the American involvement in Afghanistan since October 2001, as well as individual campaigns, and explores tactics and logistics of skirmishes, weapons used, and leaders involved in the battles. Extensive analysis of regional and ideological divisions within the country and the external forces that have introduced conflict to this area - in addition to a chronology, numerous maps and illustrations, several appendixes, and an

extensive bibliography - makes this updated edition an indispensable reference. Afghan Wars Scarecrow Press Historical Dictionary of Pakistan: History, Political System, Economy, Social and Cultural Conditions Since its creation in 1947, Pakistan has repeatedly been in the news due to its frequent and turbulent internal upheavals which include military coups, internal dissension, and economic successes and setbacks. Pakistan has also been involved in its share of dramatic external events; the country's partition, its wars with India, the Afghan resistance, to name a few. Given its size and location, Pakistan plays an important role both in South Asia and in the Islamic world. Thus, events in Pakistan can have a very significant impact in the region and sometimes farther afield. These facts under grid the value of the Historical Dictionary of Pakistan. The book reaches back into history to explain how and why Pakistan was founded; it sheds light on the country's economy and political system; it provides insight into its social and cultural conditions; it profiles the sometimes towering figures who

have led the country. And it does so through concise and informative entries organised in an easy-to-refer A-to-Z format. The information packed in the dictionary is placed in context by a chronology and the author's overarching introduction. A rich bibliography offers guidance to those seeking more detailed information on different aspects of Pakistan.

**Historical**

**Dictionary of Afghanistan**

Scarecrow Press  
Given the rivalries and suspicions prevailing in the Middle East, it is not surprising that most of these states are very concerned about espionage and infiltration. With the additional threat of terrorism, nuclear weapons, a large U.S. military presence, and the Arab-Israeli conflict, the result is an impressively

busy intelligence industry, proportionately larger and more extensive than in most other regions. The Historical Dictionary of Middle East Intelligence addresses intelligence issues in the region from ancient history and the Middle Ages through modern times, covering the decline of the Ottoman Empire, intelligence activity in the Middle East during and between the two world

wars, and the interplay between colonial and local intelligence and counterintelligence agencies of the period. It also presents the relatively new fundamentalist terrorist organizations that have had a significant impact on international relations and on the structure and deployment of intelligence, counterintelligence, and other security organs in the Middle East today. With a chronology,

an introductory essay, and over 300 cross-referenced dictionary entries on important events and key organizations involved in all aspects of intelligence gathering and analysis, as well as the biographies of key players, this is an important reference on the current situation in the Middle East. *Historical Dictionary of Afghan Wars, Revolutions, and*

Historical Dictionary of Islam

Routledge  
Focusing primarily on the 20th century, a reference presents alphabetical entries on individuals, political and religious institutions and movements, events, institutions, ethnic groupings, and cultural practices important to Afghan history. Also included are a number of primary documents, including the procedures for the Emergency

Loya Jirga of 2002, as well as lists of Taliban and Transitional government figures and institutions.

**Historical Dictionary of Russian and Soviet Intelligence**  
Rowman & Littlefield  
Historical Dictionary of Turkmenistan, the first comprehensive reference book in English, provides a concise overview of the historical development of Turkmenistan. The introduction

and  
chronology  
outline  
Turkmen  
history, with a  
focus on the  
20th century;  
political and  
economic  
development;  
ethnic  
policies; and  
nation  
building. The  
dictionary  
consists of  
approximately  
300 entries  
and is cross-  
referenced for  
easy use by  
international  
consultants,  
NGO activists,  
policymakers,  
scholars, and  
students. The  
substantial  
bibliography  
helps readers  
find materials  
and resources

in specialized  
subject areas.

During the  
17th century  
the British  
Isles were  
trapped in a  
23-year-long  
state of  
turmoil  
through civil  
war,  
continued  
rebellion, and  
revolutions.  
King Charles I  
wanted to  
instill a new  
uniform  
religious  
policy  
throughout  
the British  
Isles, and this  
caused a  
massive

uproar over  
the King's  
policies  
toward the  
diverse people  
in his  
kingdom, the  
English, Irish,  
Scottish, and  
Welsh.  
Through a  
concise  
historical  
chronology  
and  
comprehensiv  
e overview,  
users of the  
Historical  
Dictionary of  
the British and  
Irish Civil Wars  
will find a very  
insightful  
explanation of  
the people,  
places, and  
events that  
indelibly  
shaped the  
United  
Kingdom's

17th-century history. The cross-listed dictionary entries offer a complete explanation of each important aspect of the Civil Wars and their effect on the kingdom. Also includes maps and a bibliography. Flight Risk Scarecrow Press This second edition of Historical Dictionary of the Barack Obama Administration contains a chronology, an introduction, appendixes, and an extensive bibliography. The dictionary section has over 300 cross-referenced entries. Dictionary of Afghan Wars, Revolutions, and Insurgencies Scarecrow Press This new fourth edition has been substantially expanded because so much has taken place in such a short period of time. The most important changes, however, have been made to the dictionary section, with hundreds of added or substantially revised entries on important people, places, events, institutions, practices, ethnic and religious groups, political parties, and Islamist movements, as well as significant aspects of Afghanistan's politics, economy, society, and culture. *Historical Dictionary of the "dirty Wars"* Naval Institute Press Unlike a

conventional war waged against a standing army, a "dirty war" is waged against individuals, groups, or ideas considered subversive. Originally associated with Argentina's military regime from 1976-1983, the term has since been applied to neighboring dictatorships during the period. Indeed, it has become a byword for state-sponsored repression anywhere in the world. The first edition of this reference illustrated the concept by describing the regimes of Argentina, Chile (1973-1990), and Uruguay (1973-1985), which tortured, murdered, and disappeared thousands of people in the name of anticommunism while thousands more were driven into exile. The second edition expands the scope to include Bolivia (1971-1982), Brazil (1964-1985), and Paraguay (1954-1989). Includes a chronology, an introductory essay, a bibliography, and over 400 cross-referenced dictionary entries on the countries; guerrilla and political movements; prominent guerrilla, human-rights, military, and political figures; local, regional, and international human-rights organizations; and artistic figures (filmmakers, novelists, and

playwrights) whose works attempt to represent or resist the period of repression.-- Publisher.

**Historical Dictionary of the Cold War**

Scarecrow Press

The 1970s were difficult years for the United States, a time when long-held convictions were challenged and the nation experienced a collective identity crisis. Women and minorities called into question the belief that freedom and

equality are the birthright of all Americans. Watergate and related scandals of the Nixon administration damaged the country's faith in politicians and the political system. The Arab oil boycott, the energy crisis, the environmental movement, and years of stagflation raised doubts about the future of the nation's economy, and in the jungles of Vietnam, many Americans

began to doubt their ability to protect the world from Communism. This book includes entries on the prominent people, significant events, issues and controversies, and the culture of the decade.

**Historical Dictionary of the United Nations**

Rowman & Littlefield  
The French Revolution remains the most examined event, or period, in world history.

It was, most historians would argue, the first “modern” revolution, an event so momentous that it changed the very meaning of the word revolution, from “restoration,” as in the Glorious Revolution of 1688 in England, to its modern sense of connoting a political and/or social upheaval that marks a decisive break with the past, one that moves a society in a forward, or

progressive, direction. No revolution has occurred since 1789 without making reference to this first revolution, and most have been measured against it. One cannot utter the date 1789 without thinking of revolution, and so significant were the changes unleashed in that year that it has come to mark the dividing line between early modern and late modern European history Kings

This second edition of Historical Dictionary of the French Revolution covers its history through a chronology, an introductory essay, and an extensive bibliography. The dictionary section has over 400 cross-referenced entries on the causes and origins; the roles of significant persons; crucial events and turning points; important institutions and

organizations; and the economic, social, and intellectual factors involved in the event that gave birth to the Declaration of the Rights of Man and Citizen. This book is an excellent access point for students, researchers, and anyone wanting to know more about this period.

**Historical Dictionary of the War of 1812** Rowman & Littlefield  
The War of 1812 was an extremely

complicated war motivated by British seizures of American vessels and goods, American desire to expand into Canada, and impressment of American sailors into the British Navy. However, these are merely the immediate causes. To fully understand the War of 1812, one must delve deeper into history. This book does just that, as it covers the period leading up to the war

(1803-1812) and the events of the war itself (1812-1815) through the use of a dictionary consisting of more than 1,400 cross-referenced entries covering descriptions of engagements, ships, weaponry, the compositions of regiments, significant political and military figures, and a full list of key places, issues and terms. Also included are 21 photographs, 6 maps, a chronology of

events, an introductory essay, and a comprehensive bibliography, subdivided by topic and fully annotated.
