 Hong Kong, Third Edition  
 Construction law is a branch of law that deals with  
 matters relating to building construction,  
 engineering, and related fields.It is in  
 essence an amalgam of contract law,  
 commercial law, planning law,  
 employment law and tort.Construction  
 law covers a wide range of legal issues  
 including contract, negligence, bonds  
 and bonding, guarantees and sureties,  
 liens and other security interests  
 ...Construction law - Wikipedia  
 Contract law features strongly in this practice  
 area as construction lawyers are  
 continuously engaged in negotiating and  
 agreeing terms with all relevant parties.

They continue to be involved throughout a project – making site visits and liaising with all parties to ensure everything is running within the contracts.
