WELLS CRAWFORD

A Dictionary of Arts, Sciences, Literature and General Information Houghton Mifflin Harcourt
 A book with real cache . . . or is it cachet? **100 Words Almost Everyone Mixes Up** or **Mangles** presents words that people can't keep straight, no matter how hard they try. It features helpful notes that provide guidance on tricky usage issues: the confusion between *lend* and *loan*, between *plurality* and *majority*, whether *free rein* is spelled "rein" or "reign." Each entry has a full definition and etymology, and most are accompanied by quotations from classic and contemporary authors that show how the words are used in context. With updates to some of the definitions and etymologies based on revisions made to the *American Heritage Dictionary*, a refreshed and diversified quotation program, and a brand-new cover design to match the updated series look, there's no doubt this is the book people have been looking for a book that readers will pour over, a book that is both masterful (masterly?) and laudable (laudatory?).
Encarta World English Dictionary Collins Reference

My First Dictionary Houghton Mifflin

Curious George gets curious about words in this illustrated dictionary designed for children from preschool through kindergarten. In an illustrated introduction to this unique dictionary, *Curious George* learns how to look up words before embarking on an educational adventure through a vocabulary list chosen specifically for children ages four to six. The dictionary itself presents approximately 600 words, with six words to a page. Each entry is illustrated with a full-color drawing, and more than half of the illustrations include a sample sentence that puts the word in context. At the end of the book, eight full-page features present groups of thematically related words such as colors, shapes, and numbers.

Iran's Islamic Republic Boston : Houghton Mifflin

Arranged alphabetically and by letter count, provides crossword aficionados with clues used in

crossword puzzles along with their corresponding solutions.
