WARREN TRINITY

Political Ideologies Routledge
Offering an unparalleled, sweeping survey of the political ideologies that have shaped our world, the seventh edition of Andrew Heywood's seminal undergraduate textbook continues to lead the way in guiding students through the political creeds and doctrines that have dominated politics past and present. Covering an impressive array of topics, the first half of

the book focusses on traditional ideologies such as Conservatism, Socialism, Liberalism, Anarchism and Fascism, while more contemporary movements such as Populism, Feminism, Green Ideology, Multiculturalism and Religious Fundamentalism form the latter part of the text. Taking into account the remarkable events that have shaken the political sphere in recent years, the text has been revised and updated throughout in order to show how the study of political ideologies can elucidate the significance of such striking phenomena as the decline of liberal democracy and the rise of populist

movements and authoritarianism around the world. The most accessible, concise and yet comprehensive introduction to the topic, this is an indispensable textbook for students studying for courses on Political Ideologies, Political Theory and introductory Politics. It should be essential reading for anyone seeking to gain an understanding of political ideologies for the first time.

political science is for everybody SAGE

This is the first comprehensive volume to offer a state of the art investigation both of the nature of political ideologies and of their main manifestations. The diversity of

ideology studies is represented by a mixture of the range of theories that illuminate the field, combined with an appreciation of the changing complexity of concrete ideologies and the emergence of new ones. Ideologies, however, are always with us. The Handbook is divided into three sections: The first is divided into three sections: The first reflects some of the latest thinking about the development of ideology on an historical dimension, from the standpoints of conceptual history, Marx studies, social science theory and history, and leading schools of continental philosophy. The second includes some of the most recent interpretations and theories of ideology, all of which are sympathetic in their own ways to its exploration and close investigation, even when judiciously critical of its social impact. This section contains many of the more salient contemporary accounts of ideology. The third focuses on the leading ideological families and traditions, as well as on some of their cultural and geographical manifestations, incorporating both historical and contemporary perspectives. Each chapter is written by an expert in

their field, bringing the latest approaches and understandings to their task. The Handbook will position the study of ideologies in the mainstream of political theory and political analysis and will attest to its indispensability both to courses on political theory and to scholars who wish to take their understanding of ideologies in new directions.

Political Ideologies M.E. Sharpe

The fifth edition of this seminal textbook by best-selling author Andrew Heywood continues to lead the way in providing a comprehensive and authoritative introduction to politics. Renowned for its engaging and accessible style, this book helps students to understand the discipline's foundational concepts and theories and use these to make sense of its key subfields, from elections and voting to security and global governance. Systematically revised and updated throughout, it also uses a range of tried-and-tested pedagogical features to draw links between different standpoints and help make contemporary institutions, events and developments come to life. Drawing on a wide range of international examples, this text is the ideal choice for

lecturers around the world. Carefully designed and written to map onto the way the subject is introduced at degree level, it remains the go-to text for undergraduate introductory and comparative politics courses. Furthermore, it can also be used as pre-course reading or as a point of reference throughout politics degrees, majors or minors. New to this Edition: - Restructured and revised to reflect the decline of democracy and the rise of populism and authoritarianism in different parts of the world - *New Politics in Action* features reflect the latest political developments - including 'Trump's triumph: politics as polarization'; 'South Africa: a one-party state?'; and 'North Korea: a rogue nuclear power?' - Discusses the transformation of the media landscape, assessing the advent and impact of social media and 'fake news' - New and improved text design reflecting the book's contemporary and engaging coverage - Accompanied by a brand new website, featuring a flashcard glossary, additional cases, interactive simulations and weblinks for students, PowerPoint slides for lecturers, a testbank and a guide to using the book.

A Conceptual Approach Bloomsbury Publishing
 Now in its fourth edition, *Political Ideologies: An Introduction* continues to be the best introductory textbook for students of political ideologies. Completely revised and updated throughout, this edition features: A comprehensive introduction to all of the most important ideologies Brand new chapters on multiculturalism, anarchism, and the growing influence of religion on politics More contemporary examples of twenty-first-century iterations of liberalism, socialism, conservatism, fascism, green political theory, nationalism, and feminism Enhanced discussion of the end of ideology debates and emerging theories of ideological formation Six new contributors. Accessible and packed with both historical and contemporary examples, this is the most useful textbooks for scholars and students of political ideologies. The contributors to this volume have all taught or carried out research at the School of Politics, International Studies and Philosophy of Queen's University, Belfast, or have close research connections with the School.

Political Ideologies Psychology Press
 This revised and updated fourth edition of the leading text on political ideologies contains a new chapter on multiculturalism, consideration of the changing nature of ideological discourse, including the transition from "traditional" to "new" ideologies, and coverage of the impact on the major ideological traditions of developments such as globalization and the "war on terror."

Contexts, Ideas, and Practices

Routledge
 "This book provides an engaging and intellectually challenging introduction to political ideologies, while at the same time giving an accessible route into the subject for those new to politics. Supported by an outstanding companion website, it has strong claims to be the best undergraduate textbook on ideologies on the market." Dr. Mike Gough, University of East Anglia
Introduction to Political Theory is a text for the 21st century. It shows students why an understanding of theory is crucial to an understanding of issues and events in a rapidly shifting global political landscape. Bringing together classic and contemporary political

concepts and ideologies into one book, this new text introduces the major approaches to political issues that have shaped the modern world, and the ideas that form the currency of political debate. *Introduction to Political Theory* relates political ideas to political realities through effective use of examples and cases studies making theory lively, contentious and relevant. This thoroughly revised and updated second edition contains new chapters on global justice and political violence, as well as an expanded treatment of globalisation and the state. A wide range of pedagogical features helps to clarify, extend and apply students' understanding of the fundamental ideologies and concepts. This is comprised of:

- Case studies demonstrate how political ideas, concepts and issues manifest in the real world
- 'Focus' boxes encourage students to appreciate alternative viewpoints
- A range of thought provoking photographs challenge students to examine concepts from a different angle
- Suggestions for further reading and weblinks are also provided to help students to further their understanding

Introduction to Political Theory is

accompanied by an innovative website with multiple choice questions, biographies of key figures in political theory, further case studies and an innovative 'how to read' feature which helps students get to grips with difficult primary texts.

A Reader and Guide McFarland

This new textbook shows that each of the major political ideologies gives rise to, or in some cases specifies, a particular view of human beings, with significant consequences for the ways we organise our political systems and our forms of political participation. In each chapter, the author provides a brief historical introduction and then outlines the key points of the ideology concerned. He then demonstrates conceptual and practical issues that arise thence, including successes and failures in the implementation of the selected ideologies. The chapters follow a broad conceptual sequence and adopt a chronological order where appropriate. This clear, direct, and accessible textbook aims to aid the reader to identify and evaluate the assumptions underlying a wide range of public matters. The intention is to help enhance readers'

understanding of major public issues, so that they can ask more incisive and better-informed questions about those. Key Features • Each chapter supplemented by an apposite list of suggested readings and extension exercises • A dedicated chapter on Technocracy and Managerialism • A dedicated chapter on Poststructuralism and Postmodernism • An ideal companion for students from different backgrounds, including political science, public administration, philosophy, public policy, law, journalism, and other areas

An Introduction SAGE Publications Pvt. Limited

For many people, the world of politics is defined by ideologies. The average voter rarely takes time to research a policy issue, thoroughly relying instead on a set of beliefs set forth by his or her chosen political organization to make important decisions. These publicly promoted ideologies play an important role in international as well as domestic political development, yet many adherents to a particular belief may have a poor understanding of competing ideologies. From right wing to the far left, this text dissects eight prominent political

ideologies: traditional conservatism, classic liberalism, libertarianism, conservative extremism, contemporary liberalism, communism, dependency theory and Islamism. In plain terms it describes the basic doctrine and inherent contradictions of each creed along with its particular relevance to today's political landscape. An in-depth discussion of the political socialization processes that form and perpetuate ideologies is also included. Instructors considering this book for use in a course may request an examination copy here.

Political Ideologies Routledge

Poli Sci Fi: An Introduction to Political Science through Science Fiction allows readers, students, and instructors to explore the multiple worlds of science fiction while gaining a firm grasp of core political science concepts. This carefully composed text is comprised of sixteen brief chapters, each of which takes a prominent science fiction film or television episode and uses it to explore fundamental components of political science. The book is designed to serve as a supplemental text for undergraduate political science courses, especially

Introduction to Political Science. The structure and content of the volume is shaped around the organization and coverage of several leading texts in this area, and includes major parts devoted to theory and epistemology, political behavior, institutions, identity, states, and inter-state relations. Its emphasis on science fiction—and particularly on popular movies and television programs—speaks to the popularity of the genre as well as the growing understanding that popular culture can be an extraordinarily successful vehicle for communicating difficult yet foundational concepts, especially to introductory level college students.

Political Ideologies Oxford University Press, USA

Designed for classroom use, this book develops a framework for the comparative analysis of political ideologies and examines the most prominent political ideologies of modern time. This revised edition has been enlarged to include feminism and environmentalism.

An Introduction University of Toronto Press

This is a completely new edition of a

widely used, concise and readable textbook. *Political Ideologies* contains chapters on liberalism, conservatism, nationalism, fascism, socialism, democracy, feminism and ecologism. It also includes a wide-ranging introduction looking at the role of ideology from Bacon to Fukuyama. Each chapter analyses the principal ideas and concepts of each ideology, distinguishing it from rival doctrines; sets each ideology clearly within its historical and political context; and provides an annotated guide to further reading. The book is written in a clear and accessible style, introducing students to the complexities of political ideas. Those approaching the subject for the first time will find *Political Ideologies* an informative and engaging introduction.

Political Ideologies Cram101

This revised and updated fourth edition of the leading text on political ideologies contains a new chapter on multiculturalism, consideration of the changing nature of ideological discourse, including the transition from "traditional" to "new" ideologies, and coverage of the impact on the major ideological traditions of developments such as globalization and

the "war on terror".

The Many Ways of Allocating Power John Wiley & Sons

Ideology is one of the most controversial terms in the political vocabulary, exciting both revulsion and inspiration. This book examines the reasons for those views, and explains why ideologies deserve respect as a major form of political thinking. It investigates the centrality of ideology both as a political phenomenon and as an organizing framework of political thought and action. It explores the changing understandings of ideology as a concept, and the arguments of the main ideologies. By employing the latest insights from a range of disciplines, the reader is introduced to the vitality and force of a crucial resource at the disposal of societies, through which sense and purpose is assigned to the political world. ABOUT THE SERIES: The Very Short Introductions series from Oxford University Press contains hundreds of titles in almost every subject area. These pocket-sized books are the perfect way to get ahead in a new subject quickly. Our expert authors combine facts, analysis, perspective, new ideas, and enthusiasm to make interesting

and challenging topics highly readable.
Contemporary Political Ideologies Palgrave Macmillan

This book is the first intersectionality-mainstreamed textbook written for introductory political science courses.

Political Ideologies Palgrave MacMillan
 Political Ideologies and the Democratic Ideal, 9/e, thoroughly analyzes and compares political ideologies to help readers understand these ideologies as acutely as a political scientist does. Used alone or with its companion Ideals and Ideologies: A Reader, 9/e, this best-selling title promotes open-mindedness and develops critical thinking skills.

An Introduction Macmillan International Higher Education

What Is Political Theory? provides students with a comprehensive overview of the current state of the discipline. Eleven substantive chapters address the most pressing topics in political theory today, including: - what resources do the classic texts still provide for political theorists? - what areas will political theorists focus on in the future? - can western political theory alone continue to provide a framework for responding to the

challenges of modern political life? The authors assess the intellectual challenges to conventional political theory, such as post-structuralism and the scientific study of politics, that have revitalized the field in the last 30 years. They also broaden the perspective to take in non-western ideas and to reconceptualize political theory in the light of specifically global challenges. Students and teachers of political theory and political philosophy will find this book invaluable in understanding the factors that have shaped current political theory and which will guide its future development.

Political Ideologies Pearson Education India

The new third edition of the highly successful text has been revised and updated throughout to take account of new issues such as identity and difference, globalization and multiculturalism. The book provides a clear and accessible introduction to political theory and key concepts in political analysis. Each chapter discusses a cluster of interrelated terms, examines how they have been used by different thinkers and in the various political traditions, and explores related

debates and controversies.

Political Ideologies Political Ideologies An Introduction
