Esperanza Rising joins the Scholastic Gold line, which features award-winning and beloved novels. Includes exclusive bonus content! Esperanza thought she'd always live a privileged life on her family's ranch in Mexico. But a sudden tragedy forces Esperanza and Mama to flee to California and settle in a Mexican farm labor camp. Esperanza isn't ready for the hard work, financial struggles brought on by the Great Depression, or lack of acceptance she now faces. When Mama gets sick and a strike for better working conditions threatens to uproot their new life, Esperanza must find a way to rise above her difficult circumstances—because Mama's life, and her own, depend on it.

In this timely tale of immigration, two cousins learn the importance of family and friendship. A year

of discoveries culminates in a performance full of surprises, as two girls find their own way to belong. Mexico may be her parents' home, but it's certainly not Margie's. She has finally convinced the other kids at school she is one-hundred percent American—just like them. But when her Mexican cousin Lupe visits, the image she's created for herself crumbles. Things aren't easy for Lupe, either. Mexico hadn't felt like home since her father went North to find work. Lupe's hope of seeing him in the United States comforts her some, but learning a new language in a new school is tough. Lupe, as much as Margie, is in need of a friend. Little by little, the girls' individual steps find the rhythm of one shared dance, and they learn what "home" really means. In the tradition of *My Name is Maria Isabel*—and simultaneously published in English and in Spanish—Alma Flor Ada and her son Gabriel M. Zubizarreta offer an honest story of family, friendship, and the classic immigrant experience: becoming part of something new, while straying true to who you are.

The Mystery of Spiritual Sensitivity Jaypee Brothers, Medical Publishers Pvt. Limited

A young woman leaves Appalachia for life as a classical musician—or so she thinks. When aspiring violinist Jessica Chiccehitto Hindman lands a job with a professional ensemble in New York City,

she imagines she has achieved her lifelong dream. But the ensemble proves to be a sham. When the group “performs,” the microphones are never on. Instead, the music blares from a CD. The mastermind behind this scheme is a peculiar and mysterious figure known as The Composer, who is gaslighting his audiences with music that sounds suspiciously like the Titanic movie soundtrack. On tour with his chaotic ensemble, Hindman spirals into crises of identity and disillusionment as she “plays” for audiences genuinely moved by the performance, unable to differentiate real from fake. Sounds Like Titanic is a surreal, often hilarious coming-of-age story. Hindman writes with precise, candid prose and sharp insight into ambition and gender, especially when it comes to the difficulties young women face in a world that views them as silly, shallow, and stupid. As the story swells to a crescendo, it gives voice to the anxieties and illusions of a generation of women, and reveals the failed promises of a nation that takes comfort in false realities.

When a jury returns to a packed courtroom to announce its verdict in a capital murder case every noise, even a scraped chair or an opening door, resonates like a high-tension cable snap. Spectators stop rustling in their seats; prosecution and defense lawyers and the accused stiffen into attitudes of wariness; and the judge looks on owlshly. In that atmosphere of heightened expectation the jury entered a Riverside County Superior Court room in southern California to render a decision in the trial of Raymond Oyler, charged with murder for setting the Esperanza Fire of 2006, which killed a five-man Forest Service engine crew sent to fight the blaze. Today, wildland fire is everybody's business, from the White House to the fireground. Wildfires have grown bigger, more intense, more destructive—and more expensive. Federal taxpayers, for example, footed most of the \$16 million bill for fighting the Esperanza Fire. But the highest cost was the lives of the five-man crew of Engine 57, the first wildland engine crew ever to be wiped out by flames. They were caught in an "area ignition," which in seconds covered three-quarters of a mile and swept the house they were defending on a dry ridge face, where human dwellings chew into previously wild and still unforgiving territory. John Maclean, award-winning author of three previous books on wildfire disasters, spent more than five years researching the Esperanza Fire and covering the trial of Raymond Oyler. Maclean offers an insider's second-by-second account of the fire and the capture and prosecution of Oyler, the first person ever to be found guilty of murder for setting a wildland fire.

Few would argue that having fun doesn't enrich our lives, but so much gets in the way of prioritizing it. With That Sounds Fun, Annie offers an irresistible invitation to understand the meaning of fun, to embrace it and chase it, and to figure out what, exactly, sounds fun to you--then do it! Exploring some research and sharing some thoughts behind why fun matters, she shows you how to find, experience, and multiply your fun. "First published in 1890 in Lippincott's Monthly Magazine, The Picture of Dorian Gray was released as a revised book in 1891. This Norton Critical Edition includes both the 1890 and 1891 editions. As a work of fiction, the novel is an exploration of artistic hedonism, inspiration, and intensity. This edition allows readers to compare the two texts of Dorian Gray and better understand the book's contemporary reception, debate, and criticism. "Backgrounds" allows readers to consider the correspondence between Oscar Wilde and his critics, and the heated public debate over art and morality that the novel engendered. "Criticism" includes essays on the aesthetics, modernity, characters, and subplots within the novel--and demonstrates the changing interpretations of the novel over time.
