100% new. New Practical English video, featuring authentic interviews with real people. Shorter syllabus for Beginner-level students.

English File Intermediate OUP Oxford

Extremely comprehensive and well written in terms of style – accessible to the reader, but intelligent and expressing some fairly subtle concepts. Would that more ELT practitioners could do the same!... Certainly a good read for those thinking about and also those engaged in initial training – or even post initial training stage' - Jenny Pugsley, Head of TESOL, Trinity College London 'It's essential

reading whether you are simply curious about what is involved in training in ELT, need advice on choosing the right course, have already enrolled and want to make the most of your course, or are a new teacher just starting out. It's a book I wish I'd had when I was starting out in my ELT career, and that I wish had been available to many of the course participants I have tutored' - Lyn Strutt, ELT author and Chair of the British Council Families Association Each year, thousands of people all over the world take one of the hundreds of available short pre-service courses that lead to the award of a certificate in English Language Teaching (ELT) or Teaching English to Speakers of Other Languages (TESOL). Caroline Brandt's book is an invaluable guide to anyone thinking of enrolling on one of these courses. With a clear and concise structure that follows your general interest in TESOL right

through to the intricacies of the course itself, it can be used from initial research stages to final qualifications, and beyond. Brandt's decades of experience in this field across the globe shine through. Chapters include: -introducing English Language Teaching -becoming qualified - knowing your certificate course -getting started -learning -working together -being qualified. Throughout the book there are snapshots of students' experiences in their own words, and summaries of key points for you to take with you - whether into the next stage of learning or the next day's teaching. The chapters are stand alone resources as well as the building blocks to becoming a fully-qualified English Language teacher. The book is supported by a companion website, which provides quizzes to test understanding of each chapter, lesson plan proformas, a full glossary and annotated website links.

English File O'Reilly Verlag DE

This book combines insights from language assessment literacy and critical language testing through critical analyses and research about challenges in language assessment around the world. It investigates problematic practices in language testing which are relevant to language test users such as language program directors, testing centers, and language teachers, as well as teachers-in-training in Graduate Diploma and Master of Arts in Applied Linguistics programs. These issues involve aspects of language testing such as test development, test administration, scoring, and interpretation/use of test results. Chapters in this volume discuss insights about language testing policy, testing world languages, developing program-level language tests and tests of specific language skills, and language assessment literacy. In addition, this book identifies two needs in language testing for further examination: the need for collaboration between language test developers, language test users, and language users, and the need to base language tests on real-world language use.

American English File 3E Level 3 Student Book OUP Oxford

Language education tends to require more face-to-face interaction and longer hours of both teaching and learning. The challenges of ensuring the future and development of the discipline, especially after a time of crisis, is equally unprecedented. A comprehensive overview of the global picture of best practices as well as research in recent times are needed in the field of language education, particularly in higher education settings. The changing nature of language education in terms of its policy, curriculum design, methodology, and innovation is an essential discussion to advance the field. It is critical to explore how a more collaborative, global, and interdisciplinary mindset, as well as technologically driven approaches have emerged through recent

years and how it will continue to shape the future development in the field. Trends and Developments for the Future of Language Education in Higher Education captures the current trends and ongoing development within language education through a global picture of the best practices as well as the latest research on language education in higher education settings. The chapters cover changes in policy, curriculum design, methodology, and innovation in the modern language education landscape. While focusing on the current situation of language education and the changes that it has been undergoing, this book also provides information on future development and the overall outlook of language education. This book is ideal for teachers, instructional designers, curricula developers, inservice and preservice teachers, administrators, teacher educators, practitioners, researchers, academicians, and students looking for an overview of the current position of language education in higher education.

Around the World Oxford University Press, USA

American English File Second Edition retains the popular methodology developed by world-renowned authors Christina Latham-Koenig and Clive Oxenden: language + motivation = opportunity. With grammar, vocabulary, and pronunciation practice in every lesson, students are equipped with a solid foundation for successful speaking. Plus - an array of digital resources provides even more choice and flexibility. Students can learn in the classroom or on the move with Online Practice. language assessment. The first goal is to explore the difference between fairness and justice in language assessment. The authors distinguish internal and external dimensions of the equitable and just treatment of individuals taking language tests which are used as gatekeeping devices to determine access to education and employment, immigrant status, citizenship, and other rights. The second goal is to show how the extent of test fairness can be demonstrated and

improved using the tools of psychometrics, in particular the models collectively known as Rasch measurement. "This book will have an enormous impact on the field of language assessment. Using Rasch analysis models to explore and identify sources of unfairness, the authors make a compelling case for fairness in the design and implementation of language assessment instruments and for justice in the interpretation and use of test results. A real strength of the book is that it guides readers through analytical techniques in an accessible way." Dan Douglas, Professor Emeritus, Applied Linguistics Program, Iowa State University. *New English File* SAGE

Teacher's Book with Test and Assessment CD-ROM ASCD

»Ich bekam einen Revolver, um uns zu verteidigen«, sagte Constance, »und ich machte bald davon Gebrauch.« New Jersey 1914: Die Schwestern Constance, Norma und Fleurette führen ein zurückgezogenes Leben auf ihrer kleinen Farm unweit von New York - bis ein Unfall ihr Leben auf den Kopf stellt und ein reicher Fabrikant ihnen übel mitspielt. Doch der hat nicht mit Constance gerechnet. Die junge Frau, die fast jeden Mann um Haupteslänge überragt, nimmt unerschrocken den Kampf um ihr Recht auf. Selbst Schlägertrupps, die die Farm der Schwestern heimsuchen, können sie nicht einschüchtern. Mit allen Mitteln verteidigt sie ihr Leben und das ihrer Schwestern und zeigt den Halunken, wo es lang geht. Das hat das kleine Städtchen noch nicht gesehen - und ernennt Constance zum ersten weiblichen Sheriff ... Ein turbulenter und höchst unterhaltsamer Roman der New-York-Times-Bestseller-Autorin Amy Stewart über den ersten weiblichen Sheriff - »mit den unvergesslichsten und mitreißendsten Frauenfiguren, die mir seit langem begegnet sind. Ich habe jede Seite geliebt ... eine Geschichte, die zu gut ist, um wahr zu sein (aber meistens wahr!)« Elizabeth Gilbert
