MADDEN HINTON

Running from Safety Grand Central Pub

When she was about to turn five, a little girl named Rae Hansen invited Richard Bach to her birthday party. Though deserts, storms, mountains, and a thousand miles separated them, Rae was confident that her friend would appear. "There's No Such Place As Far Away" chronicles the exhilarating spiritual journey that delivered Rae's anxiously awaited guest to her side on that special day--and tells of the powerful and enduring gift that would keep him forever close to her heart. Written with the same elegant simplicity that made "Jonathan Livingston Seagull" a bestselling phenomenon, "There's No Such Place As Far Away" has touched the hearts of thousands of readers since its first publication in 1979. Richard Bach's inspiring, now-classic tale is a profound reminder that miles cannot truly separate us from friends...that those we love are always with us--every moment of the infinite celebration we call life.

As always, his advice is both spiritual and practical. His words are as valuable today as when they were first written, and provide a welcome balm to uneasy souls in an uncertain world. The secret of life, of abundant life, with its strength, its felicity, and its unbroken peace is to find the Divine Centre within oneself, and to live in and from that, instead of in that outer circumference of disturbances--the clamours, cravings, and argumentation which make up the animal and intellectual man. These selfish elements constitute the mere husks of life, and must be thrown away by him who would penetrate to the Central Heart of things--to Life itself.

A Gentle Game of Life and Death Jonathan Livingston SeagullThe Complete Edition

"A fiendishly sharp, intelligent examination of modern human life that is as funny as hell" (The Times, London). The end is nigh and the Prince of Darkness has just been offered one hell of a deal: reentry into Heaven for eternity--if he can live out a well-behaved life in a human body on earth. It's the ultimate case of trying without buying and, despite the limitations of the human body in question (previous owner one suicidally unsuccessful writer, Deelan Gunn), Luce seizes the opportunity to run riot through the realm of the senses. This is his chance to straighten the biblical

record (Adam, it's hinted, was a misguided variation on the Eve design), to celebrate his favorite achievements (everything from the Inquisition to Elton John), and, most important, to get Julia Roberts attached to his screenplay. But the experience of walking among us isn't what His Majesty expected: instead of teaching us what it's like to be him, Lucifer finds himself understanding what it's like to be us. By an author hailed by the The Times Literary Supplement as one of Britain's top twenty young novelists, I, Lucifer is "a masterpiece . . . Startlingly witty, original and beautifully written" (Good Book Guide). "Duncan's witty and perverse, yet somehow life-affirming, Lucifer is powerful indeed." --Booklist

An Energy Makeover for Artists, Explorers, and Creative Professionals Nice Tiger

Richard Bach's first book, Stranger to the Ground is above all else an insight into the character of a man whose great compulsion is to measure himself against storm and night and fear. On the surface it is the tale of a memorable mission of a young fighter pilot utilizing his skills in a lonely duel with death. Yet between the lines emerges the portrait of the airman as a breed, probing outward, but even more significantly, inward.

Seth Speaks (A Seth Book) Hal Leonard Corporation

The evil fairy Pernicia has set a curse on Princess Briar-Rose: she is fated to prick her finger on the spindle of a spinning wheel and fall into an endless, poisoned sleep. Katria, a young fairy, kidnaps the princess in order to save her; she and her aunt raise the child in their small village, where no one knows her true identity. But Pernicia is looking for her, intent on revenge for a defeat four hundred years old. Robin McKinley's masterful version of Sleeping Beauty is, like all of her work, a remarkable literary feat.

An Adventure of the Spirit Random House Digital, Inc.

In the cloud-washed airspace between the cornfields of Illinois and blue infinity, a man puts his faith in the propeller of his biplane. For disillusioned writer and itinerant barnstormer Richard Bach, belief is as real as a full tank of gas and sparks firing in the cylinders...until he meets Donald Shimoda--former mechanic and self-described messiah who can make wrenches fly and Richard's imagination soar.... In Illusions, the unforgettable follow-up to his phenomenal bestseller Jonathan Livingston Seagull, Richard Bach takes to the air to discover the ageless truths that give our souls wings: that people don't need airplanes to soar...that even the darkest clouds have meaning once we lift ourselves above them... and that messiahs can be found in the unlikely places--like hay fields, one-traffic-light midwestern towns, and most of all, deep within ourselves.

Jill Ciment's books have been hailed as "stunning," "powerful," and "provocative." Alice Sebold has called her works "beautifully written." Now the author of Heroic Measures ("Smart and funny and completely surprising . . . I loved every page." --Ann Patchett; "Brave, generous, nearly perfect." --Los Angeles Times) has given us a contemporary noir novel that starts out a comedy of errors and turns darker at every hairpin turn. It's the summer of 2015, Brooklyn. The city is sweltering from another record-breaking heat wave, this one accompanied by biblical rains. Edith, a recently retired legal librarian, and her identical twin sister, Kat, a feckless romantic who's mistaken her own eccentricity for originality, discover something ominous in their hall closet: it seems to be phosphorescent, it's a mushroom . . . and it's sprouting from their wall. Upstairs, their landlady, Vida Cebu, a Shakespearean actress far more famous for her TV commercials for Ziberax (the first female sexual enhancement pill) than for her stage work, discovers that a petite Russian girl, a runaway au

pair, has been secretly living in her guest room closet. When the police arrest the intruder, they find a second mushroom, also glowing, under the intruder's bedding. Soon the HAZMAT squad arrives, and the four women are forced to evacuate the contaminated row house with only the clothes on their backs. As the mold infestation spreads from row house to high-rise, and frightened, bewildered New Yorkers wait out this plague (is it an act of God?) on their city and property, the four women become caught up in a centrifugal nightmare. Part horror story, part screwball comedy, Jill Ciment's brilliant suspense novel looks at what happens when our lives—so seemingly set and ordered yet so precariously balanced—break down in the wake of calamity. It is, as well, a novel about love (familial and profound) and how it can appear from the most unlikely circumstances.
