RICHARD JAEDEN

Out of My Mind Scribner Book Company

When she was about to turn five, a little girl named Rae Hansen invited Richard Bach to her birthday party. Though deserts, storms, mountains, and a thousand miles separated them, Rae was confident that her friend would appear. "There's No Such Place As Far Away" chronicles the exhilarating spiritual journey that delivered Rae's anxiously awaited guest to her side on that special day--and tells of the powerful and enduring gift that would keep him forever close to her heart. Written with the same elegant simplicity that made "Jonathan Livingston Seagull" a bestselling phenomenon, "There's No Such Place As Far Away"

has touched the hearts of thousands of readers since its first publication in 1979. Richard Bach's inspiring, now-classic tale is a profound reminder that miles cannot truly separate us from friends...that those we love are always with us--every moment of the infinite celebration we call life.

In Richard Bach's best-selling book *Illusions*, the mysterious hero Donald Shimoda seems to carry the keys to the universe with him as he barnstorms the Midwest in a Travel Air biplane. Shimoda's secret is a small book, bound in what appears to be suede, called the *Messiah's Handbook*. This slim volume, which the hero frequently quotes, is said to contain "whatever you need to know." All Shimoda has to do is hold a question in his mind, close his eyes, open the book at random, open his eyes-- and the answer is there. Here, at last, is the "lost book" from *Illusions*--the *Messiah's Handbook*. Within these pages, you will find the answers to all your most important questions as well as answers to questions that you may have never thought to ask--until now.

Put yourself in the hands of a master and take your imagination for a series of

thrill-rides. "One of the most important science fiction authors. Brunner held a mirror up to reflect our foibles because he wanted to save us from ourselves." —SF Site

Chasing the Muse Buccaneer Books

More than one year on the New York Times bestseller list! Richard Bach's timeless and uplifting classic of hope and love "We're the bridge across forever, arching above the sea, adventuring for our pleasure, living mysteries for the fun of it, choosing disasters triumphs challenges impossible odds, testing ourselves over and again, learning love and love and love!" "The opposite of loneliness, it's not togetherness. It is intimacy." "Look in a mirror and one thing's sure: what we see is not who we are." "Next to God, love is the word most mangled in every language. The highest form of regard between two people is friendship, and when love enters, friendship dies." "There are no mistakes. The events we bring upon ourselves, no matter how unpleasant, are necessary in order to learn what we need to learn; whatever steps we take, they're necessary to reach the places we've chosen to go."

He inadvertently becomes involved in a strange disturbance that develops over a literary prize. While Aomame and Tengo impact on each other in various ways, at times by accident and at times intentionally, they come closer and closer to meeting. In *Illusions*, the unforgettable follow-up to his phenomenal bestseller *Jonathan Livingston Seagull*, Richard Bach takes to the air to discover the ageless truths that give our souls wings: that people don't need airplanes to soar...that even the darkest clouds have meaning once we lift ourselves above them... and that messiahs can be found in the unlikeliest places--like hay fields, one-traffic-light midwestern towns, and most of all, deep within ourselves.

Seth is the acclaimed non-physical teacher whose collected works are the most dynamic, brilliant and undistorted map of inner

reality and human potential available today. His articulation of the furthest reaches of human potential, the eternal validity of the soul, and the concept that we create our own reality according to our beliefs, has been presented in books that have sold over 8 million copies and been translated into over a dozen languages. This book chronicles Seth's first contact with author and medium Jane Roberts. It is a mixture of great Seth excerpts, selected by topic, and further explained by Jane. The Discovery of Saunders-Vixen Dell

'What is a self and how can a self come out of inanimate matter?' This is the riddle that drove Douglas Hofstadter to write this extraordinary book. In order to impart his original and personal view on the core mystery of human existence - our intangible sensation of 'I'-ness - Hofstadter defines the playful yet seemingly paradoxical notion of 'strange loop', and explicates this idea using analogies from many disciplines.
