ACT: Book Two: Independence Falls: Stone ...1947 Indian Independence Act. The Indian Independence Act was passed in 1947. The act created two new independent dominions; India and Pakistan. Pakistan was split into Pakistan and East Pakistan which is now Bangladesh. The Bengal and Punjab provinces were partitioned between the two new countries. These dominions separated the Muslim, Hindu and Sikh population and caused the biggest

forced migration which has ever happened that was not the result of war or famine.1947 Indian Independence Act - UK ParliamentIn the first section of this report we assess whether the Act has been able to achieve its desired aims. We then look at why the outcomes of the Act remain poor for homeless households and identify the barriers that applicants and local authorities face when trying to prevent or relieve homelessness.Report: Caught in the Act - Shelter
