[Basic Grammar and Usage](#) Cambridge University Press

A fully revised and updated edition of the bible of the newspaper industry

Basic Grammar in Use Cambridge University Press

How does good writing stand out? If its purpose is to convey facts, findings, or instructions, it need be read only once for its content to be clear. If its purpose is to entertain or to provoke thought, it makes readers want to come back for more. Revised and updated, this guide covers four essential aspects of good writing: Individual words: spelling variations, hyphenation, frequently confused homonyms, frequently misused words and phrases, irregular plurals and negatives, and uses of capitalization and type style to add special meanings Punctuation: the role of each mark in achieving clarity and affecting tone, and demonstration of how misuses can lead to ambiguity Syntax and structure: agreement of subject and verb, parallel construction, modifiers, tenses, pronouns, active versus passive voice, and more Style: advice on the less hard-and-fast areas of clarity and tone, including sentence length and order, conciseness, simplification, reading level, jargon and cliches, and subtlety Filled with self-test exercises and whimsical literary quotations, *Grammatically Correct* steers clear of academic stuffiness, focusing instead on practical strategies and intuitive explanations. Discussions are designed to get to the heart of a concept and provide a sufficient sense of when and how to use it, along with examples that show what ambiguities or misinterpretations might result if the rules are not followed. In cases where there is more than one acceptable way to do something, the approach is not to prescribe one over another but simply to describe the options. Readers of this book will never break the rules of language again - unintentionally.

SUPERwrite gives on screen help with grammar, spelling and collocation when you are writing * Hundreds of interactive exercises

British or American English? Routledge

The authoritative guide to using the English language effectively, from "the greatest writer on grammar and usage that this country has ever produced" (David Yerkes, Columbia University). The author of *The Chicago Manual of Style*'s popular "Grammar and Usage" chapter, Bryan A. Garner is renowned for explaining the vagaries of English with absolute precision and utmost clarity. With *The Chicago Guide to Grammar, Usage, and Punctuation*, he has written the definitive guide for writers who want their prose to be both memorable and correct. Garner describes standard literary English—the forms that mark writers and speakers as

educated users of the language. He also offers historical context for understanding the development of these forms. The section on grammar explains how the canonical parts of speech came to be identified, while the section on syntax covers the nuances of sentence patterns as well as both traditional sentence diagramming and transformational grammar. The usage section provides an unprecedented trove of empirical evidence in the form of Google Ngrams, diagrams that illustrate the changing prevalence of specific terms over decades and even centuries of English literature. Garner also treats punctuation and word formation, and concludes the book with an exhaustive glossary of grammatical terms and a bibliography of suggested further reading and references. *The Chicago Guide to Grammar, Usage, and Punctuation* is a magisterial work, the culmination of Garner's lifelong study of the English language. The result is a landmark resource that will offer clear guidelines to students, writers, and editors alike. "[A manual] for those of us laboring to produce expository prose: nonfiction books, journalistic articles, memorandums, business letters. The conservatism of his advice pushes you to consider audience and occasion, so that you will understand when to follow convention and when you can safely break it."—John E. McIntyre, Baltimore Sun
Basic Grammar in Use Cambridge University Press
English Grammar Worksheets is full of basic American English grammar! This book contains 200 pages all about the 'Eight Parts of English.' This book breaks down grammar in an educational and simplistic manner. Broken down in ten page sections, there is a teaching page followed by a worksheet/practice page. All in easy to understand American English grammar. There are ten pages for each topic covering nouns, verbs, adjectives, prepositions, adverbs, conjunctions, interjections and pronouns. In addition, there are more subjects covered as well. They are active and passive voice, determiners, quantifiers and partitives, time adverbs, meeting the first time, saying goodbye, requests and offers, indirect questions, negative questions and question tags. Each page is printable for individual worksheets or classroom handouts. All pages are black and white. This resource book is perfect for ESL teachers as a study guide. Native American speakers will enjoy this publication as a refresher. Perfect for ages 8 and up!
