HAROLD TOBY

Brehe's Grammar Anatomy University of
Michigan Press ELT

This volume was written to make the
case for changes in second language

writing practices away from the five-
paragraph essay and toward purposeful,
meaningful writing instruction. As the
volume editors say, "If you have already
rejected the five-paragraph essay, we
offer validation and classroom-tested
alternatives. If you are new to teaching
L2 writing, we introduce critical issues
you will need to consider as you plan
your lessons and as you consider/review

the textbooks and handbooks that continue to promote the teaching of the five-paragraph essay. If you need ammunition to present to colleagues and administrators, we present theory, research, and pedagogy that will benefit students from elementary to graduate school. If you are skeptical about our claims, we invite you to review the research presented here and consider what your students could do beyond writing a five-paragraph essay if you enacted these changes in practice.” Part 1 discusses what the five-paragraph essay is not: it is not a very old, established form of writing; it is not a genre; and it is not universal. Part 2 looks at writing practices to show the essay’s ineffectiveness in elementary schools, secondary schools, first-year

writing classes, university writing courses, undergraduate discipline courses, and graduate school. Part 3 looks beyond the classroom at testing. At the end of each chapter, the authors--all well-known in the field of second language writing--suggest changes to teaching practices based on their theoretical approach and classroom experience. The book closes by reviewing some of the major questions raised in the book, by exploring which questions have been left unanswered, and by offering suggestions for teachers who want to move away from the five-paragraph essay. An assignment sequence for genre-aware writing instruction is included.

Essential Tasks and Skills : a Course for Nonnative Speakers of English Penguin

Grammar, Meaning, and Concepts: A Discourse-Based Approach to English Grammar is a book for language teachers and learners that focuses on the meanings of grammatical constructions within discourse, rather than on language as structure governed by rigid rules. This text emphasizes the ways in which users of language construct meaning, express viewpoints, and depict imageries using the conceptual, meaning-filled categories that underlie all of grammar. Written by a team of authors with years of experience teaching grammar to future teachers of English, this book puts grammar in the context of real language and illustrates grammar in use through an abundance of authentic data examples. Each chapter also provides a

variety of activities that focus on grammar, genre, discourse, and meaning, which can be used as they are or can be adapted for classroom practice. The activities are also designed to raise awareness about discourse, grammar, and meaning in all facets of everyday life, and can be used as springboards for upper high school, undergraduate, and graduate level research projects and inquiry-based grammatical analysis. Grammar, Meaning, and Concepts is an ideal textbook for those in the areas of teacher education, discourse analysis, applied linguistics, second language teaching, ESL, EFL, and communications who are looking to teach and learn grammar from a dynamic perspective.

Telling a Research Story OUP Oxford

New material featured in this edition includes updates and replacements of older data sets, a broader range of disciplines represented in models and examples, a discussion of discourse analysis, and tips for Internet communication.

Academic Writing with Corpora

University of Michigan Press ELT

The Little Gold Grammar Book helps readers build essential grammar and writing skills and is suitable for the everyday student, test-prep candidate, or working professional in need of a refresher course. In addition to covering the basics of grammar, diction, and idioms, this book includes 30 multiple-choice problems to help integrate key concepts. Special sections include editing tips and punctuation, American

English vs. British English, and traditional writing vs. digital writing. A Resource Book for Data-Driven Learning Michigan Series in English for Brehe's Grammar Anatomy makes grammar accessible to general and specialist readers alike. This book provides an in-depth look at beginner grammar terms and concepts, providing clear examples with limited technical jargon. Whether for academic or personal use, Brehe's Grammar Anatomy is the perfect addition to any resource library. Features: Practice exercises at the end of each chapter, with answers in the back of the book, to help students test and correct their comprehension Full glossary and index with cross-references Easy-to-read language supports readers at every learning stage

Grammatical Choices, Rhetorical Effects Longman Publishing Group Academic Writing with Corpora offers a step-by-step accessible guide to using concordancers and aims to help introduce data-driven learning into the academic English classroom. Addressing the challenges faced by EAP teachers when explaining to their students how to write 'naturally', this book provides a solution to the problem by placing an emphasis on learning from expert and proficient writing. In doing so, it: takes a highly practical approach; uses Lextutor, an easy-to-use, open access concordancer, whilst introducing students to tools, such as SkELL, MICUSP and BNC-English Corpora; fosters autonomous learning by demonstrating how to solve everyday difficulties in

word choice and grammar; helps teachers to use corpora in teaching proficient writing and helps students to improve their academic writing by learning from the best examples in their field; guides students towards better awareness of the communicative side of academic writing. This book forms essential reading for all students on academic writing and EAP courses or who wish to improve their writing. Academic Writing for Graduate Students The Whole World Company With its friendly, step-by-step format, Becoming an Academic Writer by Patricia Goodson helps writers improve their writing by engaging in deep and deliberate practice—a type of practice adopted by expert performers in areas such as sports or music. Featuring 50

exercises, this practical, self-paced guide is flexibly organized so readers can either work their way through all of the exercises in order or focus on the specific areas where they need additional practice building their skills. The Second Edition is enhanced by a new appendix on literature review, new feature boxes, and new chapter summaries.

This book will help those wishing to

teach a course in technical writing, or who wish to write themselves.

How to Teach Grammar University of Michigan Press ELT

Telling a Research Story: Writing a Literature Review is concerned with the writing of a literature review and is not designed to address any of the preliminary processes leading up to the actual writing of the literature review. This volume represents a revision and expansion of the material on writing literature reviews that appeared in English in Today's Research World. This volume progresses from general to specific issues in the writing of literature reviews. It opens with some orientations that raise awareness of the issues that surround the telling of a research story. Issues of structure and matters of

language, style, and rhetoric are then discussed. Sections on metadiscourse, citation, and paraphrasing and summarizing are included.

50 Exercises for Paced, Productive, and Powerful Writing University of Michigan Press ELT

The bestselling workbook and grammar guide, revised and updated! Hailed as one of the best books around for teaching grammar, *The Blue Book of Grammar and Punctuation* includes easy-to-understand rules, abundant examples, dozens of reproducible quizzes, and pre- and post-tests to help teach grammar to middle and high schoolers, college students, ESL students, homeschoolers, and more. This concise, entertaining workbook makes learning English grammar and usage

simple and fun. This updated 12th edition reflects the latest updates to English usage and grammar, and includes answers to all reproducible quizzes to facilitate self-assessment and learning. Clear and concise, with easy-to-follow explanations, offering "just the facts" on English grammar, punctuation, and usage Fully updated to reflect the latest rules, along with even more quizzes and pre- and post-tests to help teach grammar Ideal for students from seventh grade through adulthood in the US and abroad For anyone who wants to understand the major rules and subtle guidelines of English grammar and usage, *The Blue Book of Grammar and Punctuation* offers comprehensive, straightforward instruction. [The Only Academic Phrasebook You'll](#)

Ever Need Oxford University Press, USA Grammar Choices is a different kind of grammar book: It is written for graduate students, including MBA, master's, and doctoral candidates, as well as postdoctoral researchers and faculty. Additionally, it describes the language of advanced academic writing with more than 300 real examples from successful graduate students and from published texts, including corpora. Each of the eight units in Grammar Choices contains: an overview of the grammar topic; a preview test that allows students to assess their control of the target grammar and teachers to diagnose areas of difficulty; an authentic example of graduate-student writing showing the unit grammar in use; clear descriptions of essential grammar structures using

the framework of functional grammar, cutting-edge research in applied linguistics, and corpus studies; vocabulary relevant to the grammar point is introduced—for example, common verbs in the passive voice, summary nouns used with this/these, and irregular plural nouns; authentic examples for every grammar point from corpora and published texts; exercises for every grammar point that help writers develop grammatical awareness and use, including completing sentences, writing, revising, paraphrasing, and editing; and a section inviting writers to investigate discipline-specific language use and apply it to an academic genre. Among the changes in the Second Edition are: new sections on parallel form (Unit 2) and possessives

(Unit 5) revised and expanded explanations, but particularly regarding verb complementation, complement noun clauses, passive voice, and stance/engagement a restructured Unit 2 and significantly revised/updated Unit 7 new Grammar Awareness tasks in Units 3, 5, and 6 new exercises plus revision/updating of many others self-editing checklists in the Grammar in Your Discipline sections at the end of each unit representation of additional academic disciplines (e.g., engineering, management) in example sentences and texts and in exercises.

A Discourse-Based Approach to English Grammar Routledge

The PhraseBook for Writing Papers and Research gives you a bank of over 5000 words and phrases to help you write,

present and publish in English. Phrases are divided into around 30 main sections, such as Introducing a Study, Arguing For and Against, Reviewing other Work, Summarizing and Conclusions. Writing Help sections give advice on university and research writing, helping you to avoid many common errors in English. Main chapters include Style, Spelling, Punctuation, Grammar, Vocabulary, Numbers and Time. The 4th edition also includes a University and Research Thesaurus to help you improve your academic vocabulary, as well as a Glossary of University and Research Terminology. The PhraseBook is used in more than 30 countries in subjects ranging from Medicine, Engineering, Science and Technology to Law, Business and

Economics, Geography, History, Sociology, Psychology, Language and Education. Over 5000 words and phrases to help you write, present and publish in English Written by PhD authors Specially designed for non-native speakers Suitable for university and research writing from student to researcher and faculty level Includes most frequent words in academic English Exercises for individual and classroom use British and American English "This material, prepared by experienced editors, is certainly very useful" Photosynthetic Example phrases Introducing your work The study will begin by outlining... This study addresses a number of issues... The following section sets out... ..to examine the research problem in detail ...to shed light on a number of problem

areas in current theory The paper presented here is based in part on an earlier study Arguing for and against This becomes clear when one examines... This lends weight to the argument that... Support for this interpretation comes from... While it may well be valid that..., this study argues the importance of... A serious drawback of this approach is... One of the prime failings of this theory or explanation is... Reviewing other work X takes little or no account of... There is little evidence to suggest that... The study offers only cursory examination of... X gives a detailed if not always tenable analysis of... The authors' claim that...is not well founded. X's explanation is not implausible, if not entirely satisfactory. Analysis and explanation If, for the sake

of argument, we assume... One of the most obvious consequences of...is... Although it may well be true that..., it is important not to overlook... It is important to distinguish carefully between... The extent to which this reflects...is unclear. A more plausible explanation for or of...would... The reason for...is unknown, but...has been suggested by X as a possible factor. Summary and conclusions Concluding this section, we can say that... Chapter X draws together the main findings of the paper. A number of key issues have been addressed in this study. This study has highlighted a number of problem areas in existing theory. While the initial findings are promising, further research is necessary. The results of this study suggest a number of new avenues for

research.

Oxford Guide to English Grammar
Pearson Education ESL

This book explores roles that L2 writing specialists, IEP directors and instructors, writing center administrators, and others within writing studies might play in potential cross-campus dialogues on graduate student writing support. It includes a diverse chorus of voices on graduate writing support--both seasoned, well-known researchers in second language writing and composition studies and fresh new voices and perspectives.

Changing Practices for the L2 Writing Classroom University of Michigan Press
ELT

The ability to understand and be understood when communicating with

professors and with native speakers is crucial to academic success. Academic Interactions focuses on actual academic speaking events, particularly classroom interactions and office hours, and gives students practice improving the ways that they communicate in a college/university setting. Academic Interactions addresses skills like using names and names of locations correctly on campus, giving directions, understanding instructors and their expectations, interacting during office hours, participating in class and in seminars, and delivering formal and informal presentations. In addition, advice is provided for communicating via email with professors and working in groups with native speakers (including negotiating tasks in groups). The text

uses transcripts from MICASE (the Michigan Corpus of Academic Spoken English) to ensure that students learn the vocabulary and communication strategies that will be most effective in their academic pursuits. Units also feature language use issues like ellipsis, hedging, and apologies. The book is packaged with a DVD that provides models for successful academic interactions.

Academic Interactions SAGE

The history of Guarani is a history of resilience. Paraguayan Guarani is a vibrant, modern language, mother tongue to millions of people in South America. It is the only indigenous language in the Americas spoken by a non-ethnically-indigenous majority, and since 1992, it is also an official language

of Paraguay alongside Spanish. This book provides the first comprehensive reference grammar of Modern Paraguayan Guaraní written for an English-language audience. It is an accessible yet thorough and carefully substantiated description of the language's phonology, morphosyntax, and semantics. It also includes information about its centuries of documented history and its current sociolinguistic situation.

Colour pictures: 16 full page colour pictures
On the CD-ROM: *
Sound: recordings in British and American English, plus practice tools to help improve pronunciation *
UNIQUE! Smart Thesaurus helps you choose the right word *
QUICKfind looks up words for you while you are working or reading on screen *
UNIQUE! SUPERwrite gives on screen help with grammar, spelling and collocation when you are writing *
Hundreds of interactive exercises

Supporting Graduate Student Writers

Cambridge University Press

“This very readable book is what every graduate student needs as they start their program. I wish my own MA and PhD students, during my 40 years of supervising, could have been demystified by having Casanave's 'textual mentor' as a companion.” -- Merrill Swain, Professor Emerita, OISE, University of Toronto “Before the Dissertation is an insightful, relevant, and accessible resource for doctoral students at any stage. Full of reflections and advice not found in other books, it serves as an indispensable guide for students and their supervisors. And the dispelling of myths is a superb idea!” -- Robert Kohls, PhD candidate, University of Toronto Unlike other books on

doctoral dissertation writing, Before the Dissertation is designed for students in the social sciences who are still in the early stages of doctoral study or for master's-level students considering entering doctoral programs. It addresses concerns pertinent to both first and second language users of English. It focuses on purposes for doctoral dissertation writing, topic choice and development, choosing and working with advisers, reading and informal writing, and quality-of-life issues. Faculty advisers who wish to reduce student attrition are also urged to read this book and to work with students at early stages of dissertation projects. Each of the nine chapters begins with a common myth about advanced academic work that is then dispelled. The chapters also

pose questions that connect issues directly with individual readers so as to help them make sensible decisions about their doctoral work. The book could be used in graduate classes on issues in doctoral study or dissertation planning, and it can be a companion (textual mentor) to individual students who wish to reflect on their decision to pursue doctoral study/doctoral project. This book may also help instructors and advisers understand the kinds of obstacles faced by students that tend to impede or halt progress.

PERSONAL COPY: Grammar Choices for Graduate and Professional Writers
Maven Publishing

rant (rant) n. 1. Violent or extravagant speech or writing. 2. A speech or piece of writing that incites anger or violence.

The American Heritage Dictionary of the English Language grammar rant (gramm?r rant) n. 1. A writer's or speaker's view that language is deteriorating, and with it, the world, the people in it, and their morals. Patricia A. Dunn and Ken Lindblom Is bad grammar not just wrong but morally wrong? Do comma splices and dangling participles signal a spiritual decline among our youth? Does a double negative signal the end of civilization as we know it? How outraged should we be at errors of punctuation, syntax, diction, and just plain clumsy phrasing? Patricia A. Dunn and Ken Lindblom take on the world of grammar ranters, showing you how to take your students on a backstage tour of the ranters' claims and denunciations, and their outraged complaints about

other people's language. Offering multiple examples and insights about a wide range of grammar rants, they focus on: grammar and morality grammar and intelligence spelling, texting, splices, fragments, and other "grammar traps." Each chapter includes actual rants along with extensive editorial commentary, instructional activities, and classroom lessons that will energize student discussion and educate students about language and correctness, about what it really means to be a good writer. Using Grammar Rants in writing classes will: teach students the conventions of different genres raise students' awareness of real world grammatical issues strengthen students' textual analysis and critical thinking skills break that link between error and evil.

Grammar Rants provides the background teachers need to speak with authority about punctuation, correctness, and other hot-button issues. Its practical activities, handouts, and lessons will promote savvy writing by empowering teachers and students to see for themselves how best to raise the quality of their written and spoken language without resorting to ranting.

Writing a Literature Review Walter de Gruyter GmbH & Co KG

Advanced Grammar is a new, advanced-level grammar course that prepares English language learners for academic work. Its unique approach helps students master written grammar with the use of authentic academic sources and prepares them to read extensive academic texts, write and present using

academic language, and process complex academic content. Advanced Grammar focuses on the academic forms and uses of grammatical structures without oversimplifying either the content or the grammar structures. This approach is made possible by the authentic textbook content upon which each chapter is based. Features In-depth exposure to authentic academic language via textbook excerpts. Students become accustomed to and use authentic academic language as it is spoken and written. Rigorous and authentic readings from a variety of academic disciplines. Students are exposed to rich content that illustrates examples of grammar in academic discourse. Contextualized grammar presented in authentic academic texts.

Students broaden their knowledge of grammar in real academic contexts from a variety of academic disciplines. Comprehensive range of advanced grammar structures presented in clear, accessible charts. Students are exposed to complex meanings and learn to use grammar in a manner more similar to that of native speakers. Varied range of inductive and deductive exercises. Students practice and understand the target grammar using authentic textbook content. Open-ended, productive tasks. Students produce higher-level spoken and written discourse, incorporating the grammar they have learned. Discipline-specific and universal academic vocabulary. Students learn meanings and develop knowledge of vocabulary inductively and

deductively.
