Applewood Books

An epic tale of horror and fantasy that illustrates the scope and wonder of humankind's ability to dream.

The Autobiography of Benjamin Franklin Voyageur Press (MN)

The Autobiography of Benjamin Franklin, which Franklin himself called his Memoirs, is the unfinished record of his life written between 1771 and 1790. It has become one of the most well-known and influential autobiographies in history, and has been praised both as a historical document and a piece of literature in its own right. William Dean Howells declared that "Franklin's is one of the greatest autobiographies in literature, and towers over other autobiographies as Franklin towered over other men."

The Autobiography of Benjamin Franklin

A Study Guide for The Autobiography of Benjamin Franklin Cosimo, Inc.

Franklin's Autobiography is one of the most famous works in American literature. He started it as a private collection of anecdotes for his son, but soon it was transformed into a work of history, both personal and national, revealing Franklin as the man who, as Herman Melville said, possessed "deep worldly wisdom and polished Italian tact, gleaming under an air of Arcadian unaffectedness.

The Autobiography of Benjamin Franklin was written by Benjamin

Franklin from 1771 to 1790; however, Franklin himself appears to have called the work his Memoirs. Although it had a torturous publication history after Franklin's death, this work has become one of the most famous and influential examples of autobiography ever written.

The First American Gale, Cengage Learning

Pulitzer Prize Finalist Benjamin Franklin, perhaps the pivotal figure in colonial and revolutionary America, comes vividly to life in this masterly biography. Wit, diplomat, scientist, philosopher, businessman, inventor, and bon vivant, Benjamin Franklin was in every respect America's first Renaissance man. From penniless runaway to highly successful printer, from ardently loyal subject of Britain to architect of an alliance with France that ensured America's independence, Franklin went from obscurity to become one of the world's most admired figures, whose circle included the likes of Voltaire, Hume, Burke, and Kant. Drawing on previously unpublished letters and a host of other sources, acclaimed historian H. W. Brands has written a thoroughly engaging biography of the eighteenth-century genius. A much needed reminder of Franklin's greatness and humanity, *The First American* is a work of meticulous scholarship that provides a magnificent tour of a legendary historical figure, a vital era in American life, and the countless arenas in which the protean Franklin left his legacy.

The Autobiography of Benjamin Franklin and Other Writings Xist Publishing

The third edition of *The Autobiography of Benjamin Franklin*, with Related Documents continues to encourage students to think about the work's lasting impact on American society and culture. Louis P. Masur's introduction is designed to make Franklin accessible and inviting to students. An expanded Related Documents section provides a sample of Franklin's voluminous writings. Two new documents reveal Franklin at his curious, inventive best, offering readers a glimpse of Franklin outside of the Autobiography. A new visual source pairing invites students to interpret Franklin's changing image over time, through the works of two different artists. A chronology, questions for consideration, a bibliographic essay, and an index enrich students' understanding of Franklin, eighteenth-century America, and the rags-to-riches ideal that has played, and continues to play, such a significant role in American history.

Benjamin Franklin's Autobiography Lulu Press, Inc

This Autobiography of Benjamin Franklin is an unfinished biographical record in his own words ranging from 1771 to year 1790. He was blessed with variety of talents and great stamina to achieve desired results Franklin was an author, scientist, printer, inventor and a superb statesman. He was part of creating document to achieve freedom. Franklin's account of his life is divided into four parts, reflecting the different periods at which he wrote them. There are actual breaks in the narrative between the first three parts, but Part Three's narrative continues into Part Four without an authorial break.

1757-1790 Createspace Independent Publishing Platform

In this new account of Franklin's early life, Pulitzer finalist Nick Bunker portrays him as a complex, driven young man who elbows his way to success. From his early career as a printer and journalist to his scientific work and his role as a founder of a new republic, Benjamin Franklin has always seemed the inevitable embodiment of American ingenuity. But in his youth he had to

make his way through a harsh colonial world, where he fought many battles with his rivals, but also with his wayward emotions. Taking Franklin to the age of forty-one, when he made his first electrical discoveries, Bunker goes behind the legend to reveal the sources of his passion for knowledge. Always trying to balance virtue against ambition, Franklin emerges as a brilliant but flawed human being, made from the conflicts of an age of slavery as well as reason. With archival material from both sides of the Atlantic, we see Franklin in Boston, London, and Philadelphia as he develops his formula for greatness. A tale of science, politics, war, and religion, this is also a story about Franklin's forebears: the talented family of English craftsmen who produced America's favorite genius.

The Autobiography and Other Writings Signet

Benjamin Franklin's writings represent a long career of literary, scientific and political efforts over a lifetime which extended nearly the entire eighteenth century. This volume includes Franklin's reflections on such diverse questions as philosophy and religion, social status, electricity, American national characteristics, war, and the status of women. Nearly sixty years separate the earliest writings from the latest, an interval during which Franklin was continually balancing between the puritan values of his upbringing and the modern American world to which his career served as prologue. This edition provides a new text of the Autobiography, established with close reference to Franklin's original manuscript. It also includes a new transcription of the 1726 journal and several pieces which have recently been identified as Franklin's own work. For more than seventy years,

Penguin has been the leading publisher of classic literature in the English-speaking world. With more than 1,700 titles, Penguin Classics represents a global bookshelf of the best works throughout history and across genres and disciplines. Readers trust the series to provide authoritative texts enhanced by introductions and notes by distinguished scholars and contemporary authors, as well as up-to-date translations by award-winning translators.

Founding Fathers Four Pack includes the American classic The Autobiography of Benjamin Franklin, the lesser-known, concise Autobiography of Thomas Jefferson, the biography Alexander Hamilton by Charles A. Conant and an insightful essay on John Jay by Elbert Hubbard.

Now First Printed in England from the Full and Authentic Text Vintage

From 1771 to his death in 1790, Benjamin Franklin was in the process of writing what he referred to as his Memoirs. Portions of the unfinished work were published posthumously as Memoirs of the Private Life of Benjamin Franklin, first in French in 1791, and then in English in 1793. Today the complete unfinished manuscript is known as The Autobiography of Benjamin Franklin, and is considered one of the most famous and influential examples of autobiography ever written. In the heart of the work, Franklin wrote of his "bold and arduous Project of arriving at Perfection" when he was a young man. He prepared a list of thirteen virtues he wished to perfect in himself, and created a chart in which to keep track of his shortcomings. Among Franklin's list of virtues were personal traits (frugality, moderation, tranquility) and social traits (sincerity, justice, humility). Franklin strayed from the virtuous path on many occasions, and discovered perfection was an impossible thing to achieve, but felt a better man for the effort. Applewood Books now offers Benjamin Franklin's Book of Virtues as Franklin intended it - a beautiful little hardcover, complete with the list of thirteen virtues and a chart to monitor one's own progress.
